Fix the typo Phillips Screwdriver								

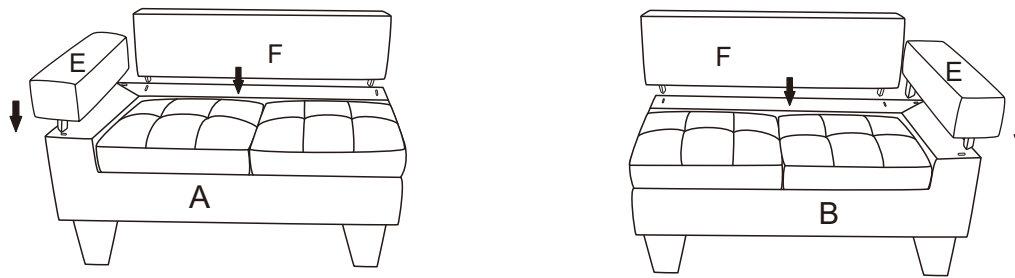

Step1: Find out the parts from the inside of seats("A" and "B") and ottoman("C").

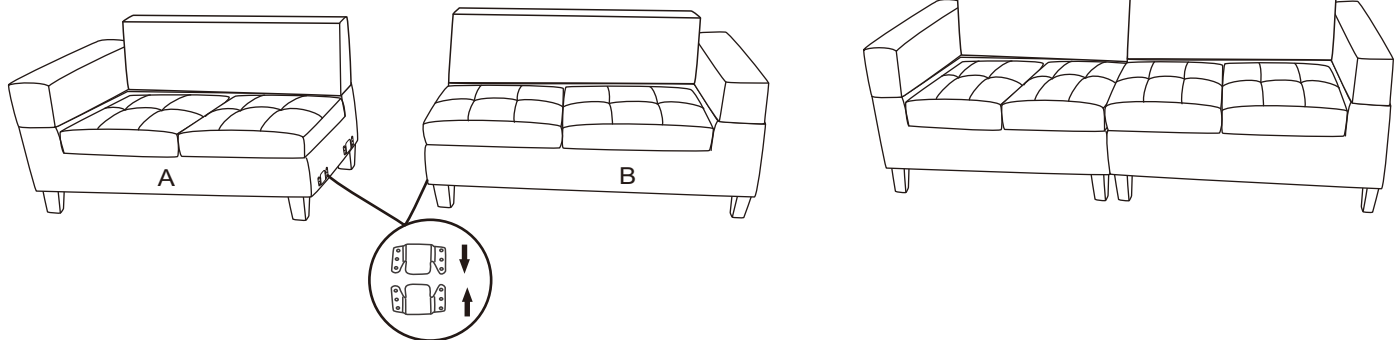

Step2: Install all the feet.

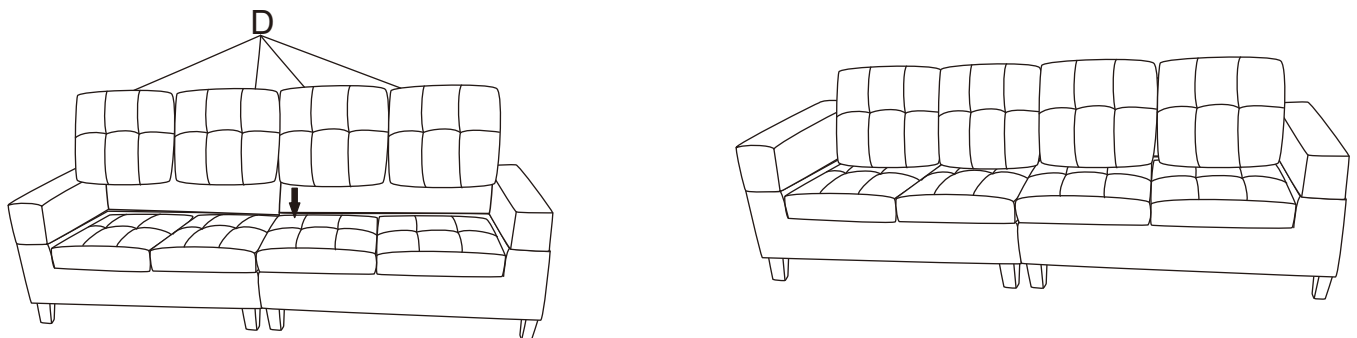

Step3: Setup the backrests and the armrests.

Step4: Connect the seats together.

Step5: Put on all the back cushions.

Step5: If you want to connect the ottoman and the seat to be a chaise.

Setup the ottoman connector onto the bottom of a seat and the ottoman.

※ ※ **Tips: 1) If you want a independent ottoman, please ignore step5.**

2) The connector install position is different of left and right chaise. Please pay attention, you can determine the position according to the guide label at the bottom of the ottoman.
