Assembly Instruction – Please keep properly for future reference.

If you find any missing boxes, damaged parts, or accessory shortages, please contact the customer service team of your purchasing channel immediately. We will resolve the issue as quickly as possible.

THE FOLLOWING INFORMATION:

- Order number
 - Purchase platform
 - Purchase date
 - Detailed description of the issue along with photos (if applicable)
-

EN

Important – Please read these instructions carefully before starting the installation.

Before Assembly

Thank you for choosing our product!

To ensure a smooth installation process, please read this guide carefully to familiarize yourself with the required tools, materials, and installation steps.

Follow the relevant sections to avoid any damage caused by improper installation, and make sure to review all operation and safety guidelines for correct installation procedures.

Packaging Notice:

1. Multi-Box Shipping Notice

This product is packaged in 3 separate boxes for shipping and may arrive in batches at different times. To ensure a smooth assembly process, please make sure all boxes are received before unpacking and starting the installation.

2. Box and Packaging Verification

Each box is labeled with a corresponding number. Please refer to the packing list on the next page of this manual to verify that all boxes have been received.

If you find any missing boxes, damaged parts, or accessory shortages, please contact the customer service team of your purchasing channel immediately. We will resolve the issue as quickly as possible.

Installation Information

- All information in this guide is based on the product's condition at the time of printing. We reserve the right to modify product features, packaging, or availability without prior notice.
- Before installing the furniture, ensure that all necessary electrical or environmental preparations are completed.
- This manual contains important instructions on installation, cleaning, and maintenance. Please read it thoroughly and keep it for future reference.

Pre-Installation Checklist

1. Carefully inspect the new product for any damage or defects.
2. Ensure installation is carried out on a clean, flat surface to maintain balance and stability.

3. Avoid prolonged exposure of the product to damp environments or direct sunlight.
4. Handle with care during installation. Use protective materials (e.g., soft pads) to prevent scratches.
5. For any questions or technical support, refer to the customer service guide and contact the seller's customer service.

Usage and Maintenance Recommendations

1. Clean furniture regularly to maintain hygiene and prevent bacteria growth. Use a damp cloth that has been wrung out to avoid scratching the finish.
2. Avoid contact with acidic or alkaline corrosive liquids.
3. Do not use unauthorized replacement parts. For replacement parts, contact the manufacturer or distributor.
4. Do not machine wash or rinse any part of this product with water.

Safety Warnings

1. Warning Labels:

Do not remove warning labels on the product or packaging, and always follow the related instructions.

2. Regular Inspections:

Regularly check all parts of the product to ensure they are correctly installed, undamaged, and all connectors are securely tightened.

3. Safe Use:

Do not play on or under the sofa, and strictly avoid jumping or any actions that may harm the sofa or users.

4. Rope Hazard:

Do not attach ropes, hooks, straps, or other unintended items to any part of the product.

5. Guide Preservation:

Retain this manual for future reference.

6. Supervisory Responsibility:

Safety is a shared responsibility between the manufacturer and the user. Always adhere to safety guidelines when using the product.

Disclaimer

We are committed to providing safe and reliable products. If you have any questions about this product or require additional support, please contact our customer service team. We are here to assist you.

Customer Service Guide

Thank you for choosing our product! We are committed to providing you with excellent service. If you find any missing parts, damaged packaging, or product damage after receiving all packages, please follow the steps below to quickly contact our customer service team. We will do our best to resolve your issue.

1. Missing Parts

Verify Parts:

1. Refer to the "Parts List" in the manual to verify the name, specifications, and quantity of the missing parts.
2. Take a clear photo of the parts list and mark the missing parts with detailed information, e.g., "Missing 5 pieces of M6×30mm screws."

Contact Us:

By Email:

Send an email with the subject line "Missing Parts Issue." Include the following in the email:

- A description of the missing parts and a photo of the parts list.
- Order details (order number, purchase platform, purchase date).

2. Product or Packaging Damage

If it affects normal use:

Steps:

1. Take clear photos or videos showing the damaged parts and the extent of the damage (multi-angle shots are recommended).

2. Email the photos/videos along with the order details, with the subject line "Product Damage Issue."

Resolution:

After verification, we will arrange for a replacement part, product exchange, or refund as quickly as possible.

If it does not affect normal use:**Steps:**

1. Contact our customer service team.
2. Provide a description of the damage and include relevant photos or videos.

Resolution:

We will provide repair guidance or an appropriate compensation plan based on the specific situation.

Helpful Tips**To process your issue efficiently, please prepare the following information:**

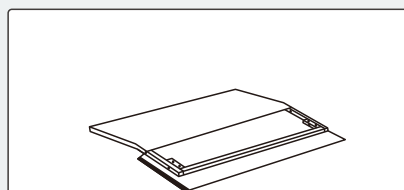

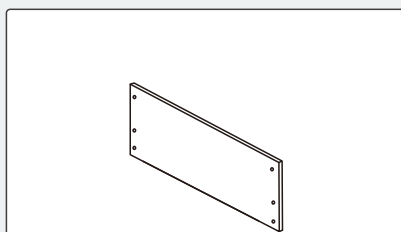

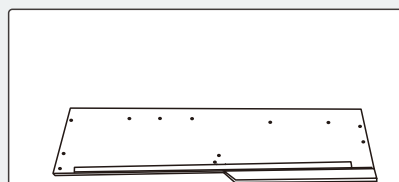

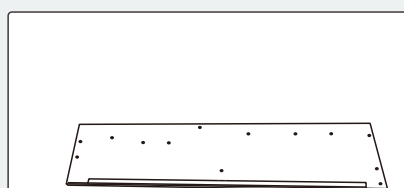

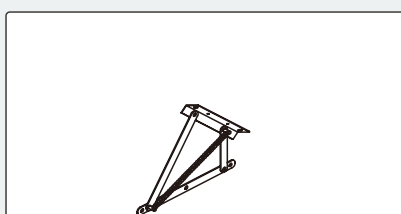

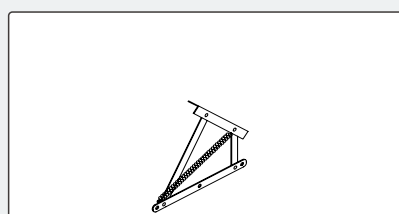

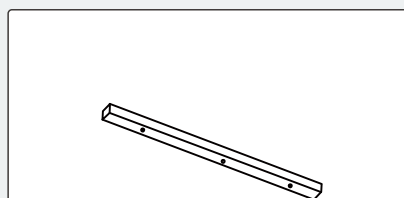

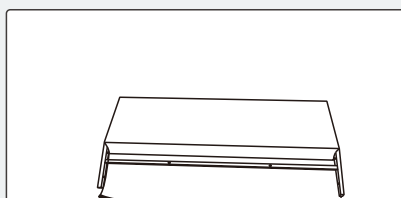

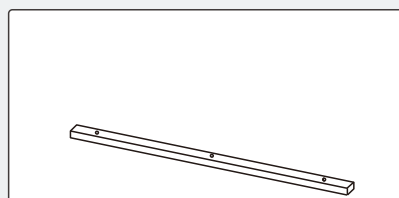

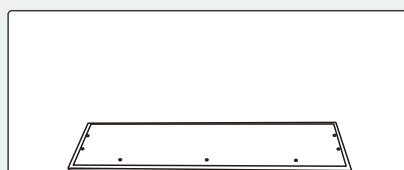

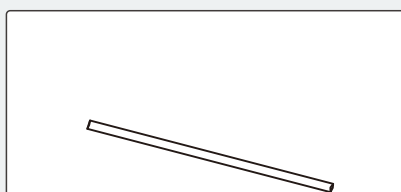

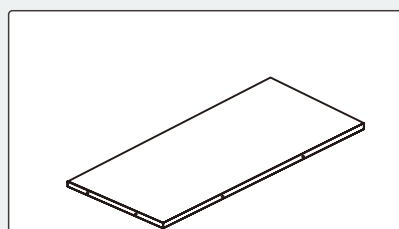

- Order details (order number, purchase platform, purchase date).
- Clear photos or videos.
- We are committed to providing quick and professional solutions, no matter the size of the issue, to ensure your satisfaction.

Thank you for your trust and support!
We hope you enjoy using our product!

Assembly Instructions

EN

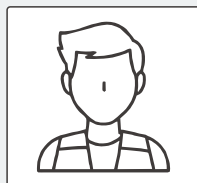

Important : Please read these instructions fully before starting a sembly.

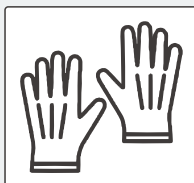

Note :

Delivered with THREE PACKAGES with THREE TRACKINGS, may NOT be delivered at the same time.

Before starting assembly, determine where the sofa will be placed and the orientation you want it to be.

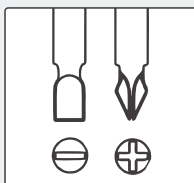

2 people needed

Work gloves

Tape measure

Other Tools Required
Phillips Screwdriver
(Not Included)

Simple Assembly Steps

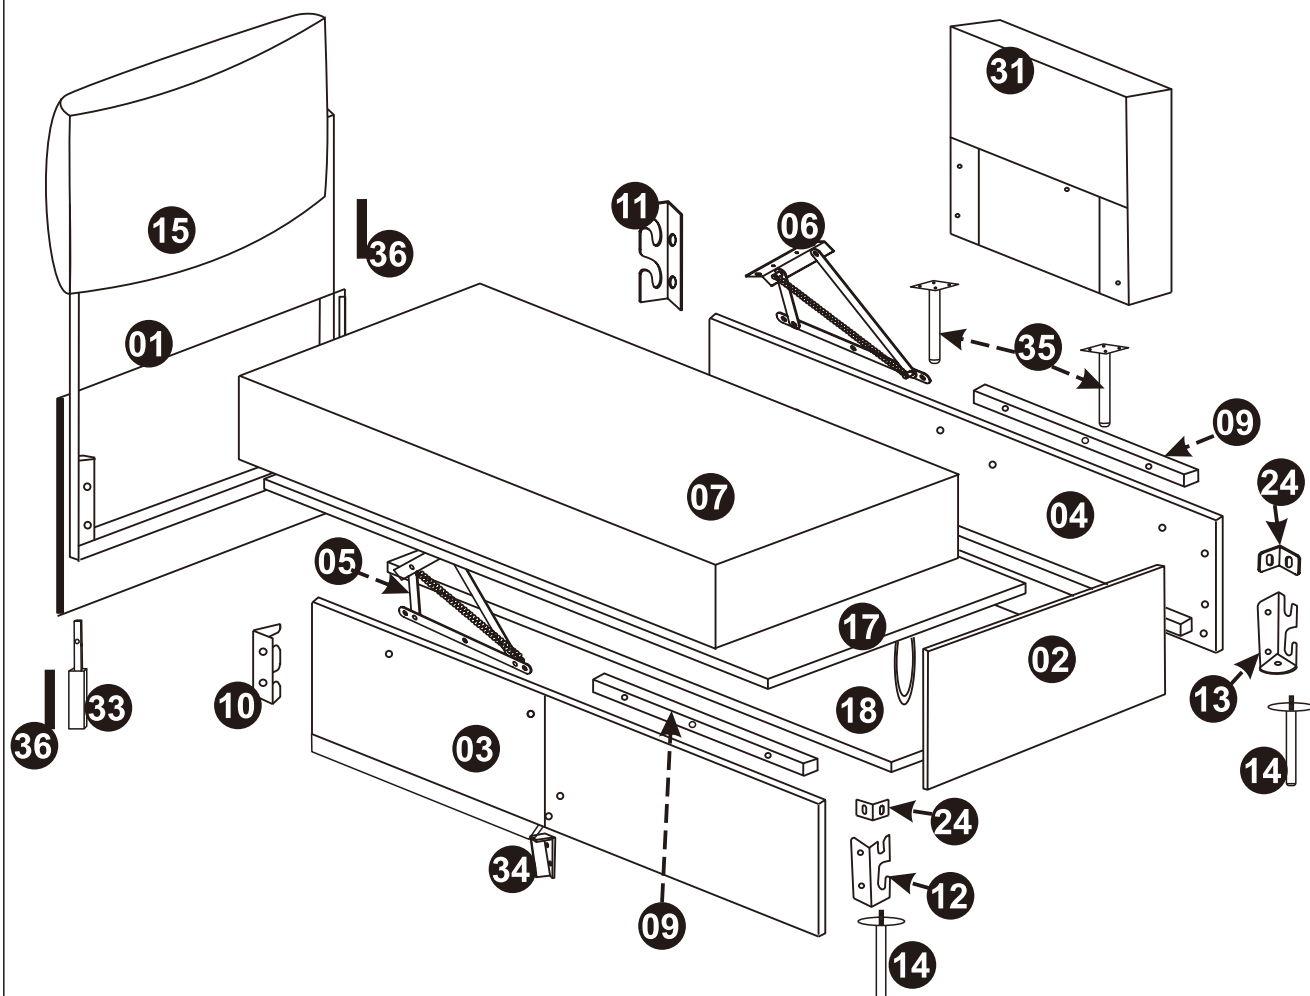

1. Read the manual carefully.
2. Check all parts and hardware.
3. Prepare necessary tools.
4. Have at least two adults for assembly.

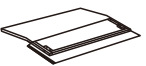

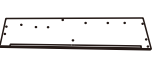

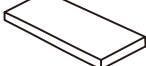

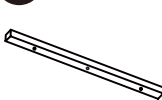

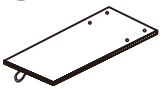

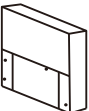

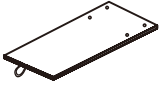

Please follow the instructions and use a sanitary napkin to protect the product during your assembly process.

Note:

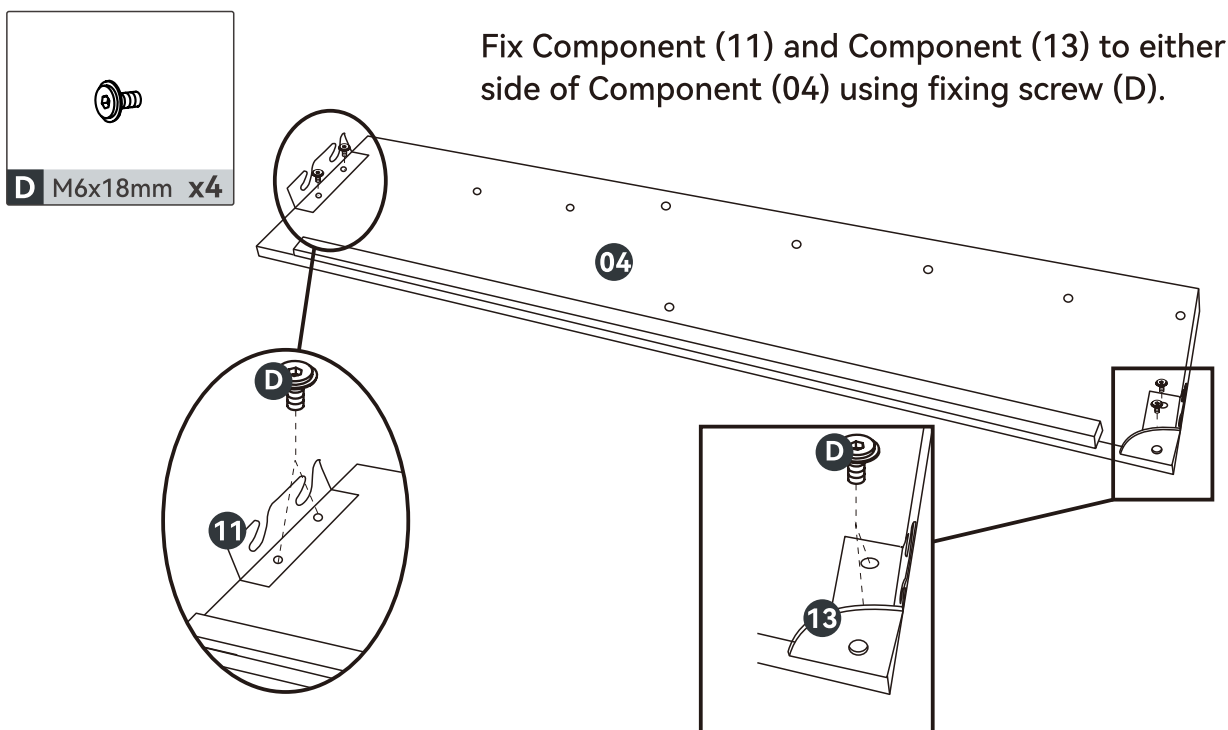

1. The assembly should be done on a flat surface to maintain balance.
 2. Do not tighten the screws before the assembly is complete.
- To make the assembly process easier and better, two or more adults are needed.

Chaise - Exploded View

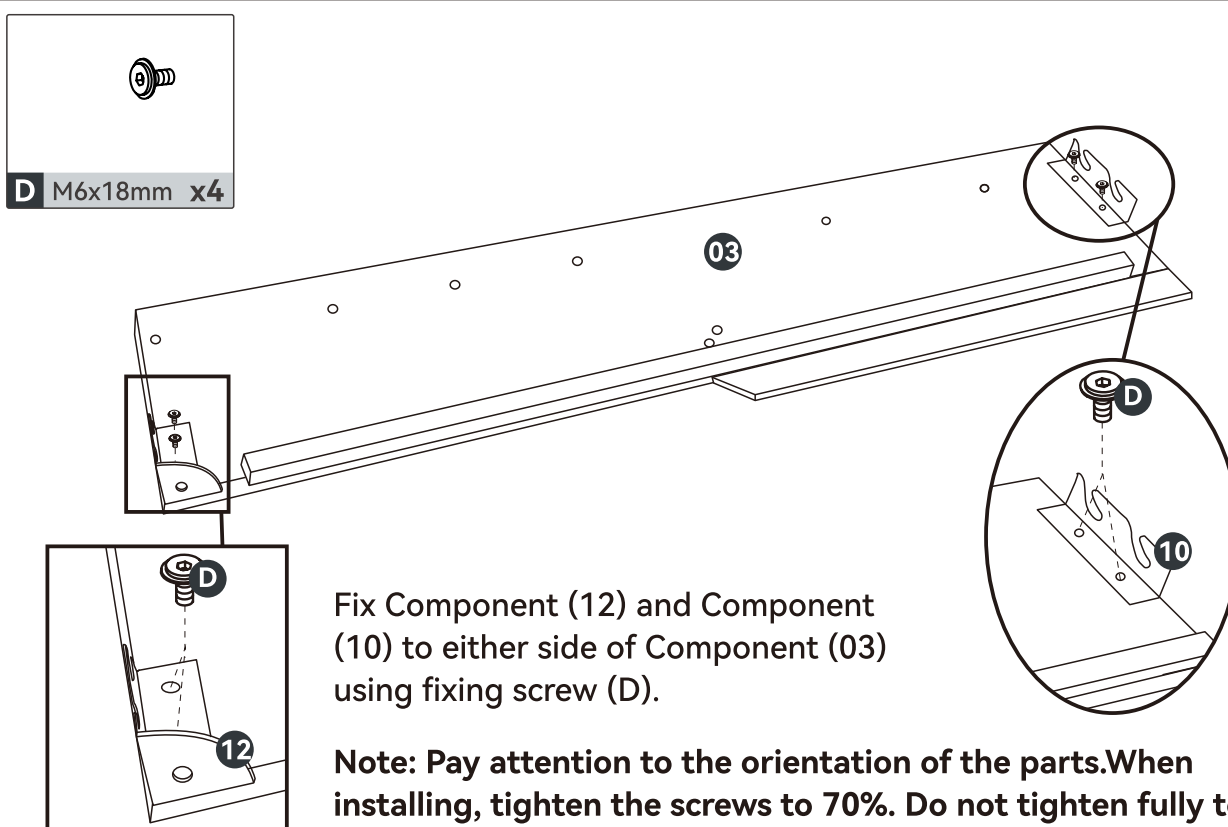

01  x1	02  x1	03  x1	04  x1	05  x1	06  x1	07  x1
09  x2	10  x1	11  x1	12  x1	13  x1	14  x2	15  x1
17  x1	18  x1	24  x2	31  x1	34  x1	33  x1	35  x2
36  x2	Note: To simplify the installation process, steps 19 and 20 of this recliner assembly have been postponed to the installation sequence of the double seat. Please carefully and strictly follow the order provided in the instruction manual.					

Step 1

Note: Pay attention to the orientation of the parts. When installing, tighten the screws to 70%. Do not tighten fully to facilitate subsequent installation.

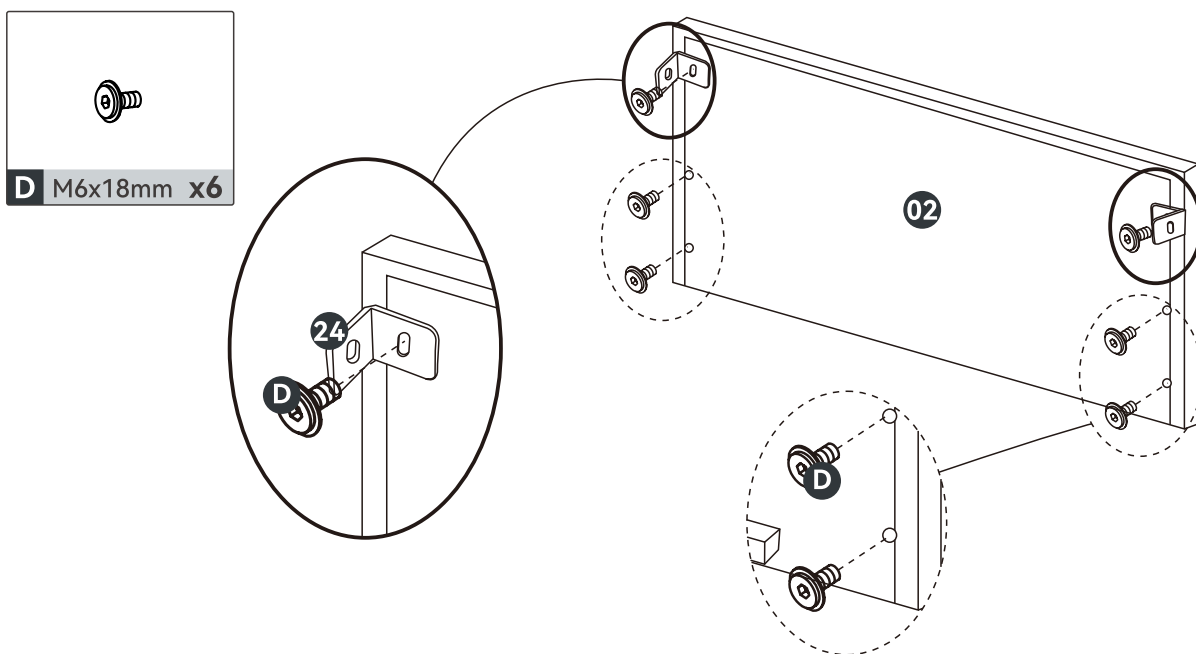

Step 2

Fix Component (12) and Component (10) to either side of Component (03) using fixing screw (D).

Note: Pay attention to the orientation of the parts. When installing, tighten the screws to 70%. Do not tighten fully to facilitate subsequent installation.

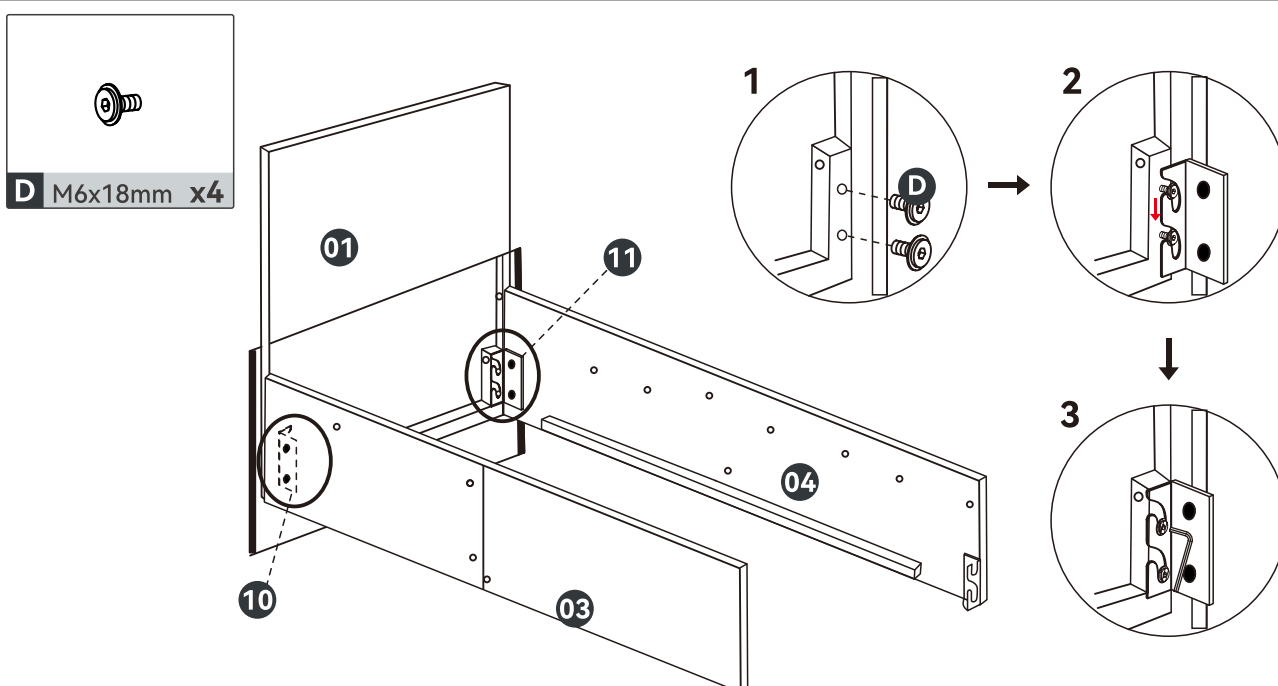

Step 3

1. Fix Component (24) to Component (02) using fixing screw (D).
2. Pre-assemble fixing screw (D) onto Component (02). Do not tighten the screw.

Note: Pay attention to the orientation of the parts. When installing, pre-assembled screws should be tightened to 70%. Do not tighten fully to facilitate subsequent installation.

Step 4

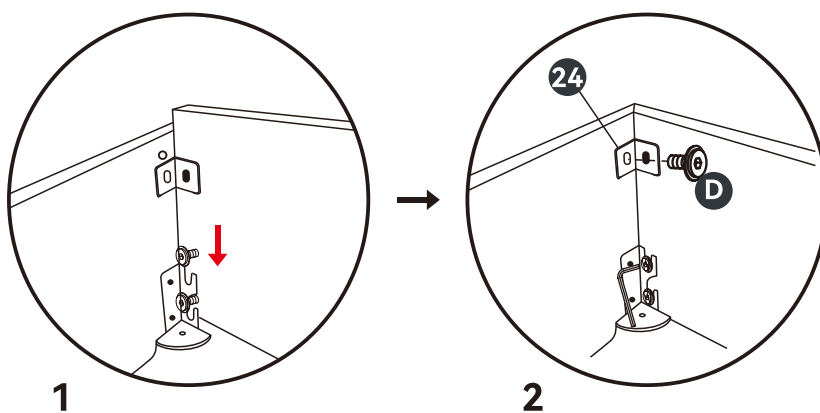

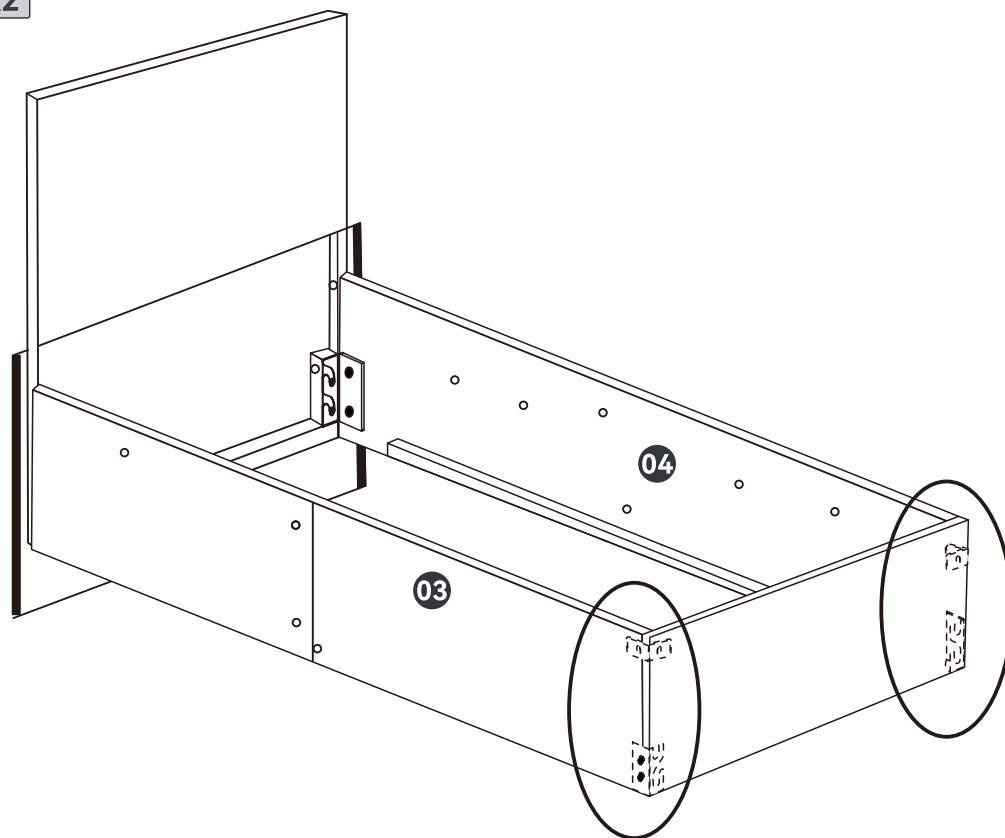

- Connect Component (01) to one end of Component (03) and (04) using fixing screw (D).
1. First, pre-assemble fixing screw (D) onto Component (01). Do not tighten.
 2. Hang Component (01) onto the mounting plates of Component (03) and (04).
 3. Tighten all screws.

Step 5

EN

D M6x18mm x2

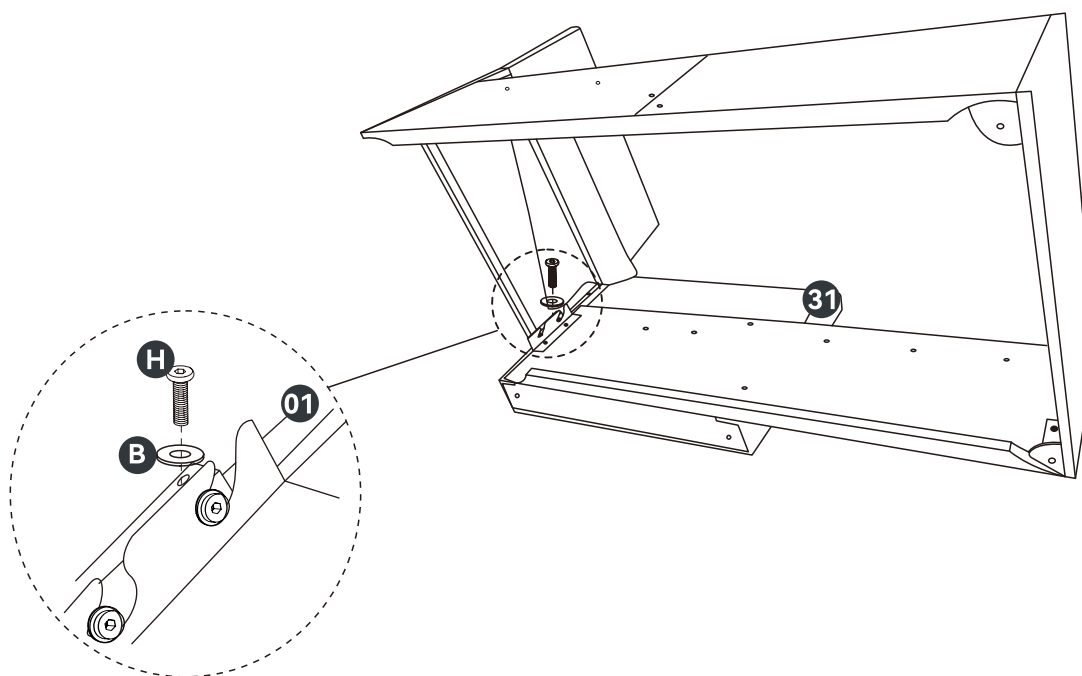

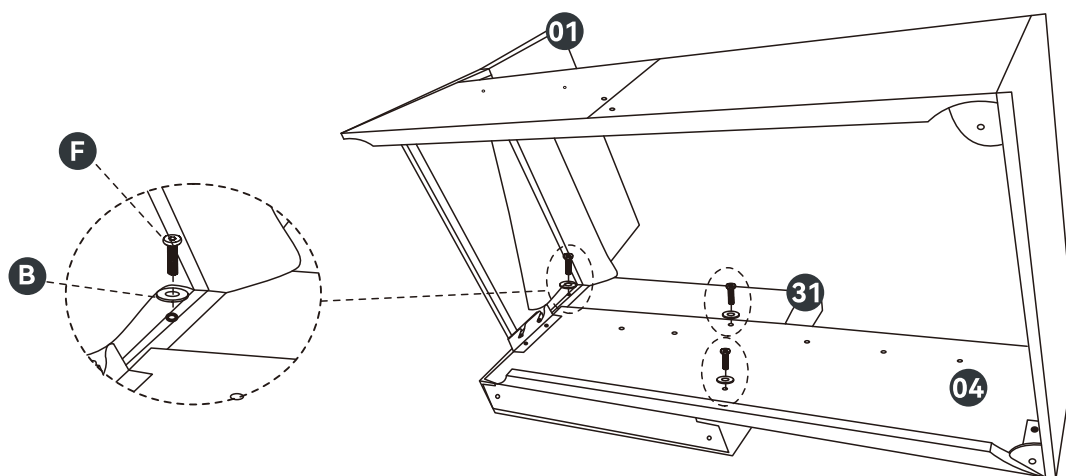

Connect Component (02) to the other end of Component (03) and (04).

1. First, hang Component (02) onto the mounting plates of Component (03) and (04).
2. Use fixing screw (D) to fix Component (24) o Component (03) and (04).
3. Tighten all screws.

Step 6

		
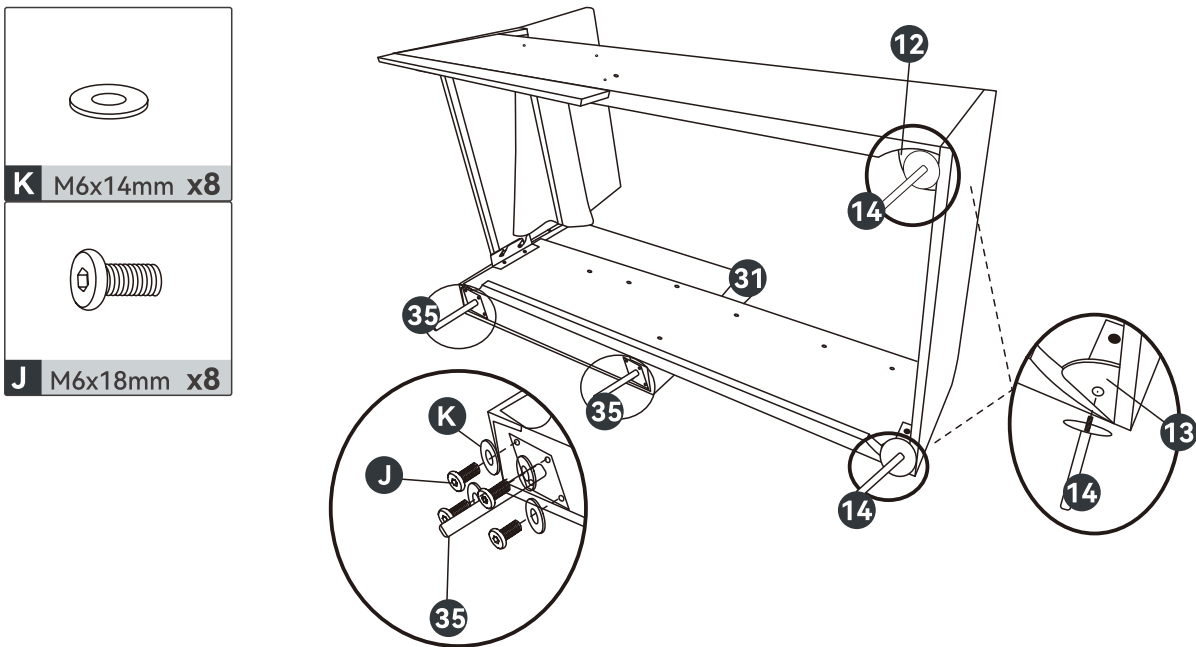

B M6x18mm x4	F M6x40mm x3	H M6x80mm x1

1. Connect Component (31) to Component (04). Fix using screw (F) and screw (H) with washer (B).
2. Screw (H) and washer (B) are installed at the separate position shown in the diagram.

Note: When installing, first fit all screws and tighten to 70%, then tighten them all fully.

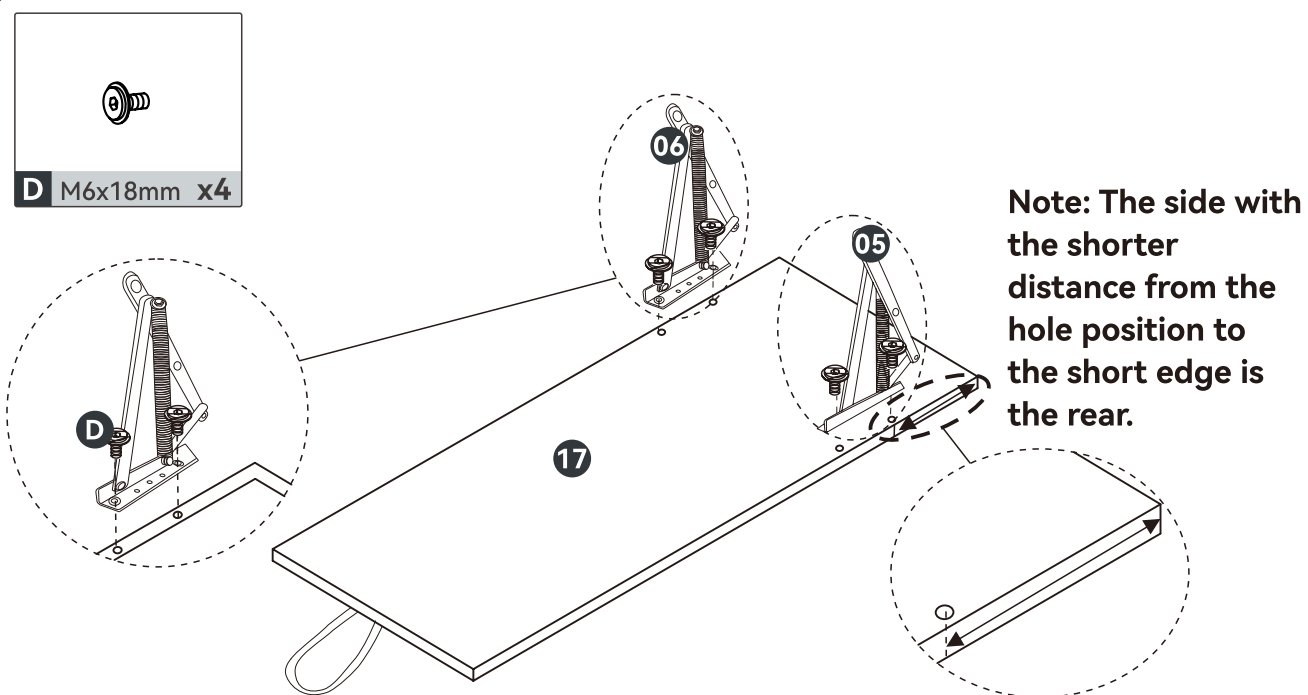

Step 7

1. Install Component (35) onto the bottom of Component (31). Fix using screw (J) and washer (K).
2. Install Component (14) onto the bottom of Component (12) and (13). Tighten.

Note: When installing, first fit all screws, then tighten them all fully.

Step 8

Fix Component (05) and Component (06) to Component (17) using fixing screw (D).

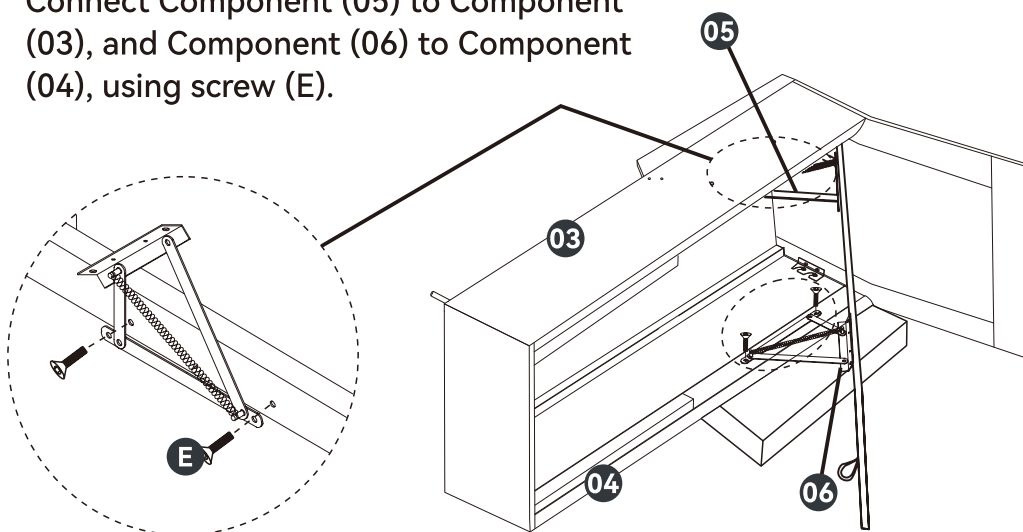

Note: Pay attention to the left/right orientation of Component (05) and (06); do not fit them incorrectly.

Step 9

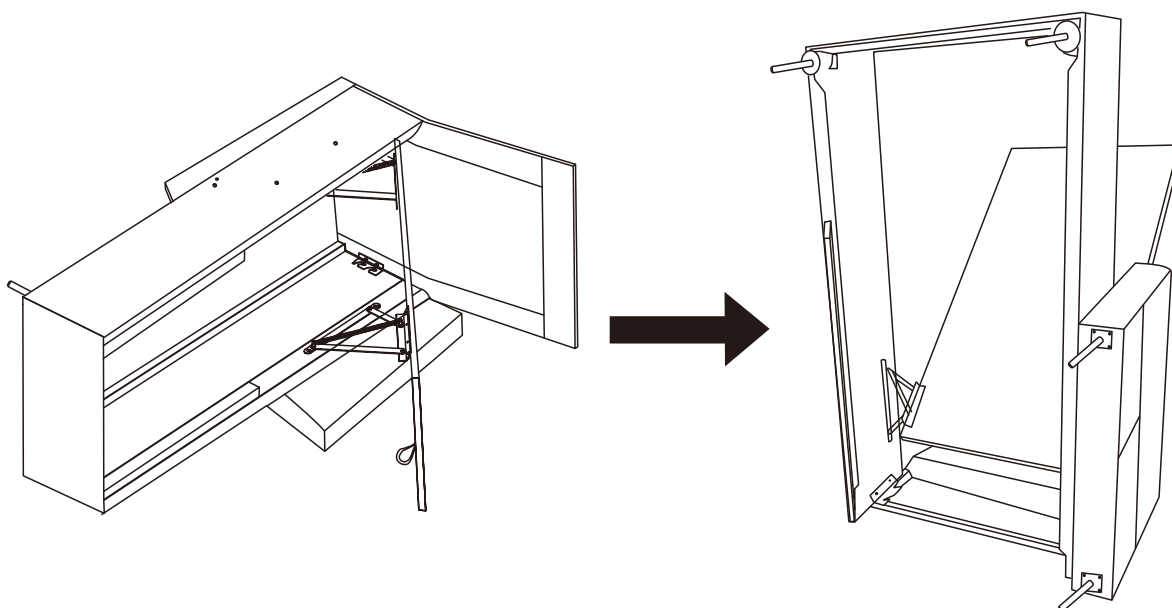

E M6x25mm x4

Connect Component (05) to Component (03), and Component (06) to Component (04), using screw (E).

Note: Screw (E) is a flat-head screw and is different from the others; do not use the wrong type. When installing, first tighten to 70%, then tighten all fully. The tightened screws must be flush to avoid friction when the seat frame is raised or lowered.

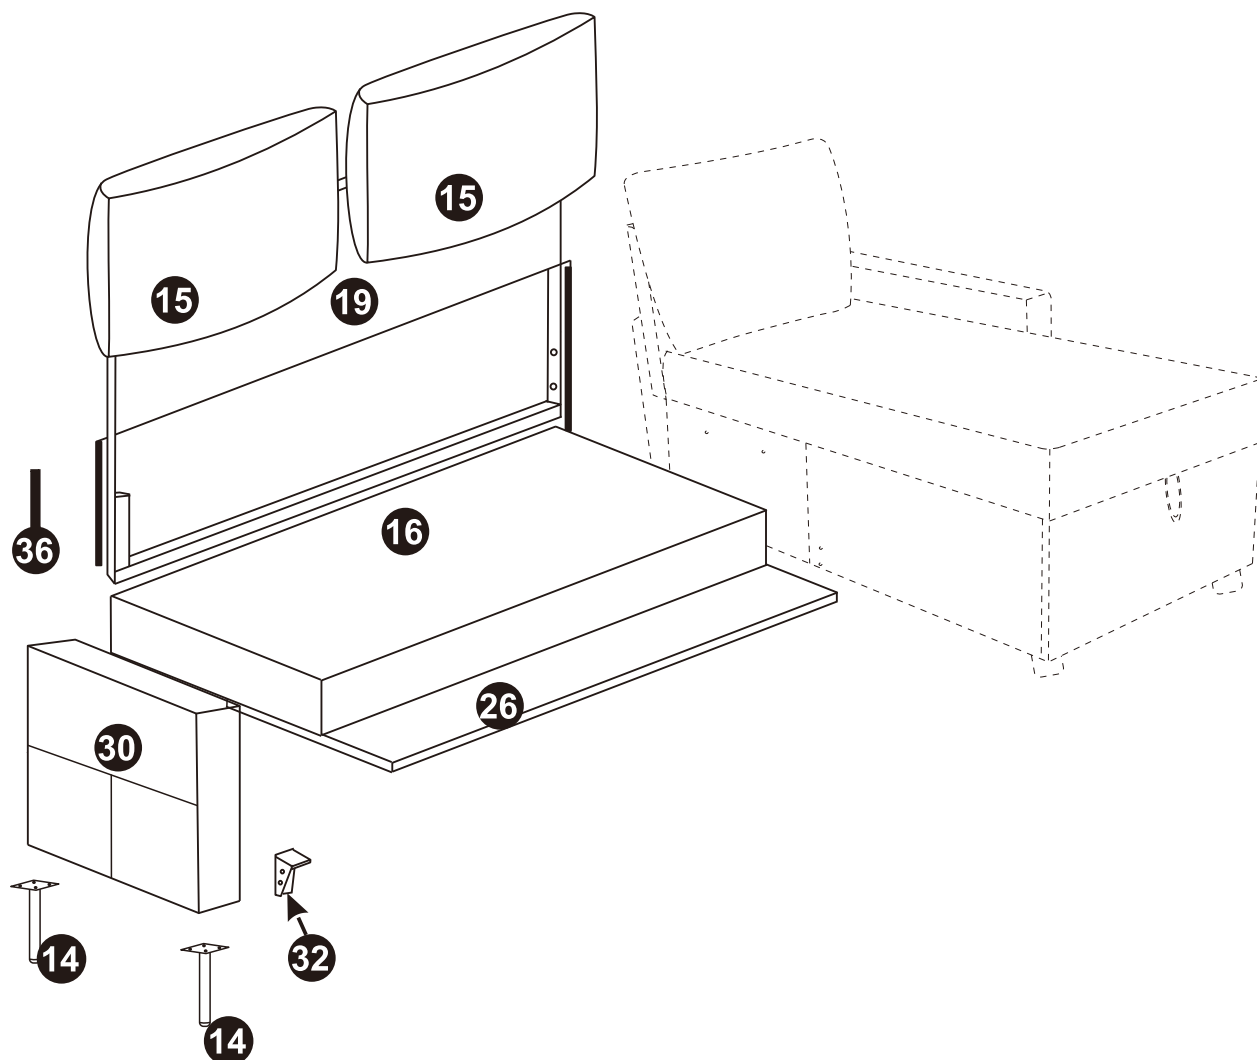

Step 10

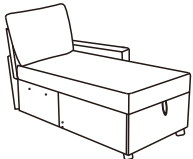

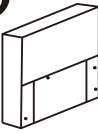

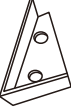

This is the current assembly effect. Positioning it as shown in the diagram to the optimal posture can make subsequent steps more convenient. Next, begin installing the 2-seater section.

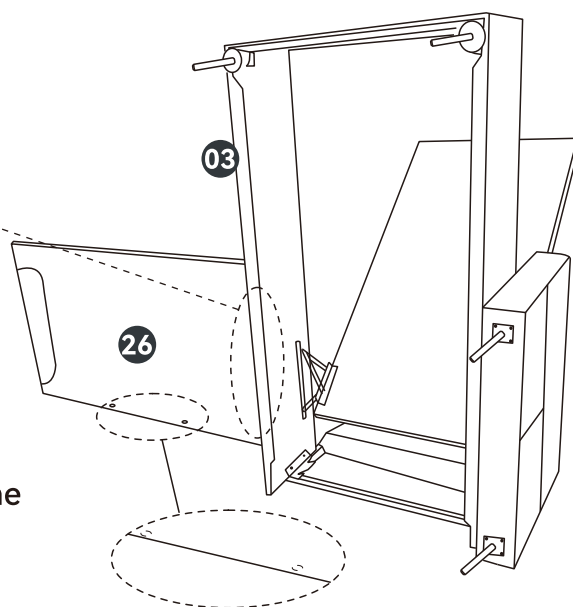

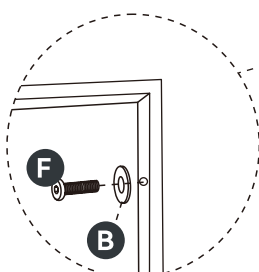

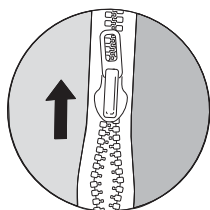

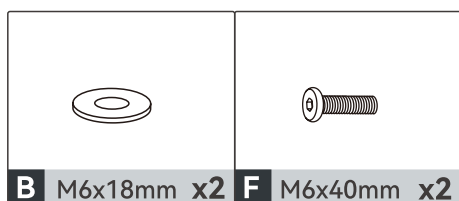

2 - Seater - Exploded View

EN

	15  x2	16  x1	19  x1	26  x1	30  x1
32  x1	35  x2				

Step 11

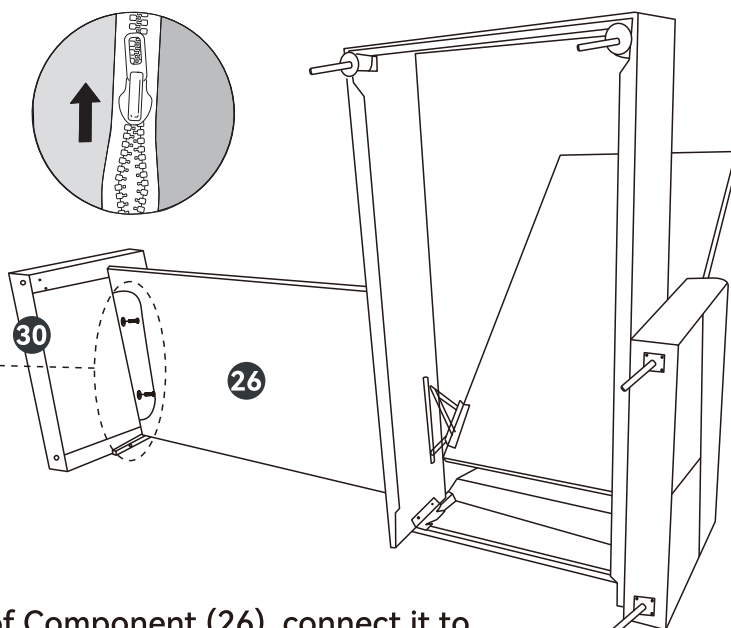

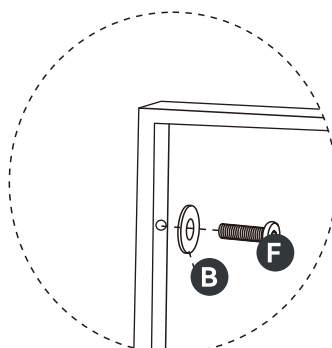

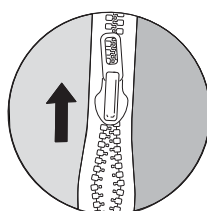

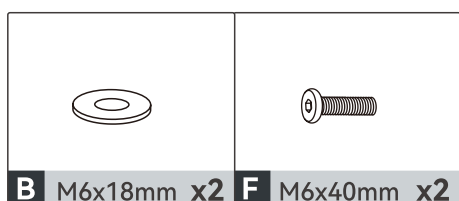

After unzipping the right-side zip of Component (26), connect it to Component (03). Fix using screw (F) and washer (B).

Note:

1. When installing, tighten screw (F) to 70%. Do not tighten fully to facilitate subsequent installation.
2. When installing Component (26), note that the position of the holes on the rear crossbar of the seat frame is at the back.

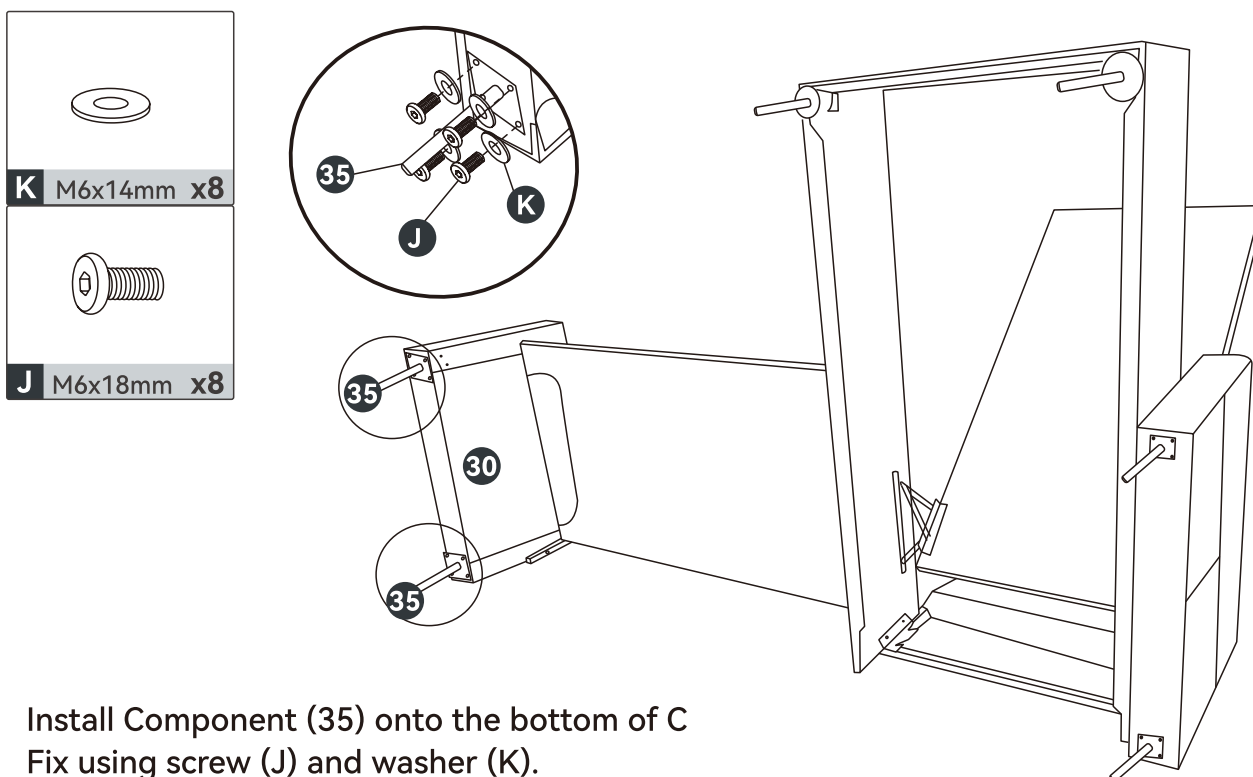

Step 12

After unzipping the left-side zip of Component (26), connect it to Component (30). Fix using screw (F) and washer (B).

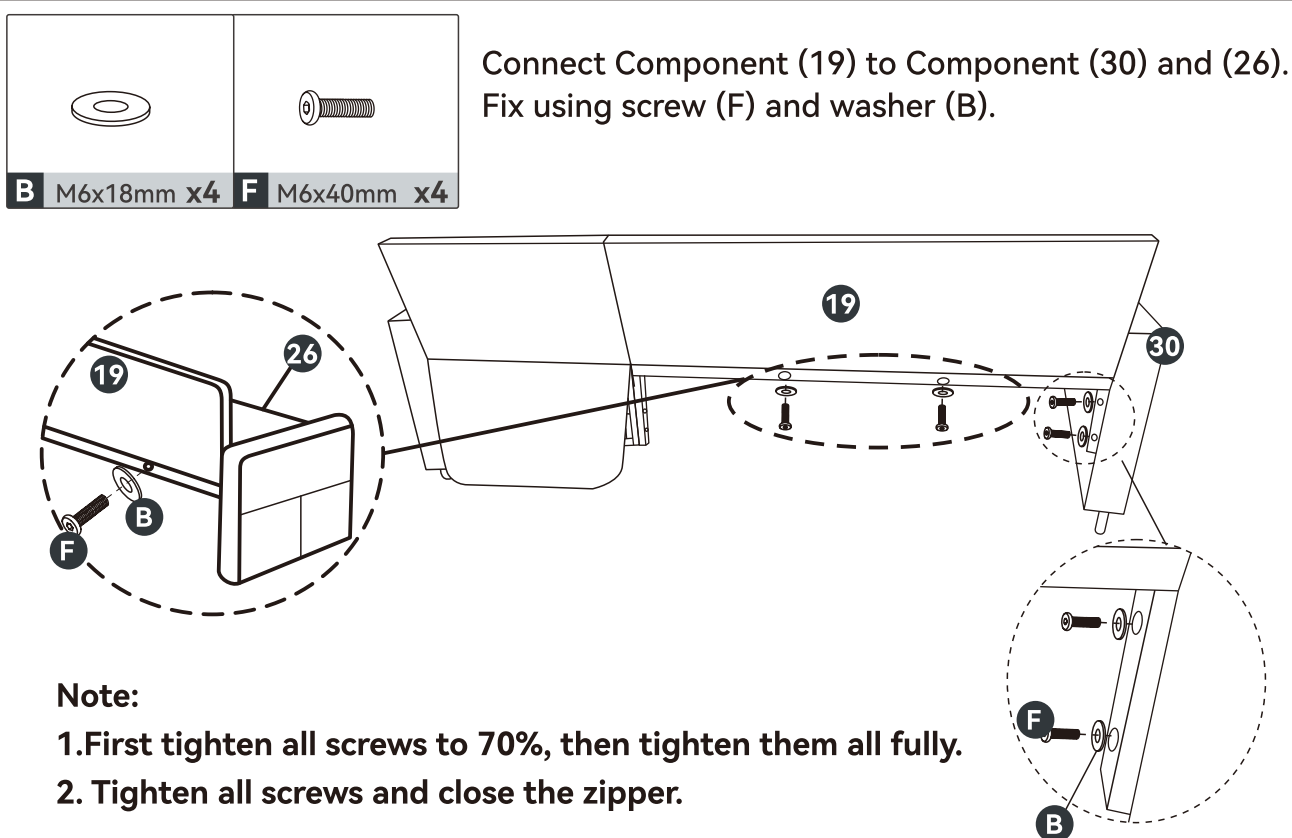

Note: When installing, tighten screw (F) to 70%. Do not tighten fully to facilitate subsequent installation.

Step 13

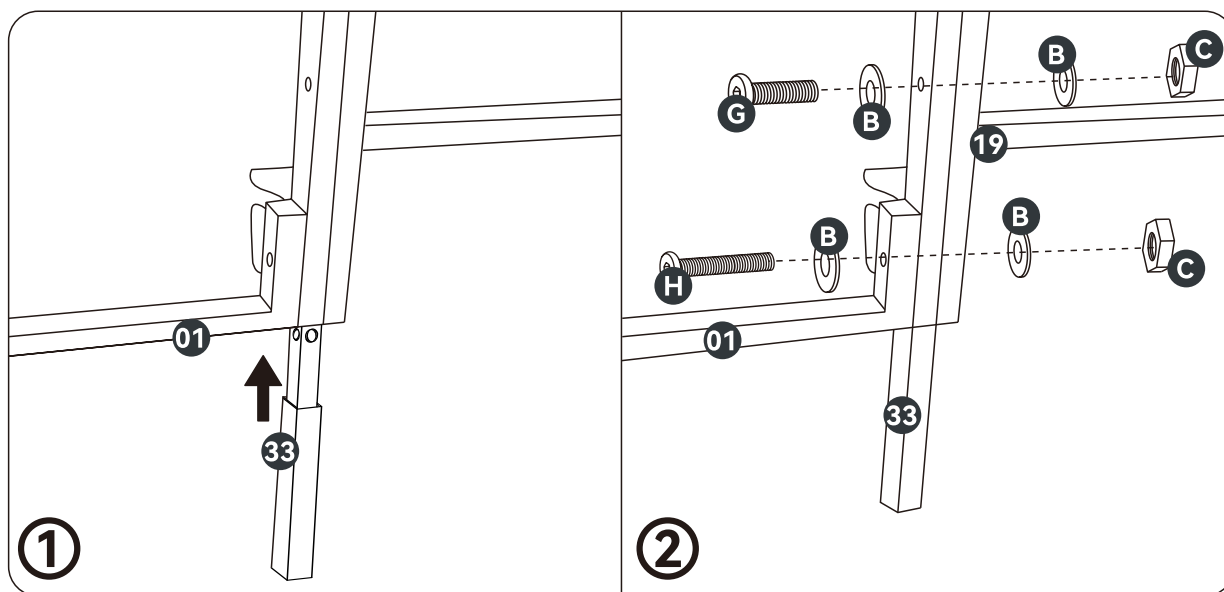

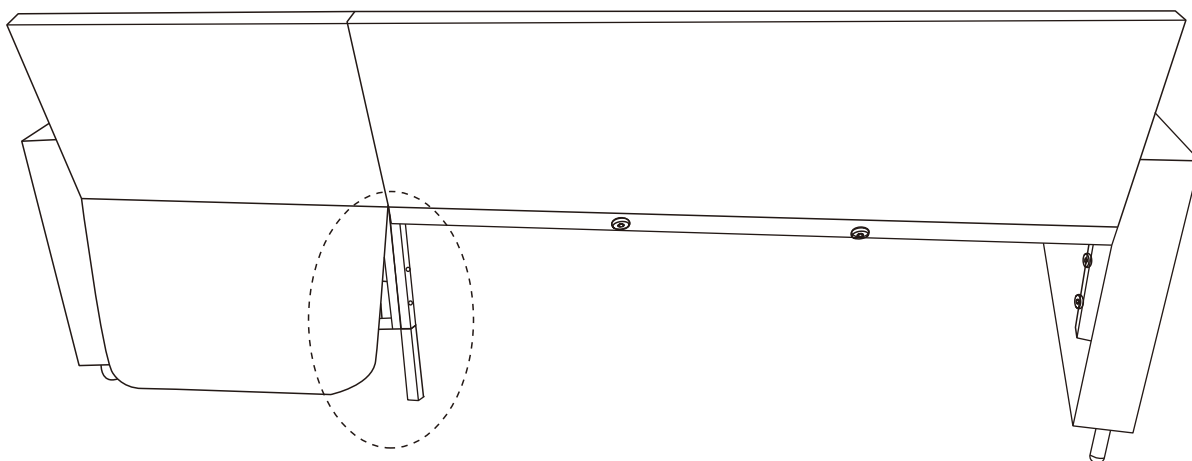

Note: First fit all screws, then tighten them all fully.

Step 14

Step 15

			
B M6x18mm x4	C M6 x2	G M6x60mm x1	H M6x80mm x1

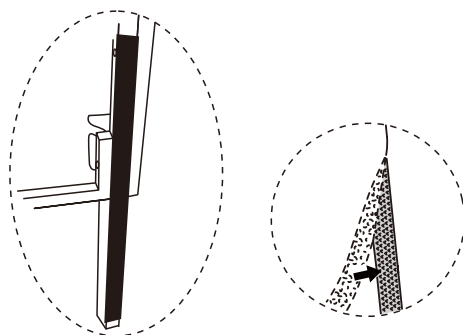

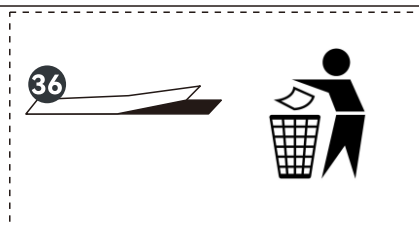

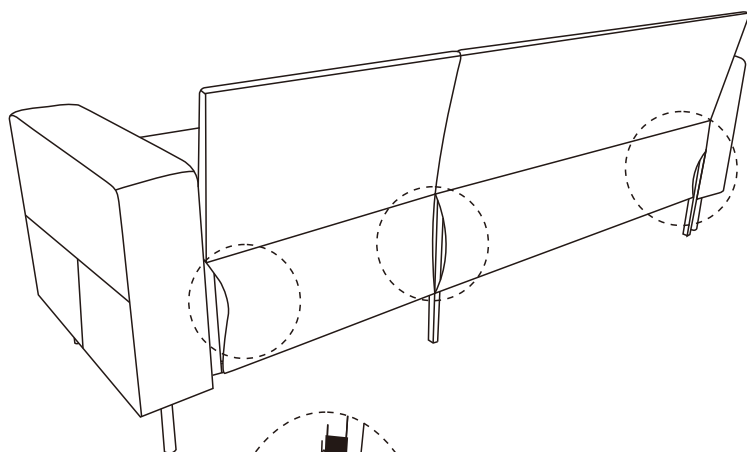

1. Insert Component (33) into the metal tube of Component (01).
2. Fix the assembly of Component (01), (19), and (33) together. Use screw (G) + washer (B) and nut (C) + washer (B) for the top; use screw (H) + washer (B) and nut (C) + washer (B) for the bottom.

Note:

1. There are two screw lengths and specific washer (B) positions; do not use the wrong parts. First tighten all screws to 70%, then tighten them all fully.

Step 16

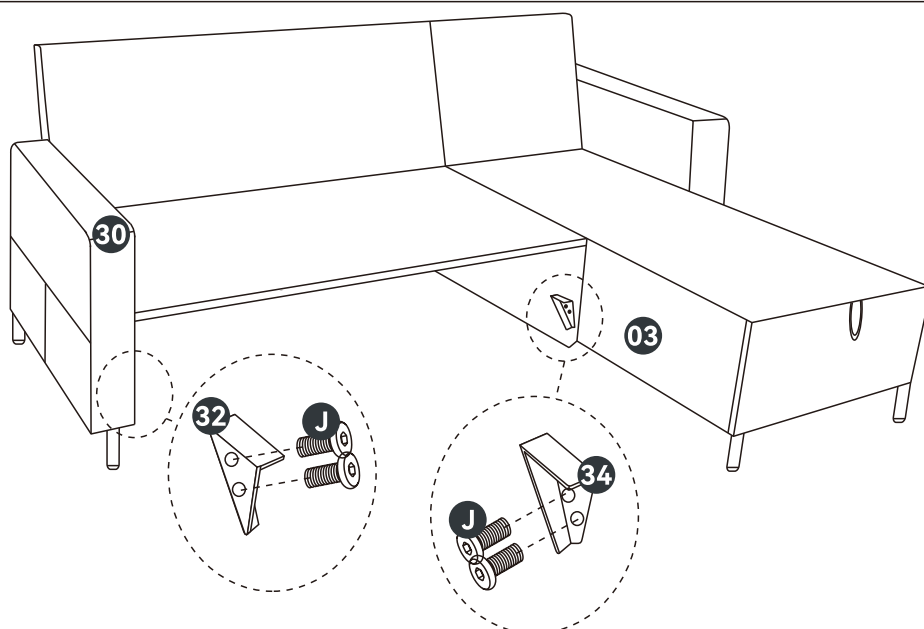

Attach Component (36) to the metal frame as shown in the diagram. Ensure it is attached smoothly and evenly. Attach the magic tape on the rear cover fabric smoothly and securely.

Step 17

J M6x18mm x4

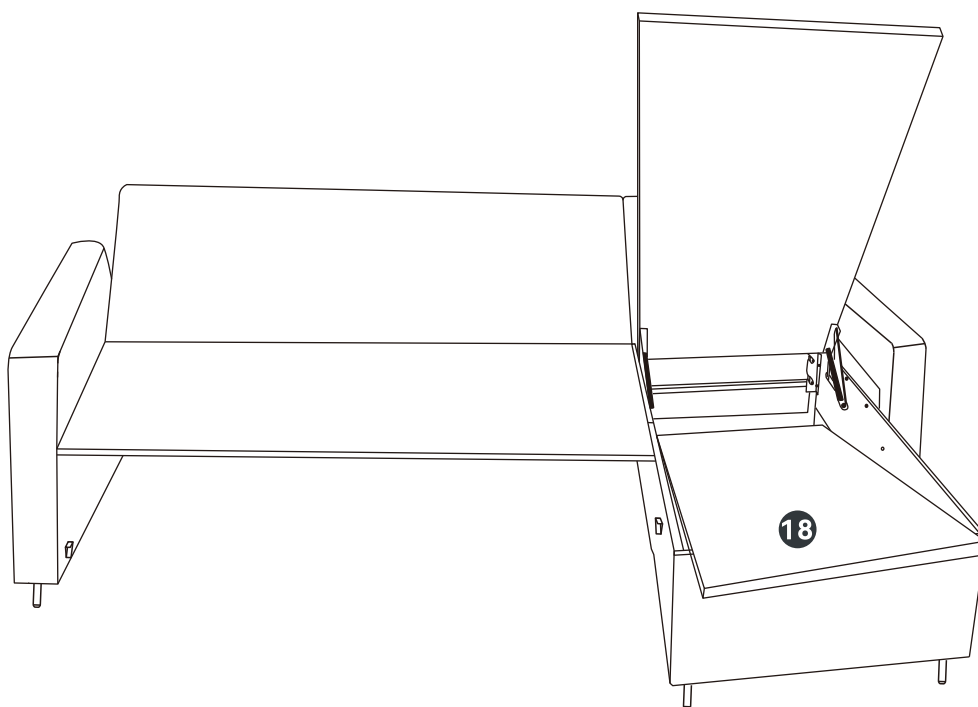

Install Component (32) onto the front hole positions of Component (30); install Component (34) onto the inner side hole positions of Component (03). Fix using screw (J).

Note:

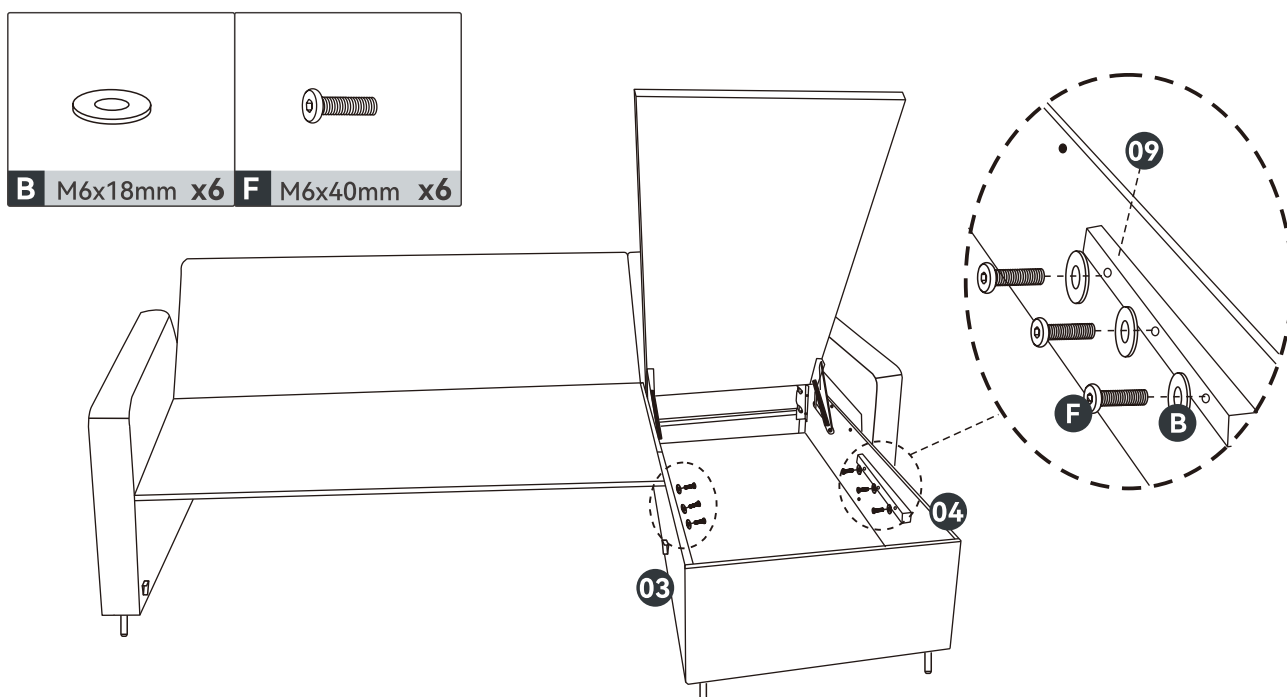

1. First tighten all screws to 70%, then tighten them all fully.
2. Fully tighten all the screws on both sides of Component (26) that were previously only tightened to 70%, then zip up the zips.

Step 18

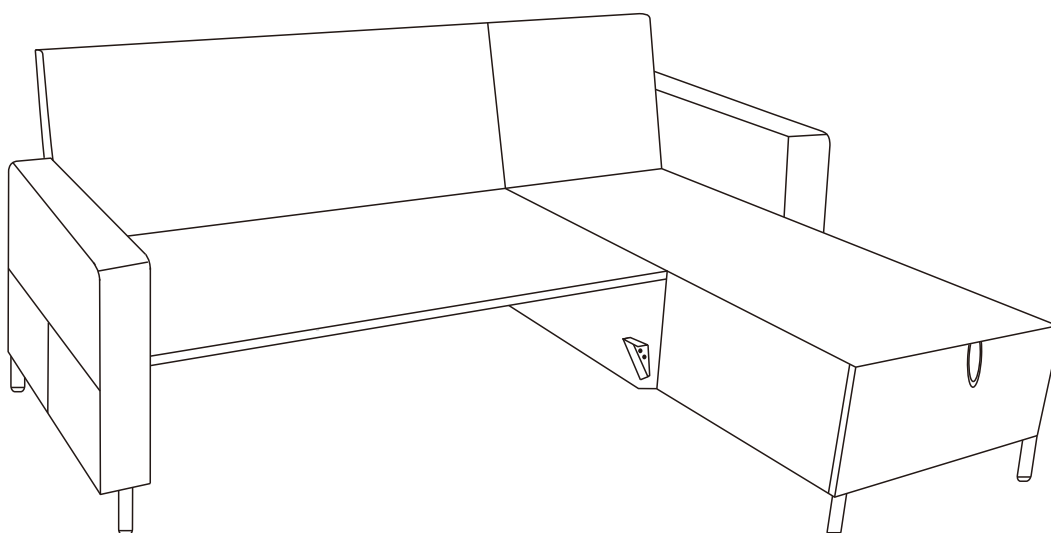

Place Component (18) in at an angle and lay it flat on the bottom of the frame.

Step 19

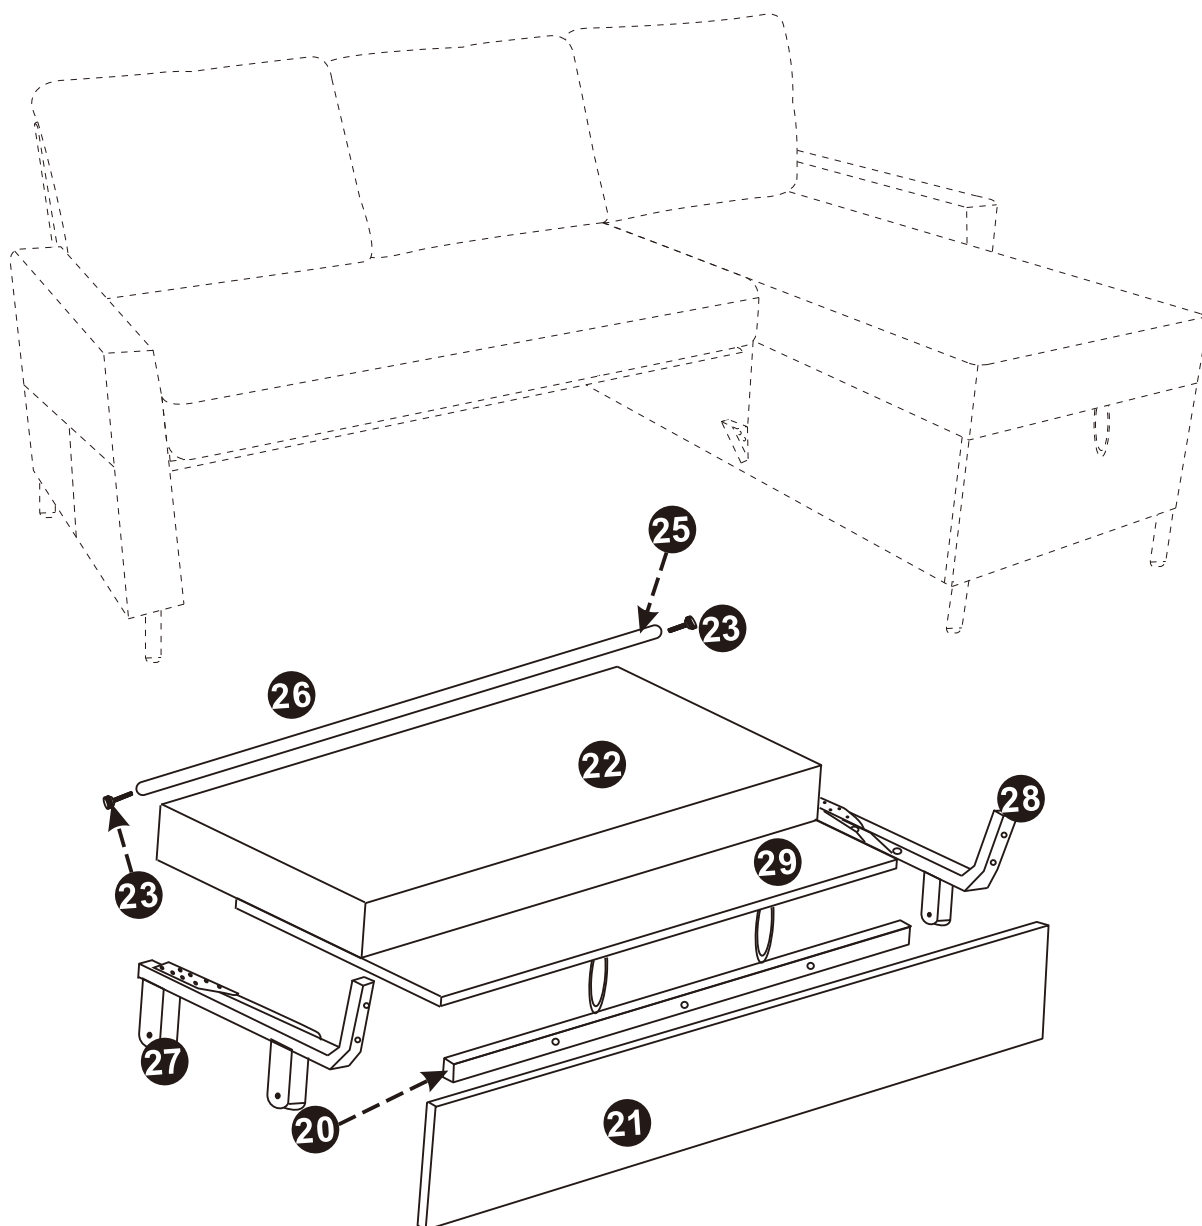

Install Component (09) onto the inner side of the side panels of Component (03) and (04). Fix using screw (F) with washer (B).

Note: First fit all screws and tighten to 70%, then tighten them all fully.

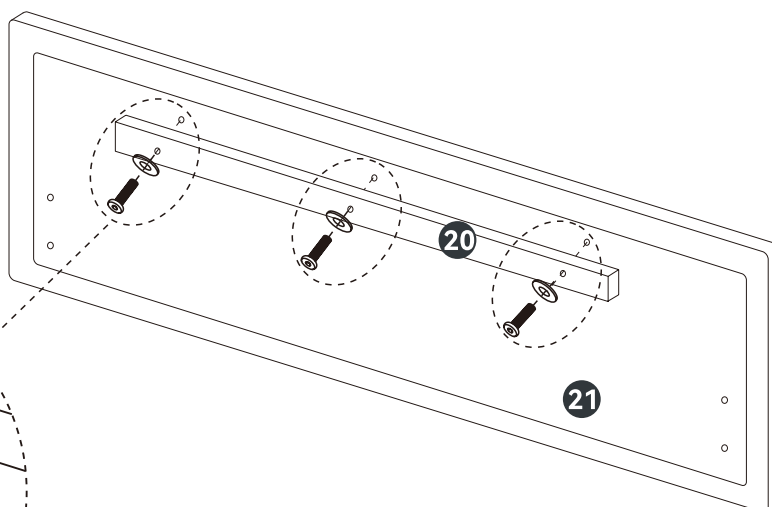

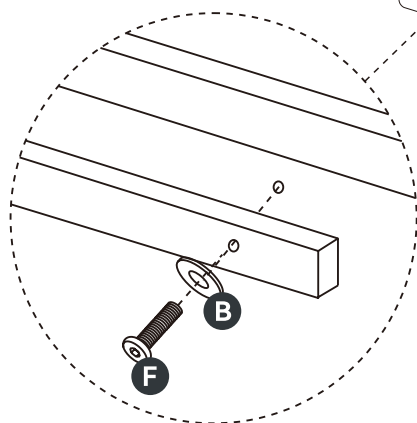

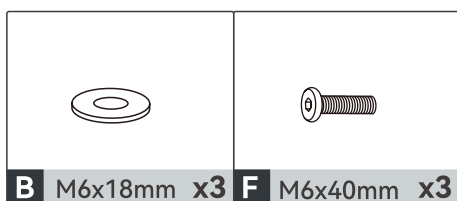

We have now assembled the chaise longue and two-seater sections. Next, begin installing the pull-out bed section.

Pull - out Bed - Exploded View

	20  x1	21  x1	22  x1	23  x2	25  x1	26  x1
27  x1	28  x1	29  x1				

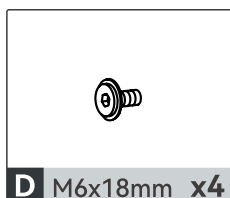

Step 21

Install Component (20) onto Component (21). Fix using screw (F) and washer (B).

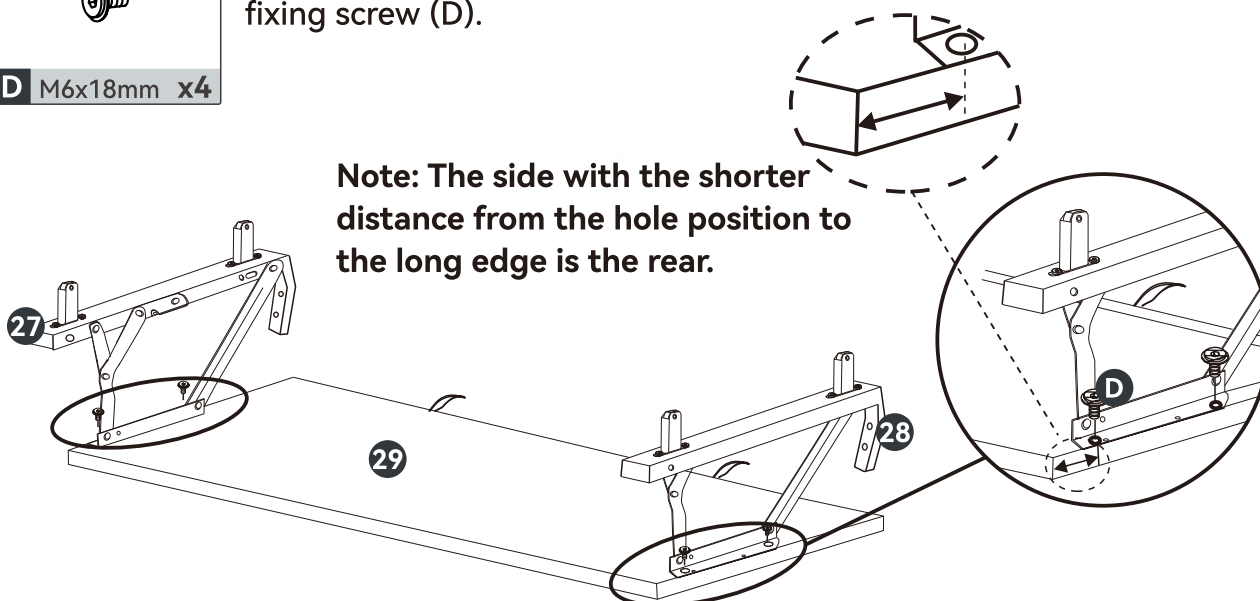

Note: First tighten all screws to 70%, then tighten them all fully.

Step 22

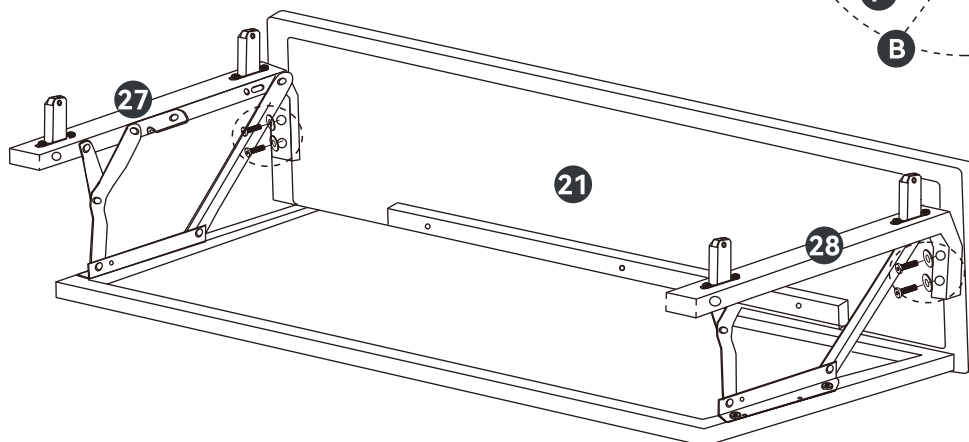

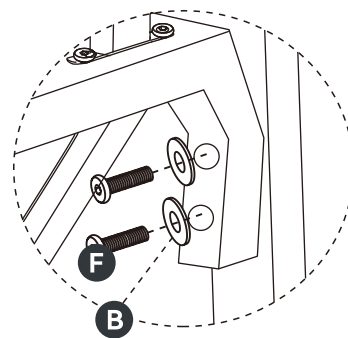

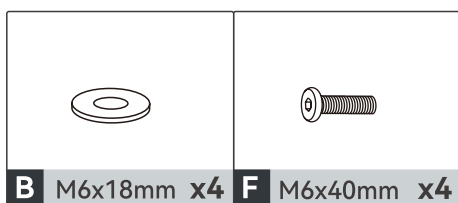

Unfold the metal hardware frame of Component (27) and (28) as shown in the diagram, and install it onto Component (29). Fix using fixing screw (D).

Note: The side with the shorter distance from the hole position to the long edge is the rear.

Note: Component (27) and (28) have a left/right orientation; the installation direction must match the diagram to avoid incorrect fitting. First tighten all screws to 70%, then tighten them all fully.

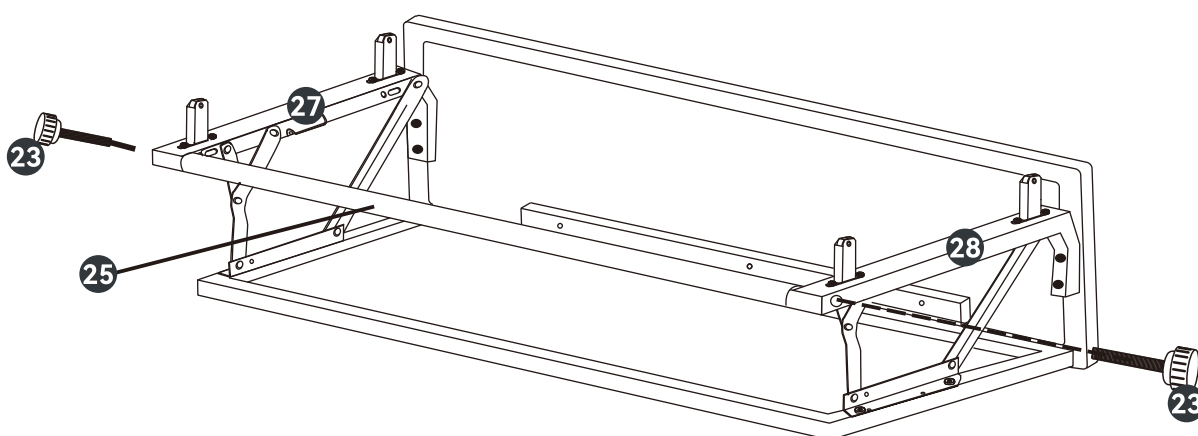

Step 23

Install Component (27) and (28) onto Component (21). Fix using screw (F) and washer (B).

Note: Pay attention to the orientation of Component (21). First tighten all screws to 70%, then tighten them all fully.

Step 24

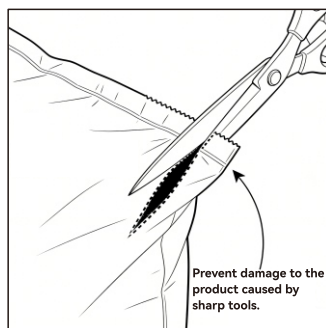

Connect Component (25) to Component (27) and (28), and secure using Component (23).

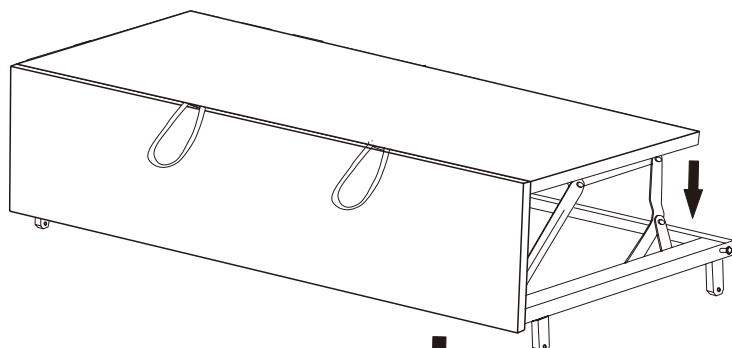

Note: Component (23) must be tightened firmly.

Step 25

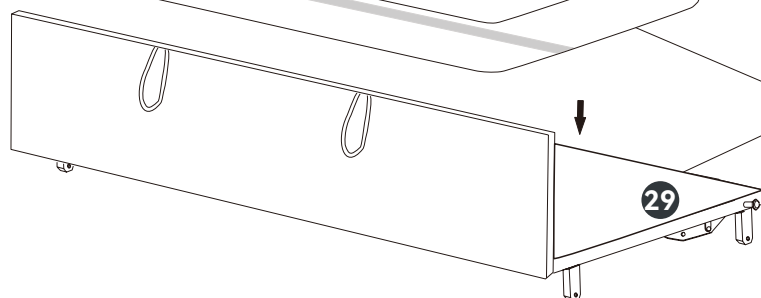

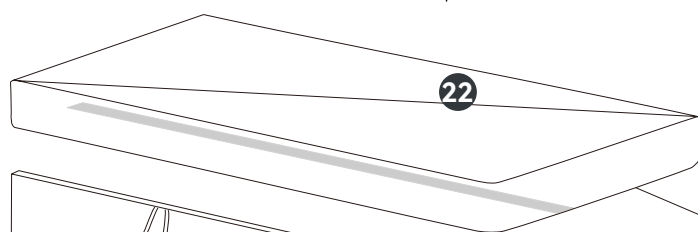

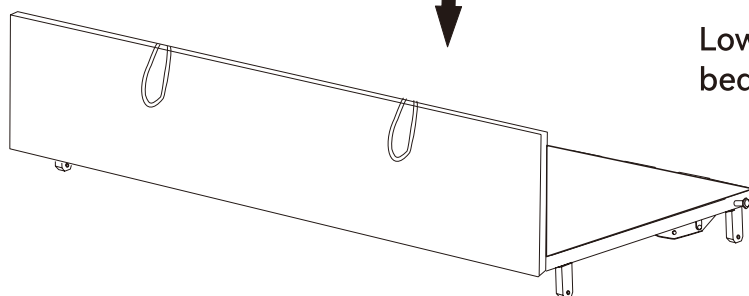

EN

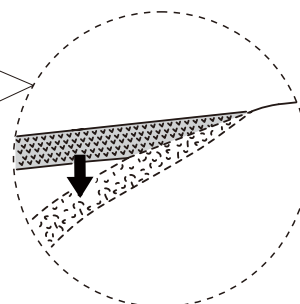

Note:
Avoid contact between sharp tools and the product during bag opening.

Lower the base panel of the pull-out bed as shown in the diagram.

The protective fabric on the back Nylon Fastener of part 22 needs to be removed before bonding.

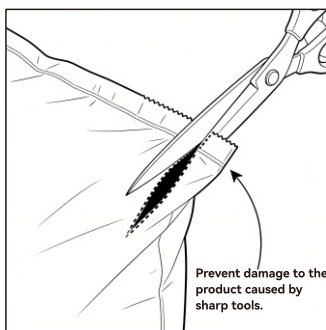

Place Component (22) onto Component (29).

Note: Ensure the cushion is positioned evenly on both sides to avoid collisions when inserted.

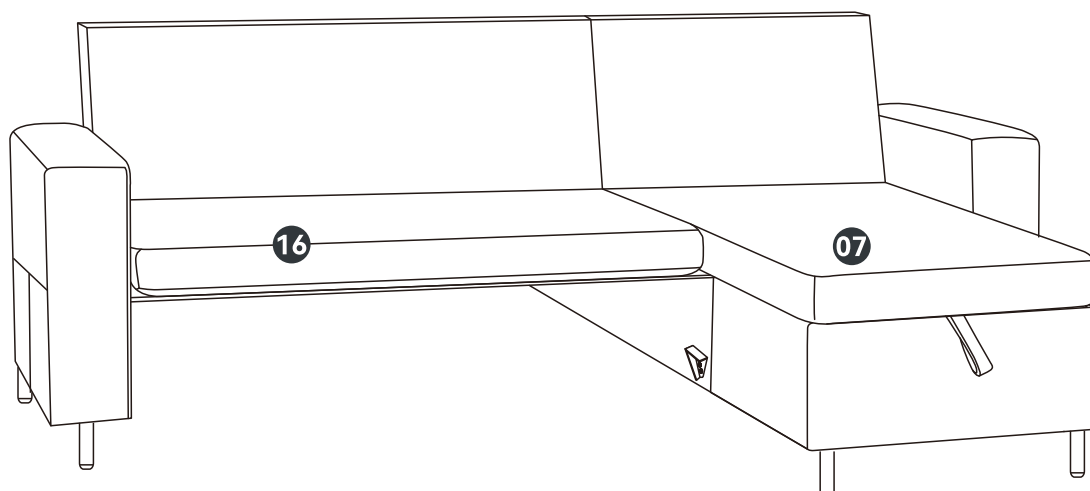

Step 26

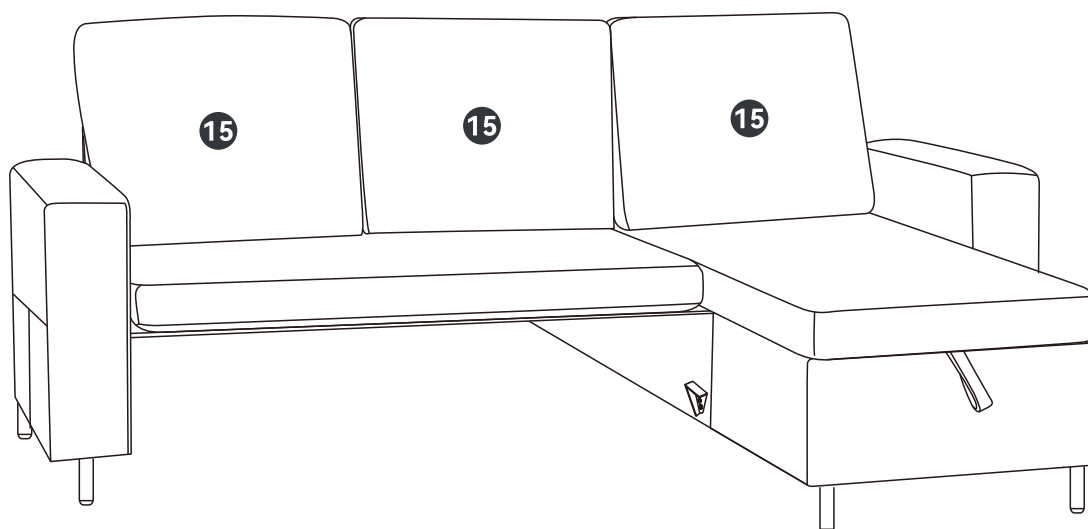

The protective fabric on the back Nylon Fastener of part 07/16 needs to be removed before bonding.

Note:
Avoid contact between sharp tools and the product during bag opening.

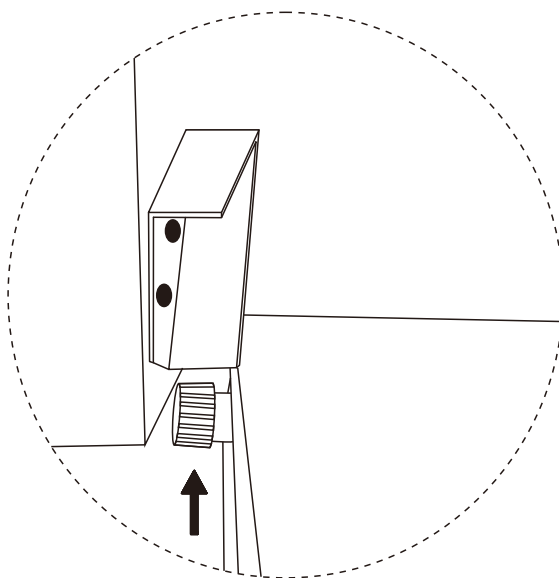

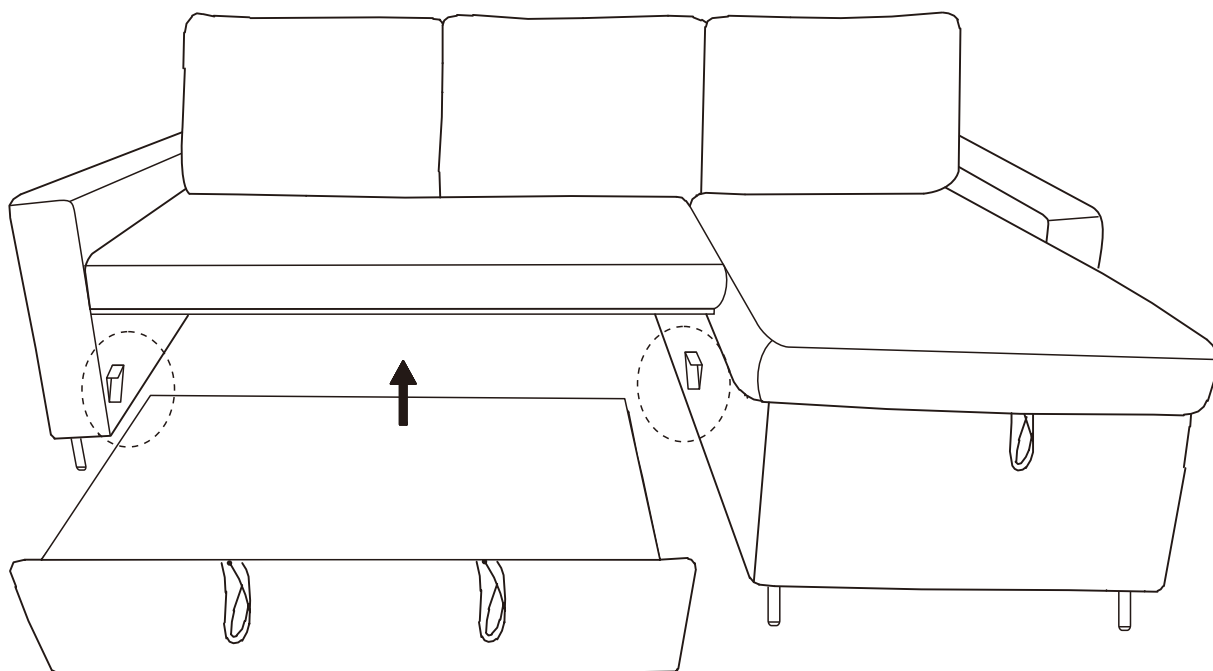

Place Component (07) and (16) in the positions shown in the diagram.

Place Component (08) and (15) in the positions shown in the diagram.

Step 27

EN

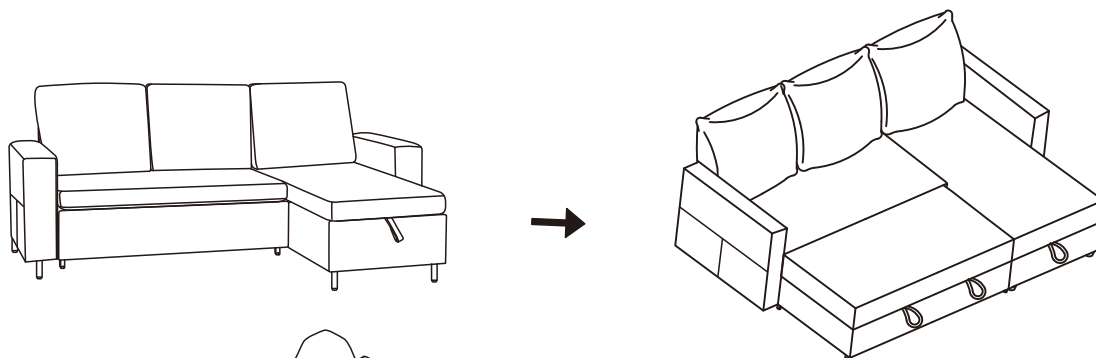

Insert the pull-out bed. If the cushion of the pull-out bed is not positioned evenly on both sides, it can be readjusted.

Installation is complete.

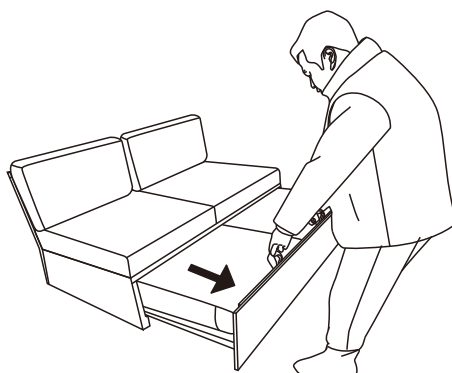

Note: The maximum extended position of the pull-out bed is as shown in the diagram.

Step 28

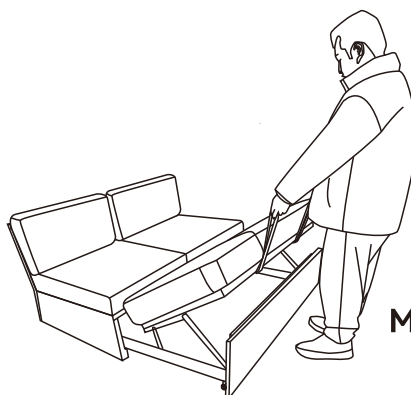

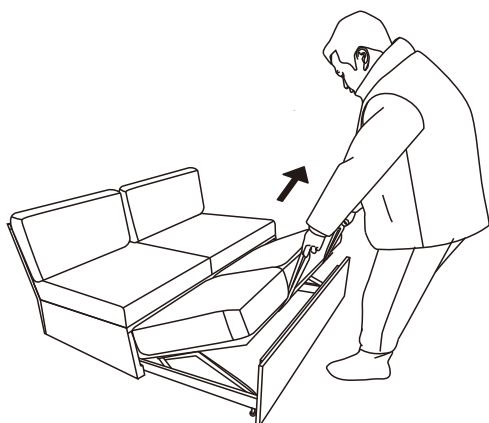

Instructions for using the pull-out bed:

1

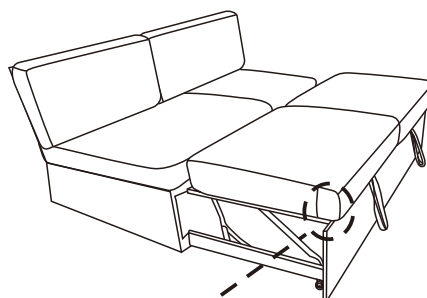

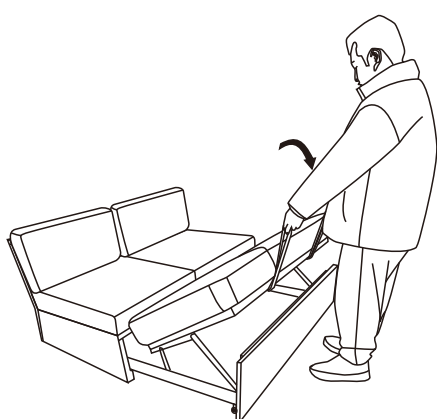

Pull out the bed horizontally with both hands until it stops.

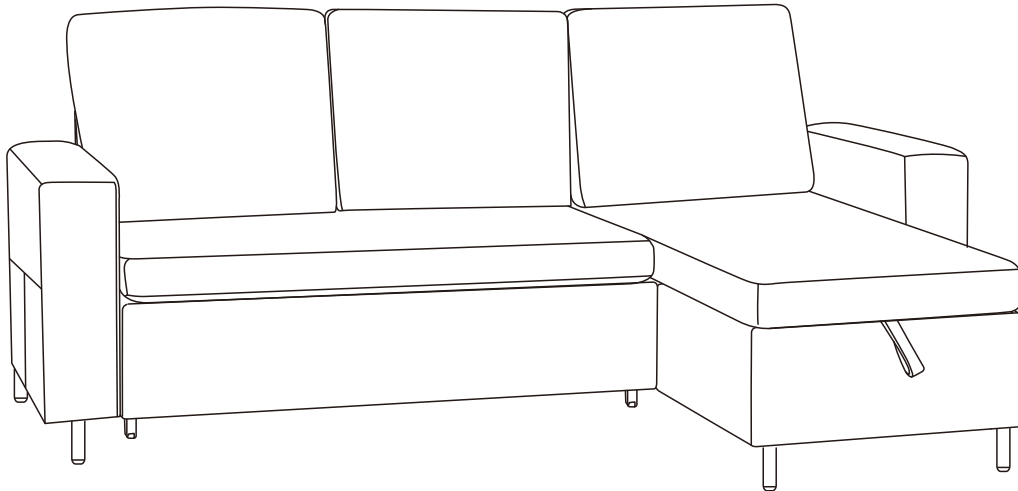

Move up to the top

2 Pull upwards diagonally on the pull straps with both hands until they stop.

Note that the bold parts need to be assembled together.

3 Then push forwards and down, and finally push forwards to allow the seat frame to rest on the wooden slats. As shown in the diagram.

1. Avoid direct sunlight, preferably placed in a place that can avoid sunlight, or use translucent tulle curtains to block the sun.
2. Vacuum at least once a week, paying particular attention to removing dust accumulation between fabric structures.
3. Sofa cushions are turned over once a week to evenly distribute wear.
4. If stained, use a clean cloth dipped in water to wipe. In order to avoid leaving marks, it is best to wipe from the periphery of the stain. Velvet furniture should not be dipped in water and should use a dry cleaning agent.
5. All cloth covers and bushings should be dry-cleaned, not washed, not bleached.
6. If you find loose thread, do not tear it with your hand; it is best to cut the thread neatly with scissors.
