CARE INSTRUCTIONS

Thanks for purchasing your new Silentnight mattress. To help you get the best from your new product, just follow these easy care instructions:

LET THE MATTRESS BREATHE

After its removal from the packaging, please leave the mattress uncovered for a few hours to allow any condensation to escape. To avoid risk of suffocation, please ensure that the polythene bag is well out of reach of small children.

DO NOT USE DETERGENTS OR CHEMICAL CLEANERS

Using detergents or chemical cleaners on your mattress may damage the fabric and stitching.

DO NOT BEND OR ROLL THE MATTRESS

Bending or rolling your mattress will damage it and invalidate the guarantee.

TURN THE MATTRESS (if applicable)

The Superior Pocket is a double sided mattress and your child can sleep on both sides. The Safe Nights Essentials, Safe Nights Airflow, Safe Nights Nurture and Safe Nights Luxury Pocket are single sided and only the side indicated on the product label should be used for sleeping.

CLEANING INSTRUCTIONS

Removable covers can be machine washed. Ensure the mattress is completely dry before use.
