When installing ⑧ to ③, first install the 4 screws of the oval hole of D (corresponding to the four small holes of ③), close ⑧, and see if the position of ⑧ is appropriate. If not, adjust ⑧ up, down, left, and right through the screws of the oval hole of D. After adjustment, tighten the screws of the 4 round holes of D. In the same way, install ⑧ on ④.

Door adjustment diagram :

NOTE: Dear customer, if you purchase a TV stand & fireplace set, the package for the fireplace and the package for the TV stand will be delivered separately.
If you purchase only the TV stand, the fireplace is not included.

Remove four silver screws from the sides of the heater (two screws on each side)
Remove two screws from the front of the heater.
Remove the tempered glass by lifting it from the lugs on the side.

15

Take the glass from the appliance first, then gently put the appliance to the TV Stand by two persons.

16

Place the front glass surround over the front of the fire aligning the slot in the bracket at each side of the glass panel with the lugs on the sides of the fire.

17

Fix the tempered glass with 2pcs of 4*8mm screws provided.

1. Put the light strip wire through the hole (one long wire and one short wire);
2. Put the long one on the side farther from the fireplace wire; the short one on the side closer to the fireplace wire;

3. Tear off the double-sided tape of the light strip and stick it on the board ;

4. Hold the light strip with the clip and lock the screw.
