ASSEMBLY & INSTRUCTION

SIZE: Twin

Notice: This instruction manual applies to Twin size.

DO NOT RETURN DIRECTLY!

If any parts are missing or damaged, we will gladly ship replacements free of charge.

Weight Limit: 500 Lb / 272 Kg

PLEASE READ BEFORE ASSEMBLY

****Warranty Information****

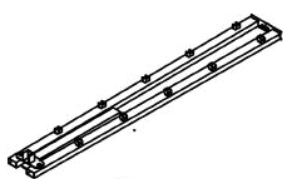

1. We warrant this product to be free from defects in materials and workmanship for three years from the date of original purchase. Proof of purchase is required for all warranty claims.
2. This warranty covers the repair or replacement of defective parts only; assembly labor is not included.
3. This warranty does not apply to product that has been improperly assembled, subjected to misuse or abuse, or altered or repaired in any way. Liability for consequential damages is excluded to the extent permitted by law.

****Read Before Beginning Assembly****

1. Clear the area: Assemble in a spacious area near the product's final location, preferably on a carpet or protected surface (like the product's cardboard packaging) to safeguard both your floor and the product.
2. Recommended Assembly Team: It is recommended that at least two people assemble this product. Having an extra hand can make the process easier. Estimated assembly time is 1 hour.
3. Check for all parts: Most parts are labeled or stamped on the raw edge. Ensure all parts are included before starting.
4. Read each step carefully: Follow the assembly steps in the correct order. Skipping steps or changing the sequence can lead to difficulties.

****Caution****

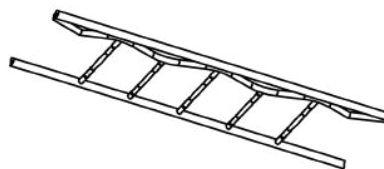

1. **Bamboo Node Color** - Due to the natural characteristics of bamboo, variations in grain depth are normal.
2. **Power tools not recommended** - Power tools can strip or damage parts and void the warranty.
3. **Important** - Do not fully tighten any bolts until the entire unit is assembled. This will allow for proper alignment and adjustment during the assembly process.

M8*56mm

Parts

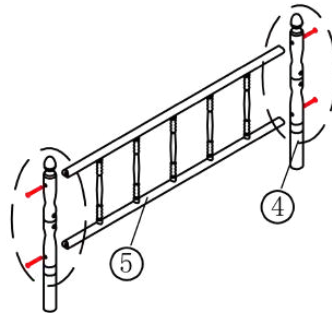

This page lists all the items included in this package. Please identify the hardware and individual components before beginning assembly.

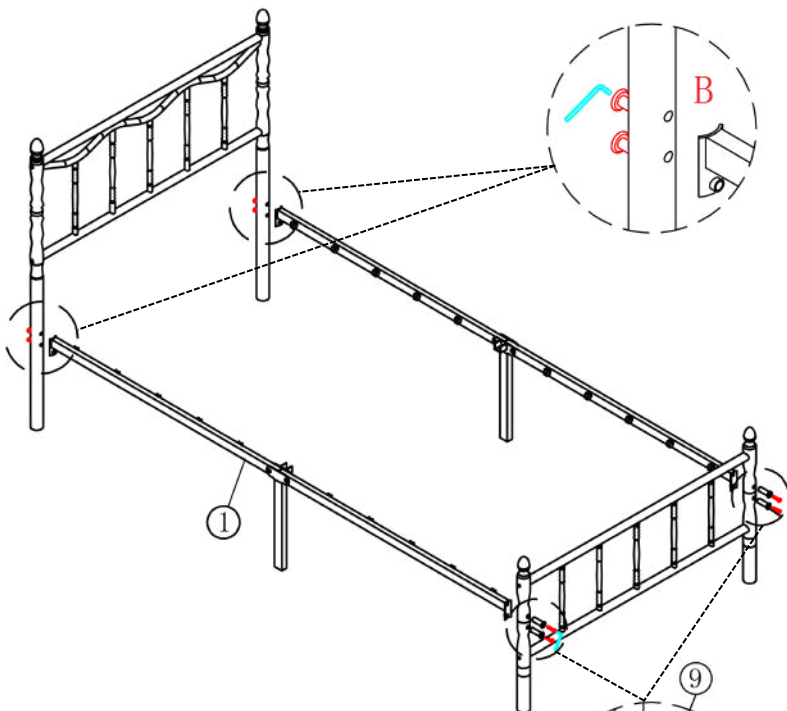

Step 1

Connect the Headboard Back and Footboard

- Attach headboard back (3) to the bedposts (2) using four bolts (C).
- Attach footboard (5) to the foot of bed (4) using four bolts (C).

C×8PCS
M8*56mm

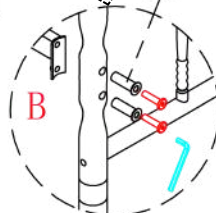

Step 2

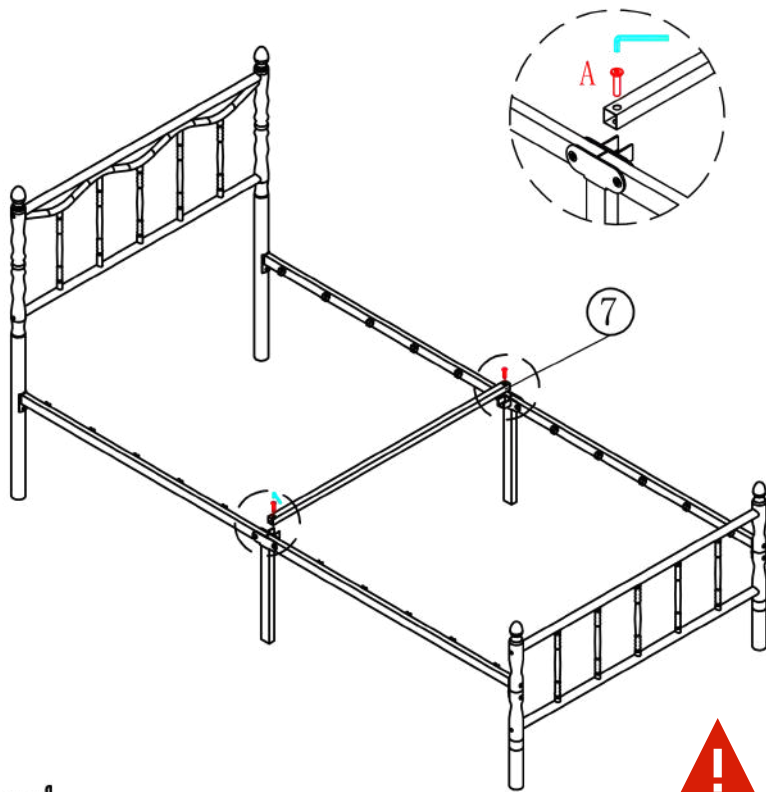

Assembling the Bed Frame

- Secure the headboard and side rails (1) with bolts (B).
- First insert the casing (9) into the bed foot, and secure the footboard and side rails (1) with bolts (B).
- Slide each slat into the pre-drilled holes on the headboard beam.

⑨ Screw sleeve
4*PCS

B×8PCS
M8*48mm

A×2PCS
M8*27mm

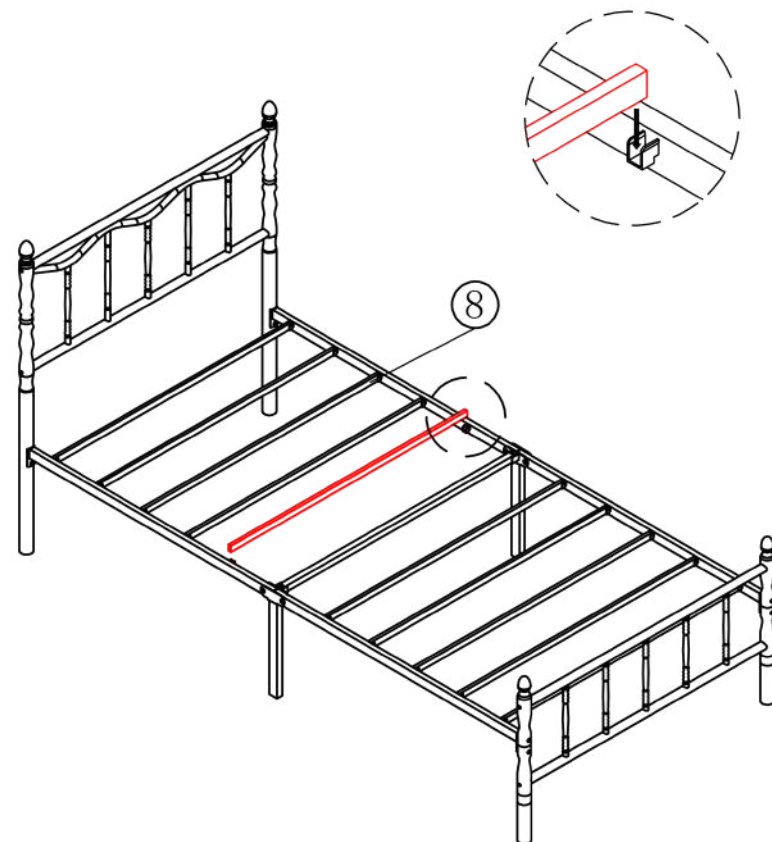

Step 3

Installing the Middle Support Tubes

- Locate the three middle transverse tubes (7).
- Attach these tubes to the center pole using two bolts (A).

Note: Ensure all connections are properly aligned before final tightening. This step is crucial for the bed's stability.

Step 4

Installing the Bed Slat

- Place all bed slats (8) across the side rails.

IMPORTANT INFORMATION

****REPLACEMENT PART OR HARDWARE REQUEST****

- ★. Request a replacement by logging into the marketplace account in which the purchase was made and sending a message to the seller. To expedite the request, attach applicable images relevant to the request and/or include the part number and quantity.

****Warnings****

1. Age Restriction: The bed is not designed for children under 4 years old.
2. For your safety: Jumping, rough play, or other vigorous activities on the bed are not recommended as they may cause injury or damage to the bed frame.
3. Weight Limit: The maximum combined weight on the bed should not exceed 500 lbs. This includes the weight of the bed itself, mattresses, bedding, and people.
4. Do not drag or push the bed frame: Always use two people to lift and reposition the bedframe to avoid damage to the frame or the floor.

****Cleaning & Care****

1. Cleaning Method: Use a dry or slightly damp soft cloth for cleaning. Avoid abrasive cleaners, which can damage the finish.
2. Hardware Maintenance: Over time, hardware can loosen. Regularly check and tighten all connections to maintain the bed's stability and prevent damage.

Please keep these instructions for future reference!
