Assembly Steps

Overview

This table has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the table parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Unpack and place all parts on a clean soft surface.

Step 2

Turn the Table Top upside down on to a soft surface that does not scratch the table top.

Attach four Table Legs(B) to the contact points on the Table Top(A) with Bolts(①), Spring Washers(③), Washers(②) and Nuts(④) .

DO NOT OVER TIGHTEN all Bolts.

Step 3

Attach the Central Square Support Ring (C) to Table Legs(B) using Washers(②), and Nuts (④) with the Spanner (⑦).

Repeat the same tightening at all 4 points of the Legs.

DO NOT OVER TIGHTEN, yet.

Step 4

Turn the Table rightside up.

Adjust the Pre-installed Leveller until the Table is level with the ground.

Then, proceed to tighten all Bolts and Nuts.

Screw the Nuts Cap (⑤) to the Bolt(④).

Put the Ice Bucket(E) into the middle housing of the Table top(A).

Then put the Cover(D) over the Ice Bucket (E) .

Step 5

When necessary adjust the Pre-installed Levellers at the end of each Table Leg until the Table is level with the ground.
Your Table is now ready for use.

What Is Proposition 65?

Proposition 65 is a California law that requires warning labels on products that may contain one of more than 800-plus chemicals or ingredients that the California Office of Environmental Health Hazard Assessment (OEHHA) has deemed to cause cancer or other reproductive toxicity. Chemicals and elements on this list include wood dust, brass, and other everyday substances, which can be found in very common household items, such as: lamps, tableware, jewelry, crystal glasses, electric cords, beauty products, automobiles, and furniture.

Why Did I Find a Proposition 65 Warning on My Home Goods Product?

We include Proposition 65 warnings on all of our products because there is always a chance that one of the 800-plus common chemicals and ingredients listed under this law could potentially be on our furniture or packing materials. We risk large fines under this law, if we don't include this warning.

Should I worry?

We realize you may be worried finding this warning on our products, but we want to reassure you that the hazardous exposure limits for any of these chemicals have never been found on furniture products that we've shipped to our customers. Additionally, this warning label is very common and can be found on almost every piece of furniture sold in the state of California.

Just How Common Are Proposition 65 Warnings?

Proposition 65 warnings have become so common in California that it is hard to take a trip to a local bank, grocery store, or restaurant without finding at least one warning. In fact, even the Disney Land Resort has a Proposition 65 warning:
