

# Kyoto Fountain, Top & Base Manual Assembly

Step2.  
Fill the fountain base  
(Right amount of water not  
reaching the hole of the pipe).

Step 1.  
Connect the piece of garden hose  
to the fountain motor pump.

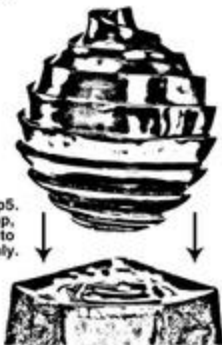

Step4.  
Insert garden hose on  
the pipe of the fountain

Step3.  
Insert the platebase on top of pedestal  
and twist it by counterclockwise.

Step5.  
Attach the Kyoto Fountain Top,  
make sure it was level to  
distribute water flow evenly.

Plug it the power cord to see the  
function of Heian Fountain.

Step6.  
Just twist counterclockwise  
to tighten the fountain top.
