

Assembly Instructions for **Model 524640**

Note: This product can be installed by following similar steps. If you have any questions, please contact our customers for help.

Step 1: Assemble the lamp, install No. 8 and No. 7 together, and secure with No. 6 nuts.

Step 2: Drill 2 holes in the wall. Fix No. 1 - No. 4 - No. 2 on the wall in sequence, (connect the power cord), then install the light stand, and use No. 5 nuts to fix the light stand on the wall.

Step 3: Install the lampshade. Put the No. 12 lampshade into the No. 9 lamp head, and fix the lampshade with the No. 10 outer ring.

Note: When wiring, the black wire is the positive pole and the white wire is the negative pole.

Your fixture is now assembled and ready to use.
