

UPHOLSTERYCARE

To prevent overall soiling, frequent vacuuming or light brushing is recommended. Cushions and pillows should be turned on a weekly basis.

Down-filled cushions should be brushed rather than vacuumed. Spot clean, using a mild water-free solvent or dry cleaning product. Only a professional cleaner should undertake a complete overall cleaning. The use of steam or water-based cleaners may cause excessive shrinking or staining.

INDOOR METAL/ALUMINUM FURNITURE

Wipe spills immediately. Maintain with regular dusting and clean with mild soap and water, dry thoroughly and do not use a brass cleaner.
