

# Assembly Instructions

**Caution : You must read this before you proceed**

## Chair

### Parts List

Label	Picture	Description	QTY
A		Chair Seat	1
B		Leg Frame	1

### Hardware

Label	Picture	Description	QTY
1		Nut	4

2		Spanner	1
---	---	---------	---

## Assembly Preparation

Before Beginning Assembly:

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

## Assembly Steps

This Dining chair has multiple parts and may require up to some 20 minutes to assemble. To give you an overview of the Dining chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions herebelow to familiarise the parts and steps before assembly.

## Assembly Steps

### Step 1

A

B

Unpack and place all parts on a clean, non-marring surface.  
Position the Leg Frame (B) resting on its front, as show in Pix B, above.

### Step 2

Lay the Chair seat(A) being floor facing, onto a flat soft clean surface .  
Attach the Leg Frame(B) to the the Chair Seat(A) using Nuts(1) with Spanner(2).  
**Loosely tighten Nuts.**

### Step 3

Place the chair on a **LEVEL SURFACE** to see if it wobbles.  
If it wobbles, lift the chair to some 30cm to 50cm height from the ground.  
Keep your feet and toes well away from the drop zone.  
Drop the chair freely and vertically with the four legs, hitting the ground, at the same time.  
This Drop Test will help to ensure that all the bolts and gaps to all reach full alignment status.  
Test again for evenness on a **LEVEL SURFACE**.  
If no wobbles found, lay down the chair and proceed to tighten all the bolts.

**When tightening these bolts, tighten sequentially.**

**DO NOT tighten any screw fully and then towards the next one.**

This would cause the frame to warp.

If there is still wobbles, loosen the bolts and execute this same drop tests.

**IF CHAIR IS NOT STABLE , IT COULD LEAD TO DAMAGING THE PRODUCT.**

### Step 4

Stand the Chair.  
Your Chair is ready for use.

## Care & Maintenance

-   Do not put hot items directly on furniture surface
  -   Do not clean furniture with harsh cleansers or polish.
  -   To obtain the longest lifespan of your outdoor products, minimizing exposure to direct sunlight is recommended.
  -   Children should not climb or jump on the furniture.
  -   Do not write on furniture without a padded barrier to protect the surface.
  -   To obtain the longest lifespan of your outdoor products, avoid extended and lengthy exposure to rain, snow, and direct sunshine. Whenever possible cover the product and /or place under patio or awnings.
  -   Not for commercial use. For residential use only .
  -   Stains may be removed with mild soap solution and damp cloth.
- 
-   Dust and pick-up spills using a clean, non-colored, lint-free cloth .

## Questions & Answers about Proposition 65

### • What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

### • What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

### • What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

### • Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at [P65.Questions@oehha.ca.gov](mailto:P65.Questions@oehha.ca.gov), or by phone at (916) 445-6900.

## Table

### Parts List

Label	Picture	Description	QTY
A		Table Top	1
B		Table Leg (pre-installed Leveller)	4
C		Support Ring	1

### Hardware

Label	Picture	Description	QTY
1		Nut	13
2		Spanner	1

# Assembly Preparation

Before Beginning Assembly:

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

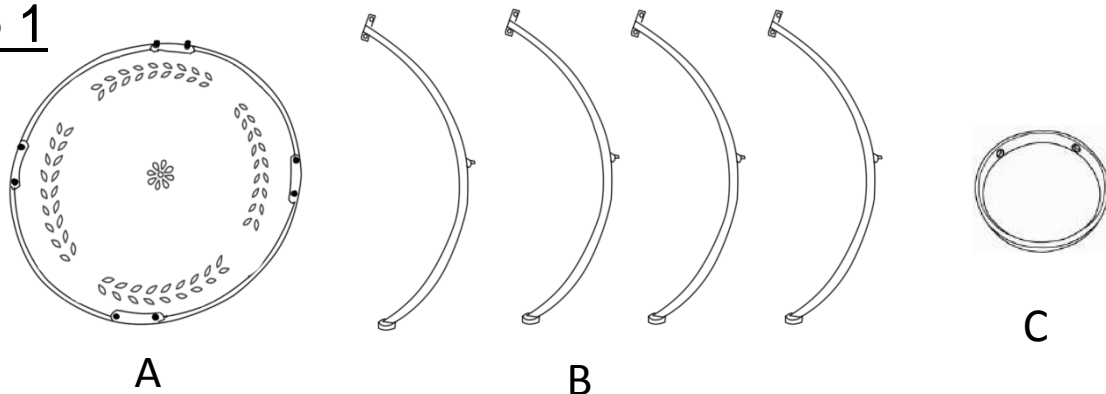

# Assembly Steps

## Overview

This Table has multiple parts and may require up to some 20 minutes to assemble. To give you an overview of the Table parts, the above picture is to help you put the various parts into perspective. Please read through the instructions herebelow to familiarise the parts and steps before assembly.

## Step 1

Unpack and place all parts on a clean, non-marring surface.

## Step 2

Lay the Table Top(A) facedown, onto a clean, non-marring surface.  
Attach one of the Table Legs(B) to the the Table Top(A) using Nuts(D) with Spanner(2).  
Repeat this method to assemble the remaining of 3 table legs.  
**Loosely tighten Nuts (D).**

## Step 3

Attach the Support Ring(C) to Table Legs(B) using Nuts(1) with Spanner(2).  
**Loosely tighten Nuts.**

## Step 4

Stand the Table and test for wobbleness.  
Upon checking there is no wobbles, lay down the table and proceed to fully tighten all bolts.  
**Tighten all Nuts, in a sequential manner.**  
Stand the Table up.  
Adjust the Legs pre-installed Levellers until the table is level to the ground.

## Step 5

Your Table is now ready for use.

## Care & Maintenance

-   ● Do not put hot items directly on furniture surface
  -   ● Do not clean furniture with harsh cleansers or polish.
  -   ● To obtain the longest lifespan of your outdoor products, minimizing exposure to direct sunlight is recommended.
  -   ● Children should not climb or jump on the furniture.
  -   ● Do not write on furniture without a padded barrier to protect the surface.
  -   ● To obtain the longest lifespan of your outdoor products, avoid extended and lengthy exposure to rain, snow, and direct sunshine. Whenever possible cover the product and /or place under patio or awnings.
  -   ● Not for commercial use. For residential use only .
  -   ● Stains may be removed with mild soap solution and damp cloth.
- 
-   ● Dust and pick-up spills using a clean, non-colored, lint-free cloth .
