

Assembly Instructions

Caution: You must read this before you proceed.

Bar Chair

Parts List

Part NO.	Picture	Description	QTY
A		Chair Back	1 PC
B		Chair Seat	1 PC
C		Left Front Leg	1 PC
D		Right Front Leg	1 PC
E		Left Side Rail	1 PC
F		Right Side Rail	1 PC
G		Front Rail	1 PC

Hardware

Label	Picture	Description	QTY
1		Bolt(M6x80mm)	4 PCS
2		Bolt(M6x50mm)	4 PCS
3		Bolt(M6x45mm)	2 PCS
4		Screw(M4x32mm)	6 PCS
5		Spring Washer	10 PCS
6		Washer	10 PCS
7		Allen Key	1 PC
8		Screwdriver	Not provided

Assembly Preparation

Before Beginning Assembly:

Pack A for assembling the Seat Frame(B) to the hind legs of Chair Back(A)

Bolt(M6x80mm)+
Washer
+Spring Washer

Pack B for assembling the Seat Frame(B) to the Front Leg Left(C) & Front Leg Right(D)

Bolt(M6x50mm)+
Washer
+Spring Washer

Pack C for assembling the Seat Frame (B) to the horizontal panel of Chair Back (A) at the central point

Bolt(M6x45mm)+
Washer
+Spring Washer+
Allen Key

Pack D for assembling the Left Side Rails(E) & Right Side Rails(F) to the Left Front Leg (C) & Right Front Leg (D)

Screw(M4x32mm)

Pack E for assembling the Left Side Rails(E) & Right Side Rails(F) to the Chair Back (A)

Screw(M4x32mm)

Pack F for assembling the Front Rail(G) to the Front Leg

Screw(M4x32mm)

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

Assembly Steps

This Bar Chair has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Bookshelf parts, the above picture is to help you put the various Table parts into perspective. Please read through the instructions herebelow to familiarise yourself with the parts and steps before assembly.

Step 1

A. Chair Back

B. Chair Seat with Black Calico/magicTapes

C. Front Left Leg D. Front Right Leg

E. Left Side Rail & F. Right Side Rail

G. Front Rail

Place the Chair Back(A) and Chair Seat(B) on a clean, non-marring surface.
Remove the Seat Base Cover from the underside of the Chair Seat(B) and take out all of the Parts and Hardware.

Step 2

Align the mounting positions of the Chair Back(A) and Chair Seat Frame(B).
Use your left hand to push the seat frame floorwards, depicted by Arrow 1, this action helps to ensure the Chair Seat(B) is pressed towards to the Chair Back(A) with no gap between them.
Then, lock the middle mounting point by using Hardware Pack A and the corner mounting points by using Hardware Pack A & Pack C with The Allen Key(7),

Caution : At this stage, Do not fully tighten Bolts

Step 3

Insert the Front Rail(G) into the oval housing of Left Front Leg (C) & Right Front Leg (D) as shown above.
Then, use Hardware Pack F to attach the Front Rail(G) to the Left Front Leg (C) & Right Front Leg (D).

At this stage, Do not fully tighten Bolts

Step 4

Place the chair onto the side of a table as seen in picture. Whith your assistant help to hold the front leg frame insert to the Chair Seat (B)

Step 5

Step 5.1

Step 5.2

5.1 Place Right Side Rail (F) Into housing of the Hind Leg of the chair Black (A) And Right Leg (D).

You may need to apply a little pressure to the front leg frame - pushing outwards, so as to enable the Side Rail (F) to be slotted into position.

5.2 Repeat the same prooess to install the Left Side Rail (E.)

Step 6

Place the chair on a Level Surface to check if it wobbles.

If it is wobbles, lift the chair some 30cm to 50cm high from the ground, keep your feet and toes well away from the drop zone, and drop the chair freely and vertically with the four legs, hitting the ground at the same time.

This **Drop Test** will help to ensure that all the bolts and gaps to all reach full alignment. test again for evenness on a **Level Surface**.

If no wobbles are found, proceed to tighten all the Bolts.

Caution: When tightening the Bolts, tighten sequentially.

Do not tighten any screw fully and then towards the next one, this would cause the frame to warp. If it still wobbles, loosen the bolts and execute this same drop test.

If the Chair is not Stable it could lead to damage to the product.

Step 7

Place the Seat Base Cover back underneath the Chair Seat (as shown in picture) from where it was removed originally.

Smooth down the magic tapes with your hand on all 4 sides at the edge of the seat box.

Step 8

Stand the Chair up, it is now ready for use.
