

## Post Table Legs INSTRUCTIONS

**You will need 2 people for this assembly.**  
**You will need a Phillips Head Screw Driver and a Tape Measure to Assemble.**

**Hardware :**

**A: Screws(24)**

**Parts :**

**B: Legs(4)**

**C: Table Top (may vary)**

**STEP 1 (Square Table Top):** Place **Table Top(C)** on a clean flat surface with desired table finish face down. Position assembled legs as shown in Figure A. Then, attach assembled Legs to Table Top using **6 Screws(A)** per Leg.

**Figure A**

### **IMPORTANT NOTICE:**

- Place all wooden parts on a clean and smooth surface such as a rug or carpet to avoid scratching the parts.
- Check to be sure that you have all parts and hardware.
- Remove all wrapping materials, including staples & packing straps before you start to assemble.
- Keep all hardware parts and packaging out of reach of children.

## Post Table Legs INSTRUCTIONS

**You will need 2 person(s) for this assembly.  
You will need a Phillips Head Screw Driver and a Tape Measure to Assemble.**

**STEP 1 (Round Table Top):** Place **Table Top(C)** on a clean flat surface with desired table finish face down. Using a tape measure, position assembled legs at an equal distance from one another as shown in Figure B. Then, attach the assembled Legs to Table Top using **6 Screws(A)** per Leg.

Figure B

**STEP 1 (Rectangle Table Top):** Place **Table Top(C)** on a clean flat surface with desired table finish face down. Position assembled legs as shown in Figure C. Then, attach assembled Legs to Table Top using **6 Screws(A)** per Leg.

Figure C

**STEP 2:** Using 2 people, flip the table over and adjust leveling glides accordingly.
