Assembly Instruction

59

You have completed the toy kitchen, and the following instructions of part assembly can help use it better!

Curtain Fixing Tips

61
M4x40
x2 PCS

! Notice:

The the anti-tip assembly can be secured on the wall to prevent the kitchen from tipping during play.

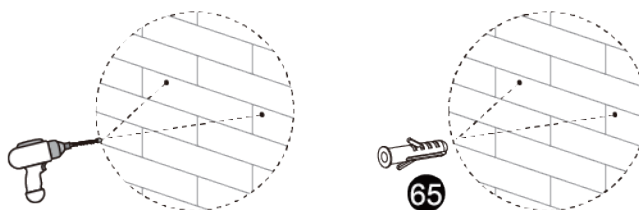

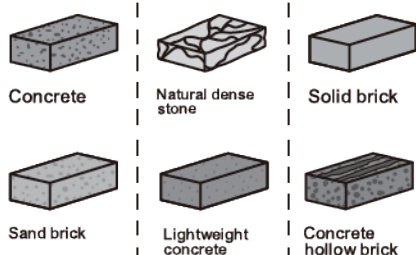

It is recommended to place the kitchen against the wall during use.

Avoid placing the toy kitchen in open spaces and prevent your child from climbing on it.

The hardware accessories are primarily suitable for being assembled on walls shown in the instruction. For other situations, consult your local hardware store to choose more suitable accessories.

Instruction of anti-tip assembly

Suitable Bricks/Materials

Use the electric drill to drill holes on marks.

The punching depth should be longer than the part to be inserted (the expandable tube 65)

Place the expandable tubes 65 into the drilled holes.

Finally, screw 61 into two hole for the expandable tubes.
