**2024-08-12**

### **To Whom It May Concern:**

This Declaration of Certification is issued in accordance with the applicable regulations under the Canadian Environmental Protection Act (CEPA) regarding the importation and sale of composite wood products in Canada. As the manufacturer of products that contain composite wood panels and laminated products, we hereby certify that the products listed below meet the regulatory requirements for formaldehyde emissions as specified under the Canadian Environmental Protection Act:

### **Product Description:**

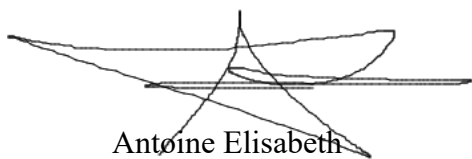

1. Composite Wood Panels: [Specify type, e.g., MDF, particleboard, etc.]
2. Laminated Products: [Specify type, e.g., hardwood plywood, pine wood etc.]

### **Compliance with Testing Requirements:**

1. The composite wood panels and laminated products have been tested and meet the formaldehyde emissions standards as outlined in the regulations.
2. Testing has been conducted according to the required testing regime under the regulations.

### **Declaration:**

As the manufacturer, we affirm that all the information provided in this Declaration of Certification is accurate and true to the best of our knowledge. We understand that this certification is a legal requirement for the sale of composite wood products in Canada

A handwritten signature in black ink, appearing to read 'Antoine Elisabeth', is written over a horizontal line.
