 - Double-sided Chopping Board
 - Premium stainless steel deep Sliding Sink
 - Premium stainless steel colander
- Dual-Mount** MultiSINK
 - install **undermount or drop-in (top-mount)** with ease

UP & DOWN

ELEVATE YOUR KITCHEN

MultiSINK

MultiSINK's
precision rail
system lets
custom-fit
accessories
move freely
across
3 working levels
— expanding
your workspace
for prep, rinse,
and dry

But...that is just the beginning...

The MultiSINK comes with a sliding sink for small jobs that you can position exactly where you need it!

... a colander that also works in ALL the Levels

... and the waterfall feature just adds another dimension to rinsing !

... Include a chopping board and the magic begins !

Now combine it with
your sliding sink and
colander and you
have a Pro-Chopping
Station !

You can place your
chopping board where
you need it !

... or with a grid, a bowl
and your colander and
you can go straight
from sink to table !

Revolutionary Pivoting WaterWALL Next Generation Rinsing for vegetables & dishes

*All-in-One Control for Faucet and Waterfall Rinse
Full-range coverage — clean more, splash less*

Glass Washing Station

Your built-in station for spotless drinkware.
One simple push deep-cleans every glass.

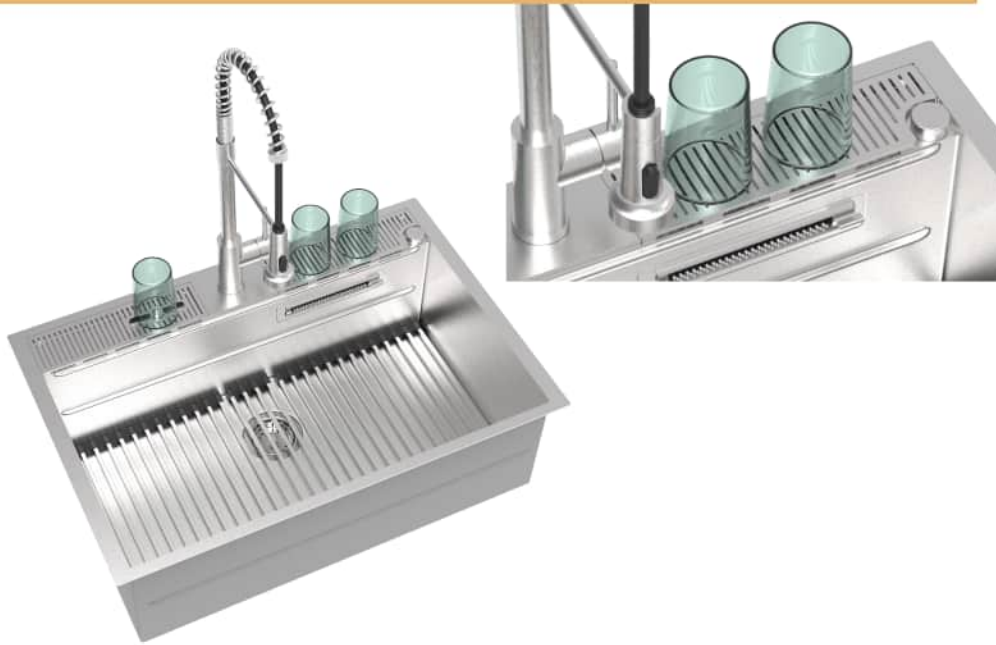

Exordinary & Powerful *Tornado-Spin* Blade Glass Washer

High-speed spinning water creates a tornado motion that sweeps through every curve of the glass.

In Blade Mode, it delivers a **concentrated power wash** that deep-cleans even tall flutes and bottles.

Space-Maximizing On-Deck Drying Stations

Innovative removable and heavy duty grilles transform unused deck space into practical drying zones that keep counters clear.

Maximize Space Minimize Effort

PRO Grade Custom-Fit Accessories ...

Double-Sided Cutting Board

Open Groove drains juices into the MultiSINK...

Closed Groove protects your countertop

Heavy Duty Stainless Steel Colander

High Grade Stainless Steel Sliding Sink with Stopper

Smart, Space-Saving Design

Cutting board stores neatly in place; sliding sink and colander nest together for easy organization

Modern Design Strainer

Durable ALL metal and stainless steel construction

💧 4 PRO Grade Custom-Fit Roll-Up Grids + Other Standout Sink Features

3 SKUs with Patented Retractable Faucet Design

No counter weight is needed

No extra hose under cabinet

Pull out can stay. When water is turned off, pull out spout will automatically retract back into place

This or That ?

💧 Patented Retractable Pull Down Faucet

- No counterweight needed
- No extra hose in the cabinet

Benefit: Maximize Storage — More Room Inside Your Cabinet. No hose jamming .

- Pull out can stay, can retract automatically

Benefit: Hands-free convenience. Work freely without holding the spray head

💧 Traditional Pull Down Faucet

- Counterweight needed
- Extra hose in the cabinet
- Pull-out faucet cannot stay extended. Requires one hand to hold the faucet head while operating
