Mini Mobile Coffee Table Installation Instructions 2/2

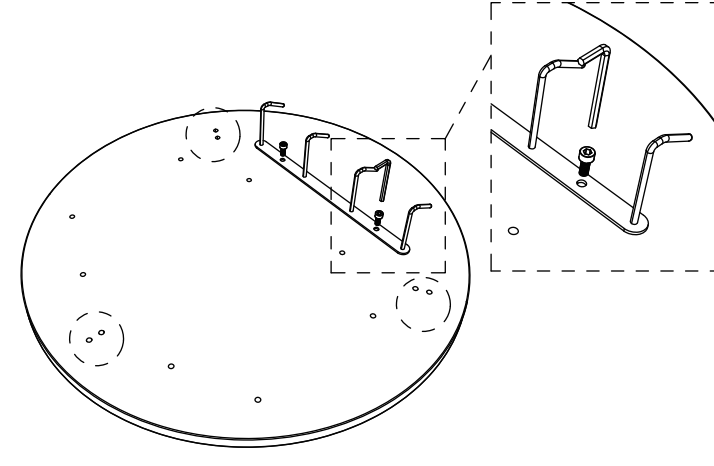

① Lock the 3 columns on the bottom board with the Inner hexagon(K) and use 6 short screws(H). Note that the flat end of the column is far away from the bottom board.

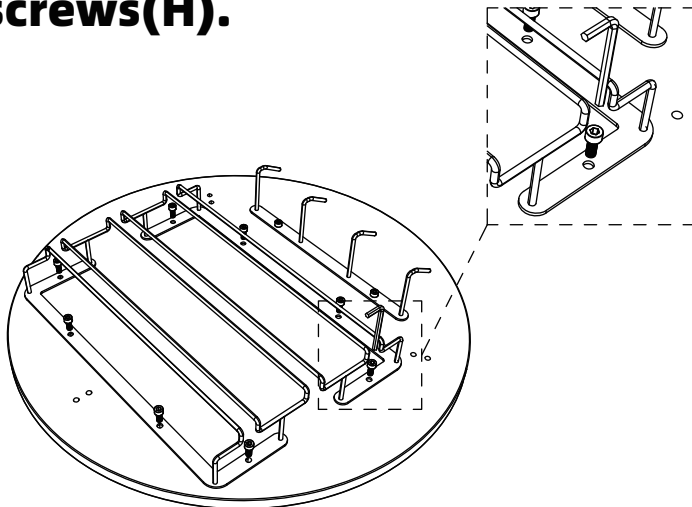

② Use a Inner hexagon(K) and wrench(J) to lock the iron ring to the three columns. Use 6 long screws(I) and corresponding nuts.

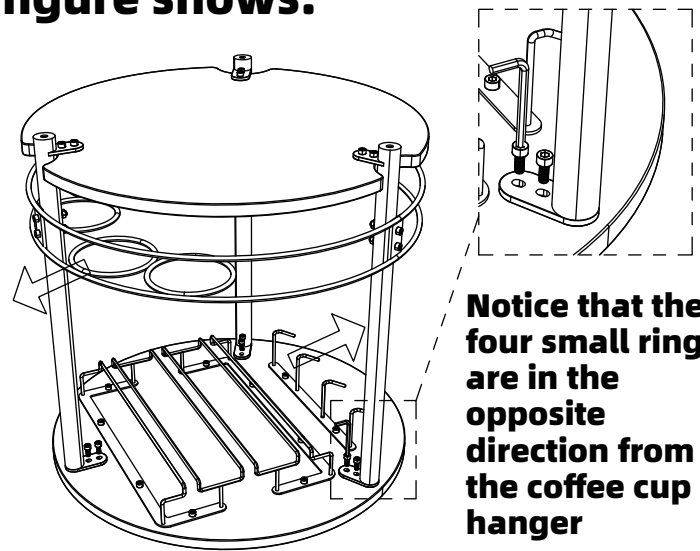

③ Lock the coffee cup hanger on the top board with Inner hexagon(K) and 2 short screws(H). Note the orientation of the holes in the circle.

④ Use Inner hexagon(K) to lock the two wine glass hanger to the top board with 8 short screws(H).

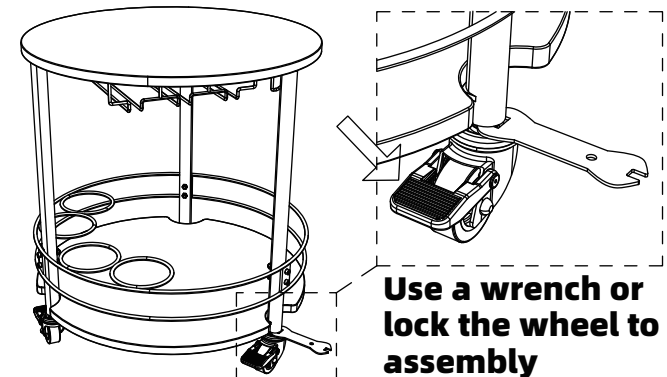

⑤ Using Inner hexagon(K) lock top board on the three columns with 6 short screws(H) as the figure shows.

Notice that the four small rings are in the opposite direction from the coffee cup hanger

⑥ Lock 3 universal wheels(G) to the bottom of the 3 columns using a wrench(J). You can also press the switch to lock it and tighten it directly by hand. Complete product installation.

Use a wrench or lock the wheel to assembly
