CERTIFICATE OF LISTING

Effective Date: August 2013 Void After: August 2016

Product: Plumbing Fixture Fittings File No. 6737

Issued To: Kaiping Heart Cartridge Co., Ltd.
No. 28 Heliwan Dong Road,
Shilong Town,
Kaiping City, GUANGDONG
China

Identification: Plumbing supply fittings complying with this Standard shall be marked with the manufacturer's recognized name, trademark, or other mark or, in the case of private labeling, the name, trademark or other mark of the customer for whom the fitting was manufactured. The marking shall be accomplished by use of a permanent mark or by placing a permanent label on the product. Markings on plumbing supply fittings shall be visible after installation.

Single-handle, single-control, and automatic compensating mixing bath and shower valves shall have identifiable temperature control settings in which the settings are indicated by words ("cold", "warm", "hot", etc.), by numbers, or graphically.

Packages shall be marked with the manufacturer's name, trademark, or other mark as well as the model number or, in the case of private labeling, the name, trademark, or mark of the customer for whom the fitting was manufactured as well as the model number.

David McHenry
Chairman, Product Certification Committee

Ross Cheney
CEO, The IAPMO Group

This listing is based upon the last date of the month indicated on the Effective Date and last after date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any violation of the Uniform Plumbing Code, shall constitute a violation of this listing. Production of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate shall be grounds for revocation of the listing. This document shall be reproduced in its entirety.

Installation tools and accessories:

Check accessories

Standard List of Accessories:

When you open the product packing, please check whether the objects in it are consistent with the main body and accessories you purchased. If there is any inconsistency, please contact our company or our distributor.

Note: 1. Accessories are subject to change without prior notice if the change does not affect usage;

2. The appearance of the product is subject to the physical objects you receive, and the schematic diagram is only for reference.

INSTALLATION STEPS

This product has been inspected and debugged by the factory to the best condition. Please do not disassemble and assemble it yourself.

Before installing the faucet, please be sure to remove sundries and sludge from the water pipe to prevent sundries from blocking the faucet.

1. Open the package and take out the faucet, unscrew the nut, remove the gasket, and leave the black rubber ring in the groove of the faucet base.

2. Pass the supply hose through the install hole.

3. Pass the hose through the washer and screw nut.

4. Tighten the screws with a screwdriver.

5. Connect the angle valve to the hot and cold water supply hose.

6. How to use:
Press button to turn on and off.
Rotate the handle to adjust the water temperature.

CLEANING CARE

In order to keep the appearance of faucet clean, bright and good performance, please take care of the faucet as follows;

1. Rinse with water only and dry with soft cotton cloth;
2. Use mild liquid and colorless glass cleaner to remove surface dirt and scale film, or use polish without abrasive effect;
3. Do not use abrasive detergent, polish, emery cloth, paper towel or scraper, etc.;
4. Do not use acid cleaner, or cleaner and soap with insoluble gran etc.;
5. In the process of use, mud may accumulate in the bubbler and make the water flow show, The bubbler can be unscrewed, rinsed with water, and then installed back in place.

Please feel free to contact us if you have any questions. We will help to solve the issue together with you. OUR EMAIL: services@rbrohant.com
