If the product is placed under direct
sunlight, the pattern or color might fade
away overtime.

Check the product periodically to make
sure everything is secured and tightened.

Always use proper tools for installation.

Do not jump on the product.

PRODUCT DESCRIPTION

Full foam compression filling. Delivers even, plush, and resilient support for a firm yet comfortable seat that resists sagging, ensuring lasting relaxation.

Includes an engineered wood storage cabinet that can be flexibly placed behind the armless seat as back table, cleverly concealing clutter for "invisible storage" in the living room, maintaining a tidy and aesthetic space.

Suits multiple living scenarios. Suitable for daily family gatherings for movie nights, while its unique round chaise and modularity are also ideal for socializing with friends or solitary reading and napping.

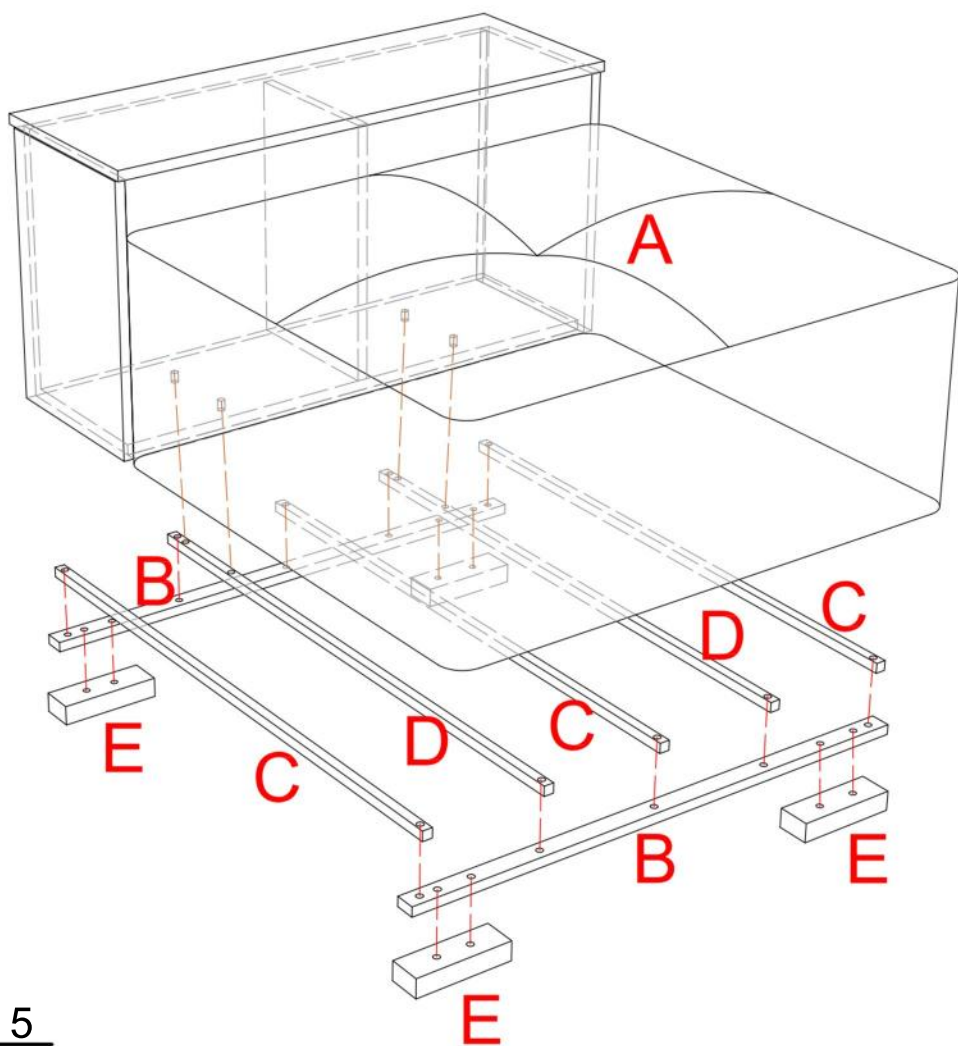

Oversized dimensions. Spacious seats with ample depth, combined with full foam filling, offer an immersive and cozy reclining experience. The round chaise provides a unique sense of envelopment.

Strong style-defining power. Its simple silhouette, warm colored fabric, and warm wooden background together define the space's tone, harmoniously blending into various popular styles like modern minimalist, Japandi, and wabi-sabi.

EXPLODED VIEW

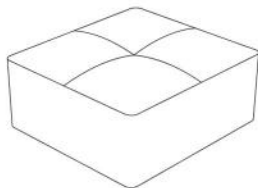

1. Assembling is best done with **electric tools**.
2. The assembly process requires **5 square meters** of space.
3. It will take approximately **30 minutes**.

step 1 ---Cut the plastic air compression bags

Cut the plastic air compression bags, and take out the cushion (A). Let it recover to its original shape, the whole recovery process might take **72** hours, you may gently slap on it to speed up the process.

Please exercise caution when opening the packaging to avoid injury or damage to the product.

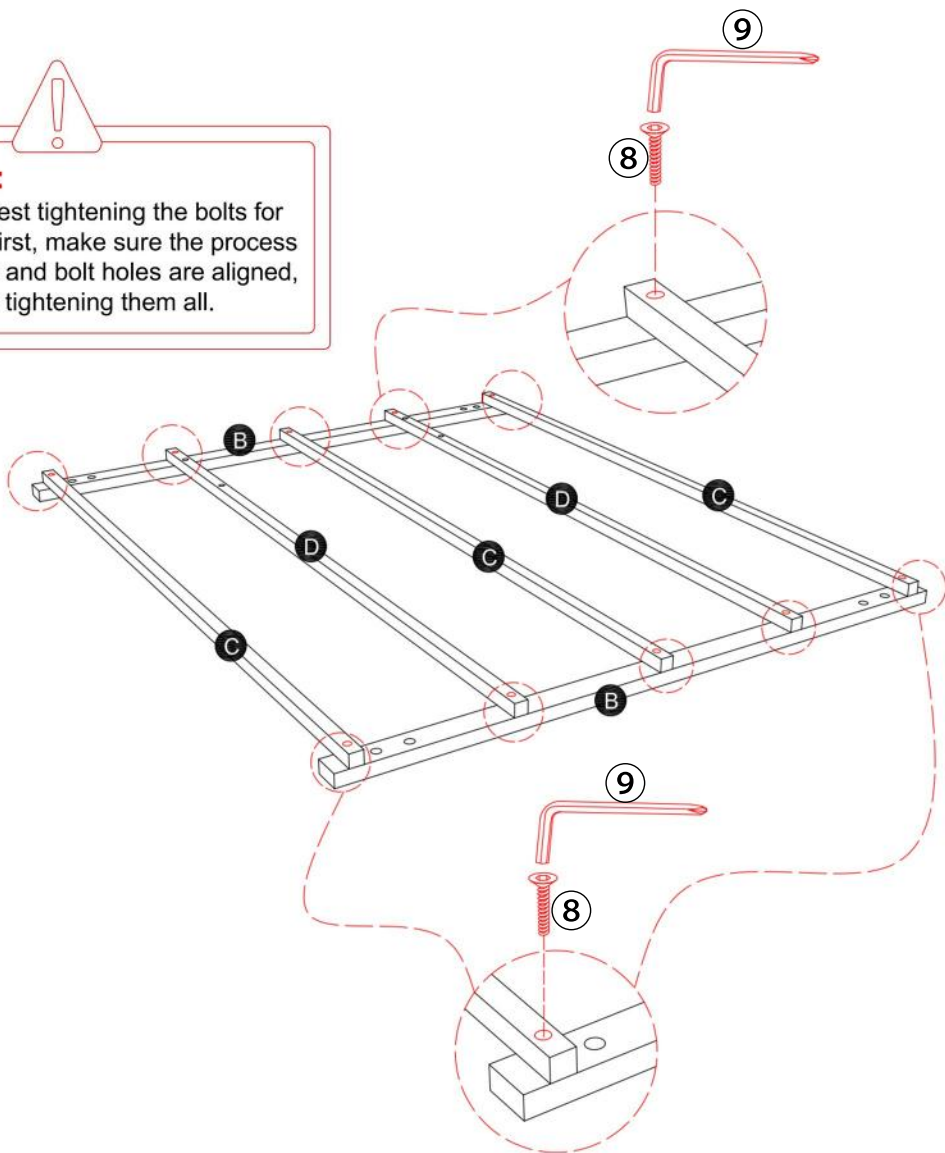

Use care when opening the bag to avoid injury from sudden expansion. Keep away from face and body while cutting.

step 2 ---Assemble the Metal Frame

As shown in the diagram, arrange the Side Rails (B), Crossbars (C), and Support Bars (D) in the correct positions. Use Screws (8) and the Allen Key (9) to connect them.

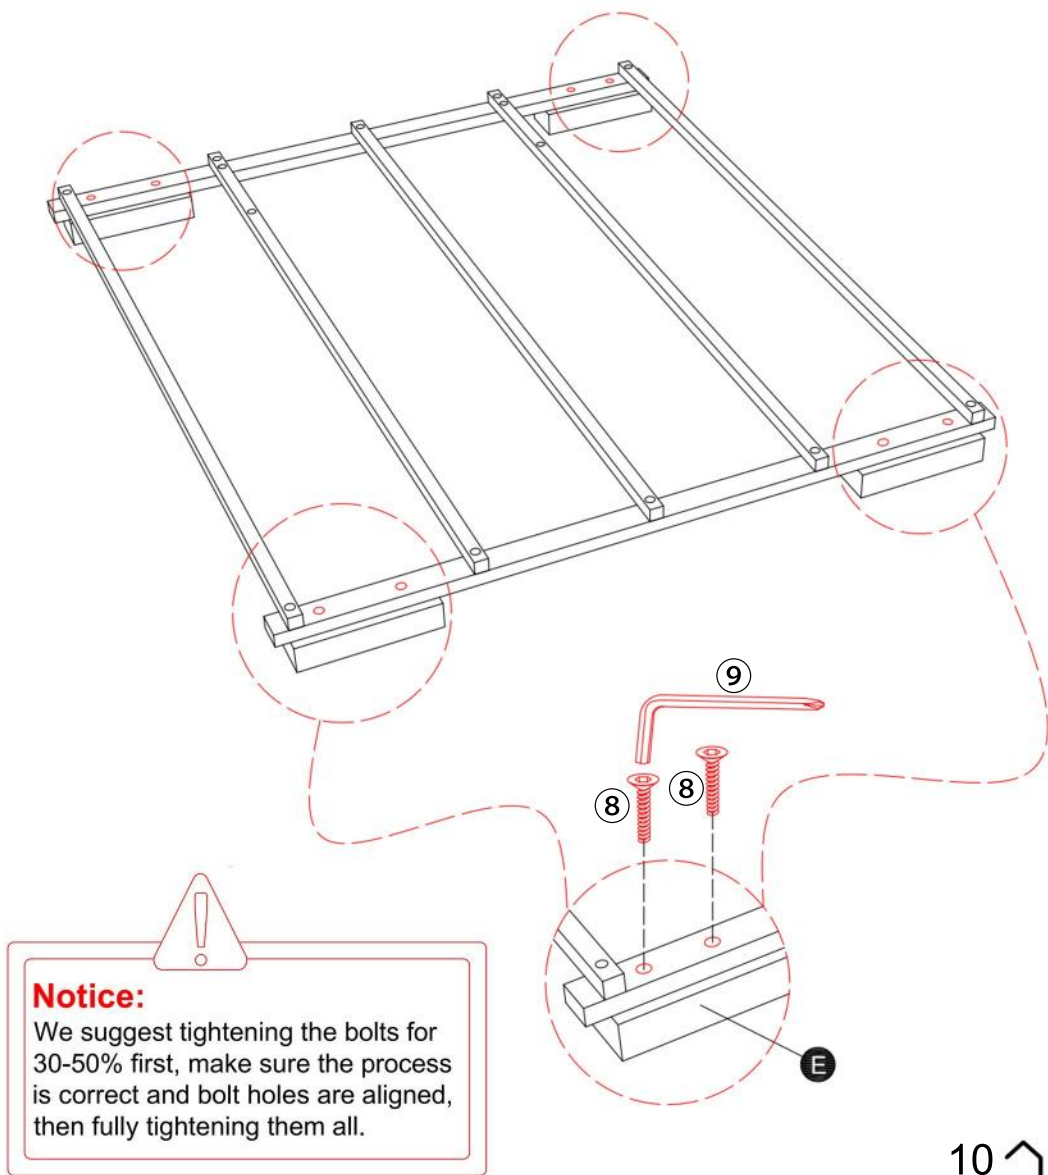

Notice:

We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

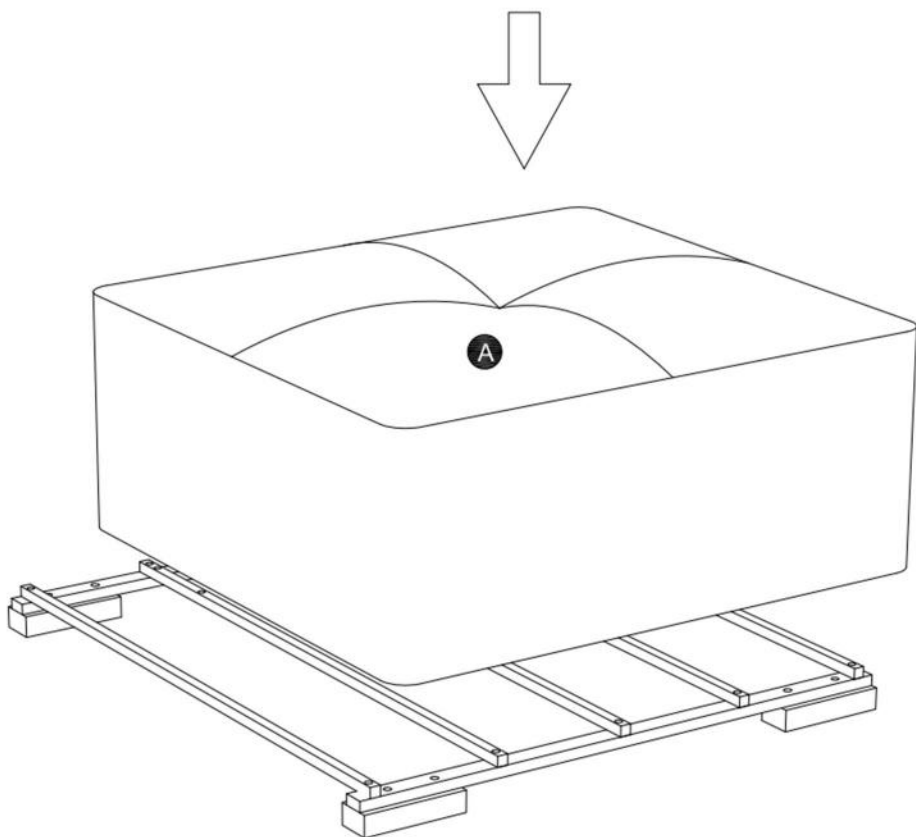

step 3 --- Install the Legs

Use Screws (8) and the Allen Key (9) to attach the Wooden Feet (E) to the corresponding corners of the frame.

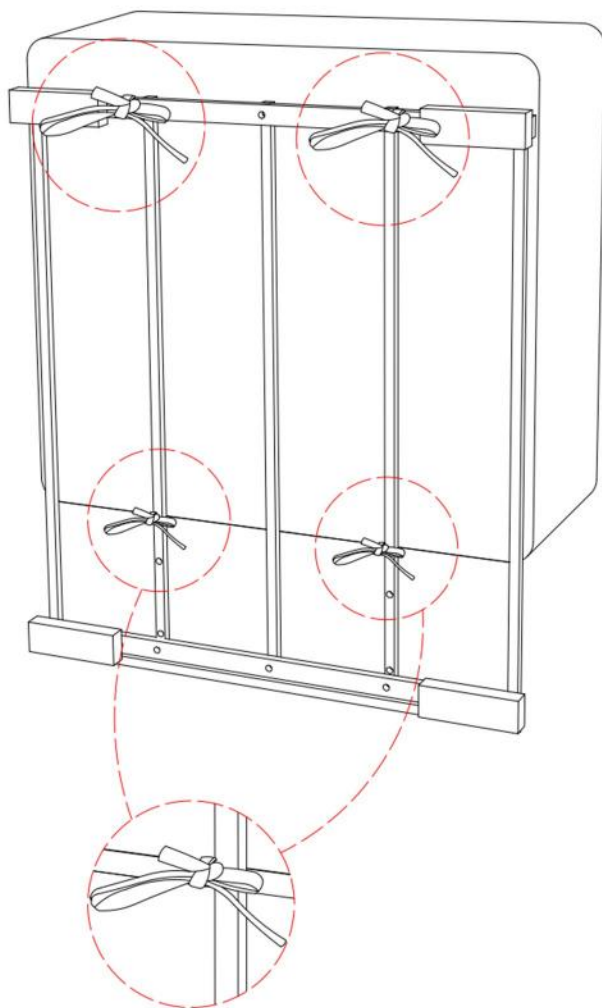

step 4 ---Position the Sofa Body

Place the Sofa Body (A) onto the metal frame (next to the cabinet).

step 5 ---Secure the Cushion Straps

As shown in the diagram, gently flip or tilt the sofa to access the bottom. Locate the fabric straps on the underside of the cushion and tie them securely to the metal frame.

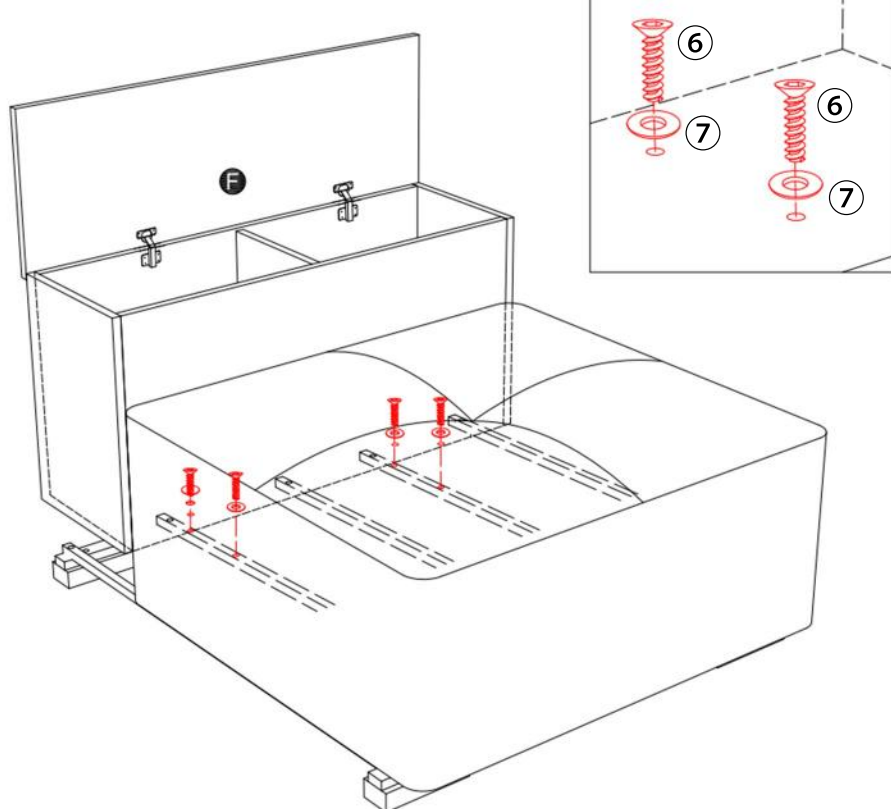

step 6 ---Install the Cabinet

Place the Cabinet onto the metal frame.

Note: Please refer to the attachment (or separate sheet) for the specific installation method regarding how to secure the cabinet.

For the installation of the locker, please refer to the installation manual of the locker.

step 7 ---Assemble complete

Place the chair properly and tidy it up to make it look nice.
Assembly is complete. Thank you for choosing our product!
Please enjoy!
Various sofa modules are displayed together.
