**Product Description:** The white plaster finish offers a striking contrast with the Maple base and Maple hardware with rustic bolts for a rustic luxe focal point in your home. Three drawers, with the top two drawers offering 2 removable dividers and the bottom drawer offering one removable divider that is cedar-lined. Crafted of Maple, White Oak and Cedar Veneers with a Solid-Wood Edge top.

**Collection Features:** From farm-to-décor looks to rustic luxe, AMERICAN LIFE evokes a sense of community, easy living and authentic craftsmanship. Urban Elevation is a rustic luxe collection that will appeal to sophisticated professionals who want to capture the serenity of hometown charm and tranquil atmospheres wherever they live. In a smaller-scale approach, Urban Elevation is crafted of resawn Maple, waxed and luxurious, along with waxed aluminum, small nails and solid maple hardware with exposed bolts. Soft, aluminum-wrapped legs distinguish the dining table, along with metal accents on other pieces. Adding to the serene, light color palette is a white plaster accent finish on several pieces including a chest, host chair and entertainment center, providing a cool contrast with the maple finish and the maple hardware with rustic bolts.

**Drawer Construction:** Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
