Large Table

Diagram 1.

Step 1:
Attach Large legs (A1) into the Large Table (A)
by using Screws (RF10042), Spring Washers (RF40193)
and Washers (RF40197) as per in diagram 1.

**Small Table**

Diagram 2.

Step 2:
Assemble the small table (B), repeat step1
as per diagram 2.

Diagram 3.

Step 3:
Attach a Drawer Plate (B2) into the unit
by using Screws (RF10080) as per diagram 3.

WARNING. The hidden compartment is NOT a security safe. The inner contents in the hidden compartment are the sole responsibility of the user and are to be stored at the user's discretion. Regardless of loss, seizure, damage, or changes in condition to the inner contents of the hidden compartment, the manufacturer is not liable for the contents stored in the hidden compartment.

How to use the concealed compartment

The hidden compartment is built in, shipped with the locking bolt (if installed), and is disengaged and unlocked. In order to engage the hidden compartment lock, please remove the sticker which blocks the bolt (see the diagram 4).

Diagram 4.

This sticker identifies the designated position. Place the magnetic key here to unlock the concealed drawer.

* Before removing the sticker, please note the designated position.

Diagram 5.

Diagram 6.

Unlock and Open: place the magnetic key onto the assigned position shown above to unlock and pull out the drawer as per diagram 5.

Close and Lock: close the drawer and remove the magnetic key from the assigned position to lock the drawer as per diagram 6.
