the grill as it will
on your plate.

OWNER'S INSTRUCTIONS

Ultimate LED Grill Light

210 Lumens CREE LED
Battery Powered, Magnetic Base

The NextLED 210 Lumen Battery Powered, LED Grill Light allows you to grill even after the sun goes down. It features a slim, compact design so it won't take up valuable space on your grill. It has a strong magnetic base that will adhere securely to any metallic surface on the grill. Its flexible neck and wide-angle head allow you to precisely locate its bright light exactly where you need it. Provides a warm, natural 3,200K light that makes food look consistently good from grill to table.

CAUTION: Read all instructions and warnings before operating! SAVE THESE INSTRUCTIONS!

WARNING: To avoid serious injury or death from electrical shock or fire:

1. This fixture **MUST ALWAYS BE USED IN ACCORDANCE WITH ALL ELECTRICAL AND SAFETY CODES AND ORDINANCES**, including the most recent National Electric Code (NEC) and with the Occupational Safety and Health Act (OSHA) Volume 1 on General Industry Standards and interpretations.
2. **ALWAYS** make certain that the power source conforms to the requirements on the fixture.
3. **DO NOT** inspect or service the fixture while unit is on.
4. **CAUTION:** Keep dry. Do not open, drop, short-circuit, incinerate, expose to temperatures higher than 220°F, or use if damaged.
5. This fixture is not explosive-proof, **DO NOT use in potentially dangerous locations, such as in flammable or explosive atmospheres.**
6. **NEVER** operate the light with the clear protective glass broken or removed.
7. **NEVER LOOK DIRECTLY INTO LIGHT SOURCE.** LED's are extremely bright and can damage eyes with prolonged exposure.
8. **KEEP AWAY** from heating vents, radiators, or other sources of heat.
9. **KEEP OUT OF REACH OF CHILDREN.**
10. **FOR INDOOR AND OUTDOOR USE.**

FEATURES

- Warm, natural 3,200k lighting
- Two standard brightness modes
- Unique lens design for wider, more even light
- Infinite brightness adjustability
- Ultra-strong magnetic base

OPERATING INSTRUCTIONS

1. Unscrew the magnet at the bottom to install batteries (3 AA batteries).
2. Place light at your desired location (metallic surface is recommended).
3. Press the power button once to turn light on high mode (210 Lumens).
4. Press the power button a second time to switch to low mode (60 lumens).
5. You can also keep the power button depressed to customize the brightness level between 60 and 210 lumens.
6. Press power button a third time to turn off the light.

ONE YEAR LIMITED WARRANTY

If this NextLED® product fails due to a defect in materials or workmanship, NextLED® will at its option, repair it or replace it with the same or comparable model, free of charge.

For repair or replacement under warranty, return to the retail establishment where the product was purchased.

This warranty gives you specific legal rights and you may have other rights that vary from state to state.

This warranty is void if damage or defect has resulted from accident, abuse, misuse or faulty repair. In no event will NextLED® be liable for any consequential, special, incidental, or indirect damages of any kind arising out of the use or misuse of this product.

Maximum liability shall not in any case exceed the purchase price of the product including shipping. Some states do not allow the exclusion or limitation of incidental or consequential damages so the above exclusions or limitations may not apply to you.
