Thank you for choosing Mount-It!

EN Read the entire instruction manual before you start installation and assembly. If you have any questions regarding any of the instructions or warnings, please contact Mount-It for assistance.

- CAUTION:** Use with products heavier than the rated weights indicated may result in inability causing possible injury.
- Please closely follow the assembly instructions. Improper installation may result in damage or serious personal injury.
 - Safety gear and proper tools must be used. This product should only be installed by professionals.
 - This product is designed to be installed on concrete walls. Do not install on drywall.
 - Make sure that the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.
 - Use the mounting screws provided. Do not use other "NOTION" mounting screws.
 - This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
 - This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.
- IMPORTANT:** Ensure that you have received all parts according to the component checklist prior to installation. If any parts are missing or faulty, contact Mount-It for a replacement.
- MAINTENANCE:** Check that the product is secure and safe to use at regular intervals (at least every three months).

- DE** Lesen Sie die gesamte Bedienungsanleitung, bevor Sie mit der Installation und Montage beginnen. Wenn Sie Fragen zur Anleitung oder Warnungen haben, wenden Sie sich bitte an Ihren Händler für Hilfe.
- VERBODEN:** Die Verwendung mit Produkten, die schwerer als die angegebenen Nennengewichte sind, kann zu Instabilität führen und zu möglichen Verletzungen führen.
- Bitte befolgen Sie die Montageanleitung genau. Eine unangemessene Installation kann zu Schäden oder schweren Verletzungen führen.
 - Sicherheitsausrüstung und geeignete Werkzeuge müssen verwendet werden. Dieses Produkt sollte nur von Fachleuten installiert werden.
 - Dieses Produkt ist für massiven Betonwänden oder Mauerwerkswänden zu montieren.
 - Stellen Sie sicher, dass die Aufhängesysteme das Gesamtgewicht des Geräts sowie aller angeschlossenen Hardware und Komponenten sicher tragen.
 - Verwenden Sie die mitgelieferten Befestigungsschrauben und die Befestigungsarmen NICHT ZU FEST ANZIEHEN.
 - Dieses Produkt enthält Kleinteile, die beim Verschieben eine Erstickungsgefahr darstellen können. Halten Sie diese Gegenstände von Kindern fern.
 - Dieses Produkt ist nur für den Innenbereich bestimmt. Die Verwendung dieses Produkts im Freien kann zu Produktversagen und Verletzungen führen.
- WICHTIG:** Stellen Sie vor der Montage sicher, dass die Oberfläche der Komponenten Checkliste erhalten haben. Bei Beschädigungen oder fehlenden Teilen, wenden Sie sich an Ihre Verkaufsstelle, um Ersatz zu erhalten.
- WARTUNG:** Überprüfen Sie das Produkt in regelmäßigen Abständen auf Sicherheit und Stabilität (am besten alle drei Monate).

FR Lire attentivement le guide d'utilisateur avant de commencer l'installation et le montage. Si vous avez des questions concernant les instructions ou les avertissements, veuillez contacter votre distributeur local pour une assistance.

- ATTENTION:** L'utilisation de produits plus lourds que les poids nominaux indiqués peut entraîner une instabilité causant des blessures potentielles.
- Les supports doivent être joints comme spécifié dans les instructions de montage. Une mauvaise installation peut entraîner des dommages ou de graves blessures aux personnes.
 - Un équipement de sécurité et les outils appropriés doivent être utilisés. Ce produit devrait être installé uniquement par des professionnels.
 - Ce produit est conçu pour être installé sur des murs en maçonnerie solides, des murs en béton massif ou murs en brique.
 - Assurez-vous que la surface de soutien supporte adéquatement le poids combiné de l'équipement et de tous les matériaux et composants associés.
 - Utilisez les vis de montage fournies et NE SERVEZ PAS TROP les vis de montage.
 - Ce produit contient de petites pièces qui peuvent causer un étouffement si elles sont avalées. Éloignez ces pièces des enfants.
 - Ce produit est prévu uniquement pour une utilisation à l'intérieur. L'utilisation de ce produit à l'extérieur peut entraîner une décoloration du produit ou des blessures aux personnes.
- IMPORTANT:** Assurez-vous que vous avez reçu toutes les pièces selon la liste de vérification des composants. Si une pièce est manquante ou endommagée, téléphonez à votre distributeur local pour qu'il la remplace.
- MAINTENANCE:** À intervalles réguliers (au moins tous les trois mois), vérifiez que le support est suffisamment sûr et stable.

RU Тщательно прочтите и изучите руководство пользователя перед началом установки. Если у вас возникли вопросы относительно инструкции или предупреждений, обратитесь к Вашему местному дистрибьютору для получения помощи.

- Внимание:** Использование продукции, вес которой превышает указанный номинальный, может привести к неустойчивости и возможным травмам.
- Оборудование должно быть установлено в соответствии с инструкциями. Неправильная установка может привести к повреждению оборудования.
 - Необходимо использовать предписанные устройства крепления и инструменты. Этот продукт должен устанавливаться только профессионалами.
 - Этот продукт предназначен для установки на прочные кирпичные стены, массивные бетонные стены или кирпичные стены.
 - Убедитесь, что несущая поверхность выдержит вес всего установленного оборудования и комплектующих.
 - Необходимо использовать прилагаемые винты, шурупы и крепежные элементы, НЕ ПЕРЕТЯГИВАЙТЕ винты и крепежные элементы.
 - Данный продукт содержит мелкие детали, которые представляют опасность удушья при проглатывании. Такие детали необходимо хранить в недоступном для детей месте.
 - Данный продукт предназначен только для внутреннего использования. Использование данного продукта на улице может привести к повреждению продукта и травмам людей.
- ВАЖНО:** Проверьте наличие комплектующих, чтобы убедиться, что Вы получили все детали в соответствии со списком комплектующих. Если не хватает какого-либо элемента или они повреждены, свяжитесь с Вашим местным дистрибьютором для получения помощи.
- ТЕХНИЧЕСКОЕ ОБСЛУЖИВАНИЕ:** Необходимо регулярно проверять (раз в три месяца, для примера), чтобы убедиться, что оборудование было безопасно.

ES Lea todo el manual de instrucciones antes de comenzar la instalación y montaje de la unidad. Si tiene alguna pregunta con respecto a las instrucciones o advertencias, comuníquese con su distribuidor local para asistencia.

- PRECAUCIÓN:** Utilizar con productos de mayor peso al indicado en los listados de peso puede causar inestabilidad y posibles lesiones personales.
- Lea cuidadosamente las instrucciones antes de comenzar la instalación. Una instalación incorrecta puede causar daños a sí mismo y lesiones personales.
 - Utilice las herramientas y equipo de seguridad apropiados. Este producto solo debe ser instalado por profesionales.
 - Este producto está diseñado para ser instalado en paredes de mampostería sólida, paredes de concreto sólido o de ladrillo.
 - Asegúrese de que la superficie de fijación soportará el peso total del equipo junto a los componentes y hardware.
 - Utilice los tornillos de montaje suministrados y NO ajuste demasiado los tornillos. Mantenga estos tornillos lejos de los niños y mascotas.
 - Este producto contiene piezas pequeñas que representan un riesgo de asfixia. Mantenga estas piezas fuera del alcance de los niños.
 - Este producto está diseñado para uso interior. El uso de este producto al aire libre puede causar daños al producto e lesiones personales.
- IMPORTANT:** Asegúrese de que haya recibido todas las piezas según la lista de verificación de componentes para la instalación. Si falta alguna de las partes, o está dañada, comuníquese con su distribuidor local para asistencia.
- MAINTENIMIENTO:** Compruebe periódicamente que el soporte está asegurado y listo para usar (al menos cada tres meses).

PT Leia todo o manual de instruções antes de iniciar a instalação e montagem. Se você tiver alguma dúvida sobre qualquer uma das instruções ou avisos, por favor, entre em contato com o seu distribuidor local para assistência.

- ATENÇÃO:** O uso com produtos mais pesados do que os pesos indicados pode resultar em instabilidade, causando possíveis danos.
- Os suportes devem ser anexados como especificado nas instruções de montagem. A instalação incorreta pode causar danos a si mesmo e lesões pessoais.
 - Os componentes de segurança e ferramentas adequadas devem ser utilizados. Este produto só deve ser instalado por profissionais.
 - Este produto é projetado para ser instalado em paredes verticais de mampareira, paredes de concreto sólido ou de tijolos.
 - Certifique-se de que a superfície de suporte suportará o peso combinado do equipamento e todos os itens e componentes associados.
 - Use os parafusos de montagem fornecidos e NÃO APERTE EXCESSIVAMENTE os mesmos.
 - Este produto contém pequenas peças que representam um risco de sufocação. Mantenha estas peças longe do alcance de crianças.
 - Este produto destina-se somente para uso interno. Usá-lo em ambiente externo pode causar falhas no produto e lesões pessoais.
- IMPORTANT:** Asegure-se de que você recebeu todas as peças de componentes antes de instalação. Se alguma peça estiver faltando ou estiver danificada, contate o seu distribuidor local para substituição.
- MANUTENÇÃO:** Certifique-se de que o suporte seja seguro e protegido para o uso em intervalos regulares (pelo menos a cada três meses).

Mount and Accessories

VESA MOUNTING HARDWARE x2

WALL MOUNTING HARDWARE

Check carefully to make sure there are no missing or defective parts. Some hardware provided may not be used. Use the correct mounting hardware suitable for your installation.

CHOKING HAZARD. Package includes small parts. Not for children under 3 years. Adult supervision is required.

Missing Parts? Call us at (855) 925-5668 and we will ship replacement parts free of charge.

DIMENSIONS & WEIGHT CAPACITY

Rated weight capacity is 88lbs/40kgs for each screen.
Caution: Ensure all mounting surfaces are capable of holding the weight of your mount.
DO NOT EXCEED MAXIMUM LISTED WEIGHT CAPACITY. SERIOUS INJURY OR PROPERTY DAMAGE MAY OCCUR!

Tools Required - Not Included

Step 1

Attach the Upper Pole to the Ceiling Bracket

- Slide the Upper Pole (#D) into the Ceiling Bracket (#A) in the orientation shown.
- Insert the M8x65 Top Connection Bolts (#Q) through the aligned holes in the Ceiling Bracket (#A) and Upper Pole (#D).
- Install the M8 Nuts (#R) onto the ends of the bolts and tighten them using the 10–13mm Wrench (#U) and the 5mm Hex Wrench (#T).
- Tighten the two pre-installed set bolts on both sides of the Ceiling Bracket (#A) using the 5mm Hex Wrench (#T) to lock the Upper Pole (#D) in place.

Step 2a

Mounting to a Wood Joist

- Use a stud finder to locate the center of the ceiling joist. Center the Mounting Template (#C) on the joist and mark the hole locations with a pencil.
- Drill pilot holes at the marked locations using a 1/4" (6mm) drill bit to a depth of 3.5" (90mm).
- Position the Ceiling Bracket (#A) over the drilled holes. Secure it using the Lag Screws (#W-A) and Washers (#W-C).
- Slide the Bracket Cover (#B) to the top of the pole and rotate it clockwise until it locks into position on the ceiling bracket.

Step 2b

Mounting to Concrete or Brick

- Place the Mounting Template (#C) in the desired location on the ceiling. Mark the 4 hole locations with a pencil.
- Drill holes at the marked locations using a 1/2" (12mm) drill bit to a depth of 3.7" (95mm).
- Insert the Concrete Anchors (#W-B) into each hole.
- Position the Ceiling Bracket (#A) over the drilled holes. Secure it using the Lag Screws (#W-A) and Washers (#W-C). Tighten until the bracket is fully secured against the ceiling surface.
- Slide the Bracket Cover (#B) upward over the pole and rotate it clockwise to lock it into place beneath the Ceiling Bracket (#A).

Step 3

Install the Center Bracket and Connect the Pole Sections

- 1. Attach the Center Bracket to the Lower Pole**
 - Slide the Center Bracket (#H) onto the end of the Lower Pole (#F), ensuring the arrow on the bracket points upward toward the top of the pole.
 - Allow the Center Bracket to rest against the bottom of the Lower Pole.
 - Tighten the pre-installed set bolt on the Center Bracket (#H) using the 5mm Hex Wrench (#T) until fully secured.
- 2. Attach the Middle Pole to the Upper Pole**
 - Place the Middle Pole (#E) onto the Upper Pole (#D), align the holes on both poles, then insert the M8x60 Middle Connection Bolts (#P) through the poles.
 - Install the M8 Nuts (#R) on the opposite side and tighten them using the 10–13mm Wrench (#U) and the 5mm Hex Wrench (#T).
- 3. Attach the Lower Pole to the Middle Pole**
 - Insert the Lower Pole (#F) into the Middle Pole (#E) and adjust it to the appropriate height.
 - Align the holes on both poles, then insert the M8x55 Height Adjustment Bolts (#O) through the poles.
 - Install the M8 Nuts (#R) on the opposite side and tighten them using the 10–13mm Wrench (#U) and the 5mm Hex Wrench (#T).

Step 4

Install the Sliding Brackets

- Position a Sliding Bracket (#K) in front of each Center Bracket Arm (#J), ensuring the arrow on the Sliding Bracket (#K) is pointing upward toward the top of the pole.
- Slide each Sliding Bracket (#K) fully onto its Center Bracket Arm (#J), moving it inward until it reaches the end of the arm. The front face of the Sliding Bracket, the side with the mounting plate, must face forward.
- Once positioned, install the Sliding Bracket Knobs (#L) to secure each Sliding Bracket in place.

Step 5

Attach the Bracket Arms

- Slide each Center Bracket Arm (#J) onto the ends of the Center Bracket (#I) until the mounting holes align, then install the bolts to secure them in the following order:
 1. Insert the M6x8 Bolt (#N) into the top hole of each arm and tighten partially using the 4mm Hex Wrench (#S).
 2. Insert the M6x8 Bolts (#N) into the rear holes and tighten them fully using the 4mm Hex Wrench (#S).
 3. Return to the top bolt and tighten it fully.

Step 6

Assemble the TV Plates

- Slightly loosen the pre-installed bolts on the front of each TV Plate (#G) using the 4mm Hex Wrench (#S).
- Insert the TV Plate Arms (#H) into the channels on the TV Plate, aligning the mounting holes.
- Install the M6x8 Bolts (#N) through the aligned holes and tighten them fully using the 4mm Hex Wrench (#S). Then re-tighten the pre-installed bolts.
- Turn the TV Plates over and partially loosen the two upper nuts. Then fully remove the lower nut from the bottom bolt, as shown in the diagram.

Step 7

Hang and Level the TV Plates

- Lift each TV Plate (#G) and hang it onto the Sliding Bracket (#K) using the two upper bolts and nuts that were loosened in the previous step.
- Reinstall the lower nut onto the bottom bolt of the TV Plate (#K).
- Adjust all three nuts on each bracket to level the TV Plates before fully tightening them.

Step 8

Attach the VESA Brackets to the TV

- Select the appropriate size mounting Bolt (#M-A through M-D) and Washer (#M-E) for your TV's mounting holes and verify the length of the VESA bolt is not too long. If you are unsure of the correct bolt size for your display refer to your TV user manual or contact the TV manufacturer for sizing information. If necessary, use the included Spacers (#M-F, M-C) between the mount and the TV as shown to adjust the length of the mounting bolt. Multiple spacers can be used in combination to achieve the desired bolt depth.

Step 9

Hang the TV and Secure the VESA Brackets

- With two people, lift the TV and hook the VESA Brackets (#M) onto the horizontal bars of the TV Plates (#C), ensuring both brackets are fully seated on the bars.
- Tighten the security bolt at the bottom of each VESA Bracket (#M) until it lightly contacts the lower bar. This prevents the TV from being lifted off the mount. Do not over-tighten the security bolt; it only needs to touch the bar to secure the TV in place.

Step 10

Final Adjustments

- Left/Right Swivel: Loosen the set bolt on the back of the Center Bracket (#I) using the 5mm Hex Wrench (#T) to allow the entire mount to swivel left or right. Tighten to bolt to hold it in position.
- Tilt Adjustment: If the TVs do not tilt by hand, slightly loosen the side bolts on the Sliding Brackets (#K). Tilt each TV to the preferred viewing angle, then re-tighten the bolts.

- Horizontal Positioning: Loosen the Sliding Bracket Knob (#L) on the back of each Sliding Bracket (#K). Slide each TV left or right along the horizontal bar to center or align the displays, then tighten the knob to lock the bracket in place.
- Level Adjustment: Loosen the nuts on the back of each Sliding Bracket (#K), adjust the TV until it is level, then tighten the nuts to secure the position.
