Completed loft bed

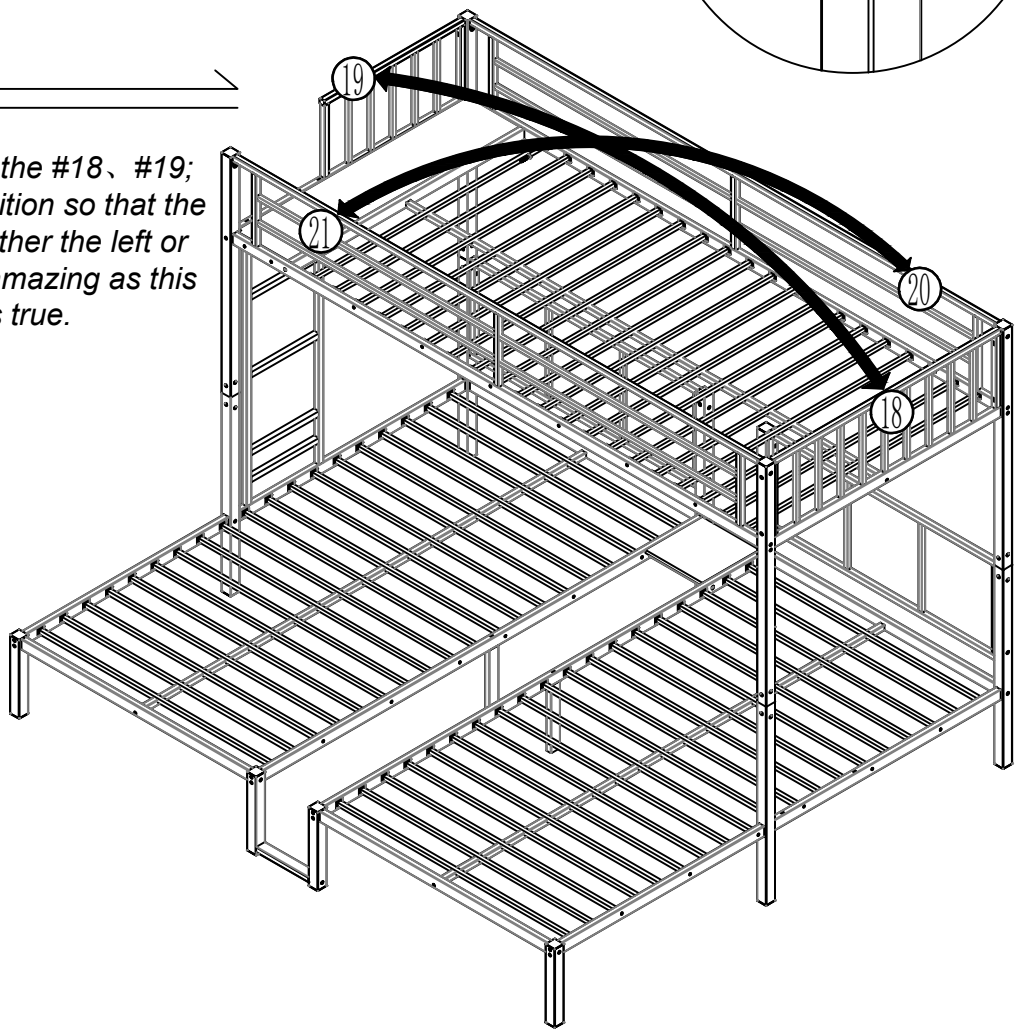

Tips:
If you feel that the bed is a little wobbly then please use the parts "U" and "T"for reinforcement

Simply switch the #18、#19; #20、#21 position so that the ladder is on either the left or right side As amazing as this may seem, it's true.

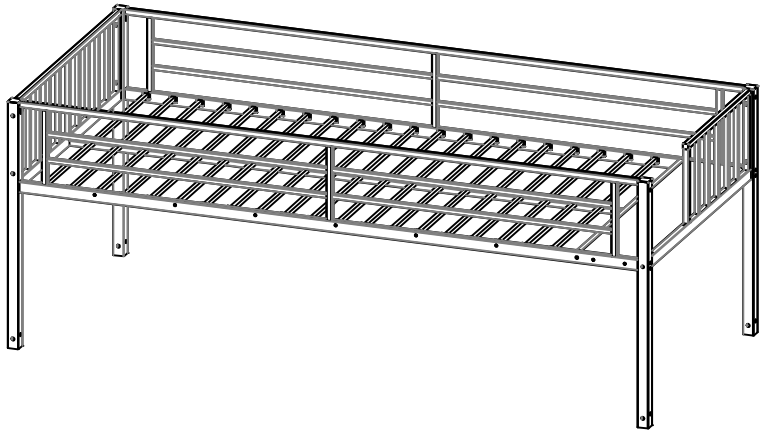

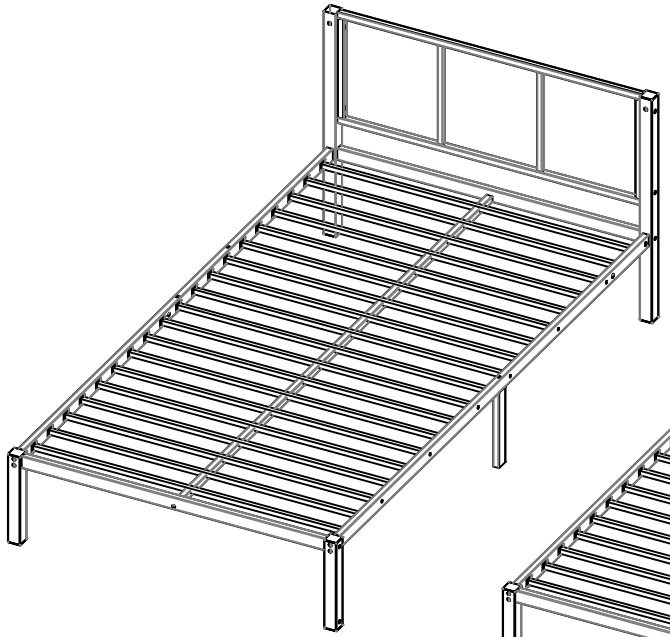

The ladder is on the right.

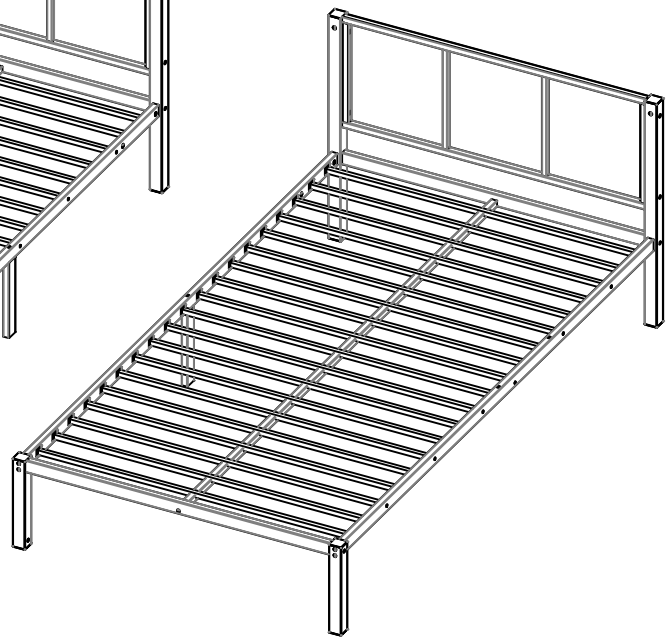

The ladder is on theleft.

It can also be turned into three completely separate beds

Attention

Please make sure all bolts are fastened before use, thank you.
