

# AUSTIN

April 2019

955

Materials: Flat Cut White Oak Veneers, Poplar Solids, Metal

Finish: A medium brown with glaze and hand applied antiquing.  
The metal is a textured dark bronze.

Number of Pieces: 6

Inspiration: A casual transitional table group that relies on sturdy construction from a blending of oak and steel to provide a pleasing table complement for a variety of looks in the living area.

Description: Solid oak top rims have a shape on the inside that steps down to the hand hammered metal inset top. There are metal apron rails under the tops and the legs taper top to bottom and end with a decorative foot. All pieces have an oak shelf below that is framed by metal.
