Use Tips On Remote Control:

- * The remote control distance is within 49.2ft.
- * The remote controller requires two AAA batteries.
- * Pairing is not required before using.
- * The back of the remote controller is magnetic and can be attached to a floor lamp pole or any other metal object
- * If the remote control fails to work, please re-pair the remote and lamp with the following methods:
 1. Turn on the power switch ;
 2. Unplug the power cord 5 times in a row and reconnect it, the floor lamp will flash quickly about 3-5 seconds, and then you can Long press the "☀️" button of the remote about 3 seconds within 1 minute until the light flickers twice, and then the remote has been successfully re-paired.
