OTTOMAN MODULAR INSTRUCTION MANUAL

ULTIMATE COZY COMFORT

TIPS & PREP

Your new couch comes with an easy tool-free assembly that you can do at home using the provided instructions. But before we dive in, here are some key tips and prep steps to make the assembly process as smooth as possible.

Get a buddy or family member

Even though the assembly is completely tool-free, it involves lifting and aligning various parts. To make assembly easier, we suggest having at least two people there throughout the process.

Left or right matters!

Throughout assembly, we'll mention the Left and Right Arm Panels and movements to the left and right. We'll be using "left" and "right" based on the perspective of standing in front of your couch.

Don't overlook the glossary!

We've included a glossary with these instructions to help you identify every part and piece of hardware. If you run into any issues, consult the glossary to ensure you're using the right components.

Unbox and check your hardware

The hardware pack for your sofa is in the seat base. Open it up, lay out each piece, and double-check with the checklist to make sure you have everything you need. If anything's missing, reach out to customer service before moving forward.

Have your scissors handy!

Make sure you have scissors nearby. The cushions and seat pads are in compression bags. Carefully open them to prevent any damage or injury while unpacking.

Clear the space!

We recommend putting your couch together in a roomy, clutter-free area, away from pets and little ones. Lay down a sheet to keep the couch components clean and free of debris during assembly.

COUCH ASSEMBLY INSTRUCTIONS

This details the modular couch ottoman installation. Accessories and steps are for this ottoman only, not for other modules. Verify your purchased module type. For other modules, refer to their instruction manuals.

NOTICE:

Don't worry. It may take at least 72 hours for all compressed foam to fully regain its shape after decompression.

CARE:

The couch covers are removable and washable. It is recommended to use a fabric cleaner specifically designed for furniture. Avoid washing at high temperatures. After cleaning, it is advisable to iron the fabric before use.

STEPS

1

Unzip the Seat Base(A), remove the necessary components.

Proceed to check the quantity.

2

D
Leg × 4

E
Plastic leg shims × 4

Insert the plastic leg shims into the leg studs, and then all install the legs onto the seat base in a clockwise direction.

3

B
Seat Cushion Foam Insert × 2

C
Seat Cushion Cover × 1

Take out the seat cushion foam insert (B) and the seat cushion cover (C). Help the foam regain its shape by gently patting it repeatedly.

Lay the seat cushion cover (C), flat on a clean place.
Note: The opening of the cushion cover should face upwards.

Put component the seat cushion foam insert (B) into component the seat cushion cover (C).
Note: The zipper of the seat cushion cover (C) faces upward.

Note: Place the seat cushion with the flat side facing up.

Note: Pull the zipper of the cushion cover (C) through the space between the two cushion foam insert (B).

4

Place it on the top of the seat base (A).

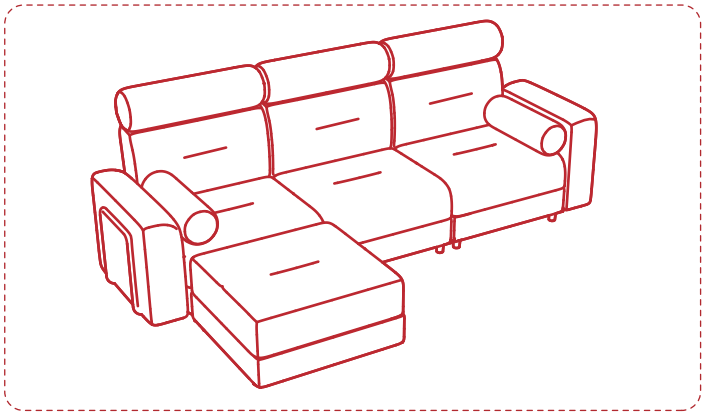

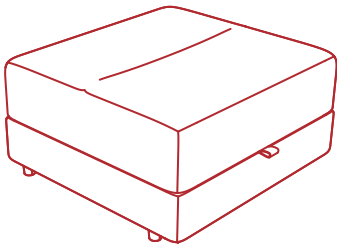

Note: Align the zipper of the cushion cover (C) with that of the seat base (A), and then zip them up. The zipper serves to prevent displacement.

5

The cover attaches to the couch with Hook-and-loop fastener.

5

Complete the installation.
