

ROLL OUT TRUNDLE

Examine all packaging material for small parts that may have come loose during shipment. Periodic checks are recommended to insure that all components are in proper position, tight and free from damage. Keep this assembly instruction for future reference. Adult assembly is required.

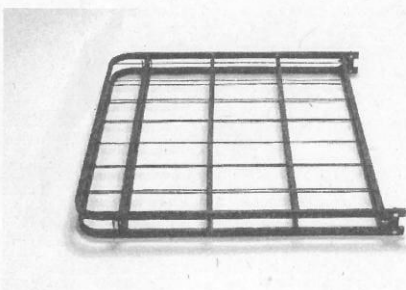

HARDWARE LIST

- A (6) Carriage bolts
- B (6) Compression nuts
- C (6) Rollers
- D (1) Wrench

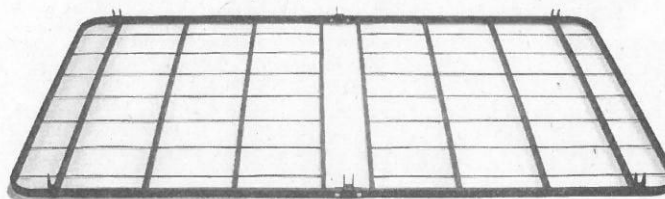

Step 1

Place unit on floor.

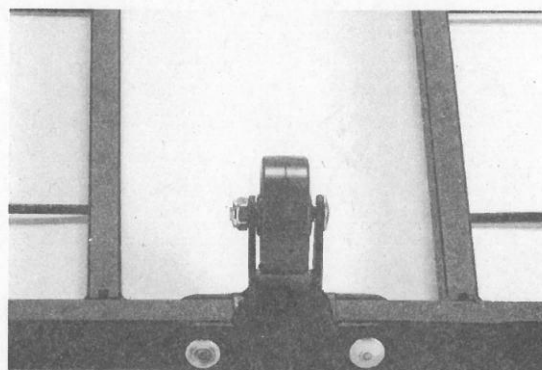

Step 2

Open unit. Roller brackets will be facing up.

Step 3

Insert bolt A into **square hole** side of roller bracket. Then through the roller and the other side of the bracket. Screw nut B onto bolt and tighten with wrench. Tighten until the bolt just comes through the nut. Assemble six rollers to brackets.

Step 4

Turn the unit over.
