x2

19 M4*14

10 Install the headrest and hanger. Complete.

03 Instructions For Use

Functions Display

Please read the function introduction carefully.

A Chair Height Adjustment

Cylinder Fixed Base “LIFT” You can adjust the seat height by using the lever.

- While sitting in the center of the seat, pull the “LIFT” lever on the lower right side of the seat upward to lower the seat.
- While lifting your hips, pull the “LIFT” lever on the lower right side of the seat upward to raise the seat.

Note:

The height adjustment feature may not work properly immediately after assembly. To activate it, apply pressure to the gas cylinder so that it contacts the base, then sit on the chair a few times to help engage the mechanism.

B Back Recline Function

The reclining function can be adjusted using the “RCL” lever on the cylinder base.

- (1). Sit in the center of the seat and lean back against the backrest.
- (2). Pull the “RCL” lever located at the bottom right of the seat upwards to release the lock and tilt the backrest.
- (3). Press the “RCL” lever downward to lock the backrest at your preferred angle.

⚠ Attention

To avoid injury, do not lean back on the backrest before it's locked in place. This could cause the backrest to tilt suddenly. After adjusting the angle to your liking, make sure to press the “RCL” lever downward to securely lock it.

C Rotatable headrest

D Height adjustable headrest

04 SAFETY & MAINTENANCE

Please read the safety introduction carefully.

Please use the chair properly to prevent any potential safety accidents.

Sit in the center of the chair with your back to the backrest.
