	④	tube	2		D	screw	4		H	wall strap	1				

Assembly Procedure: Refer to Figure 1.

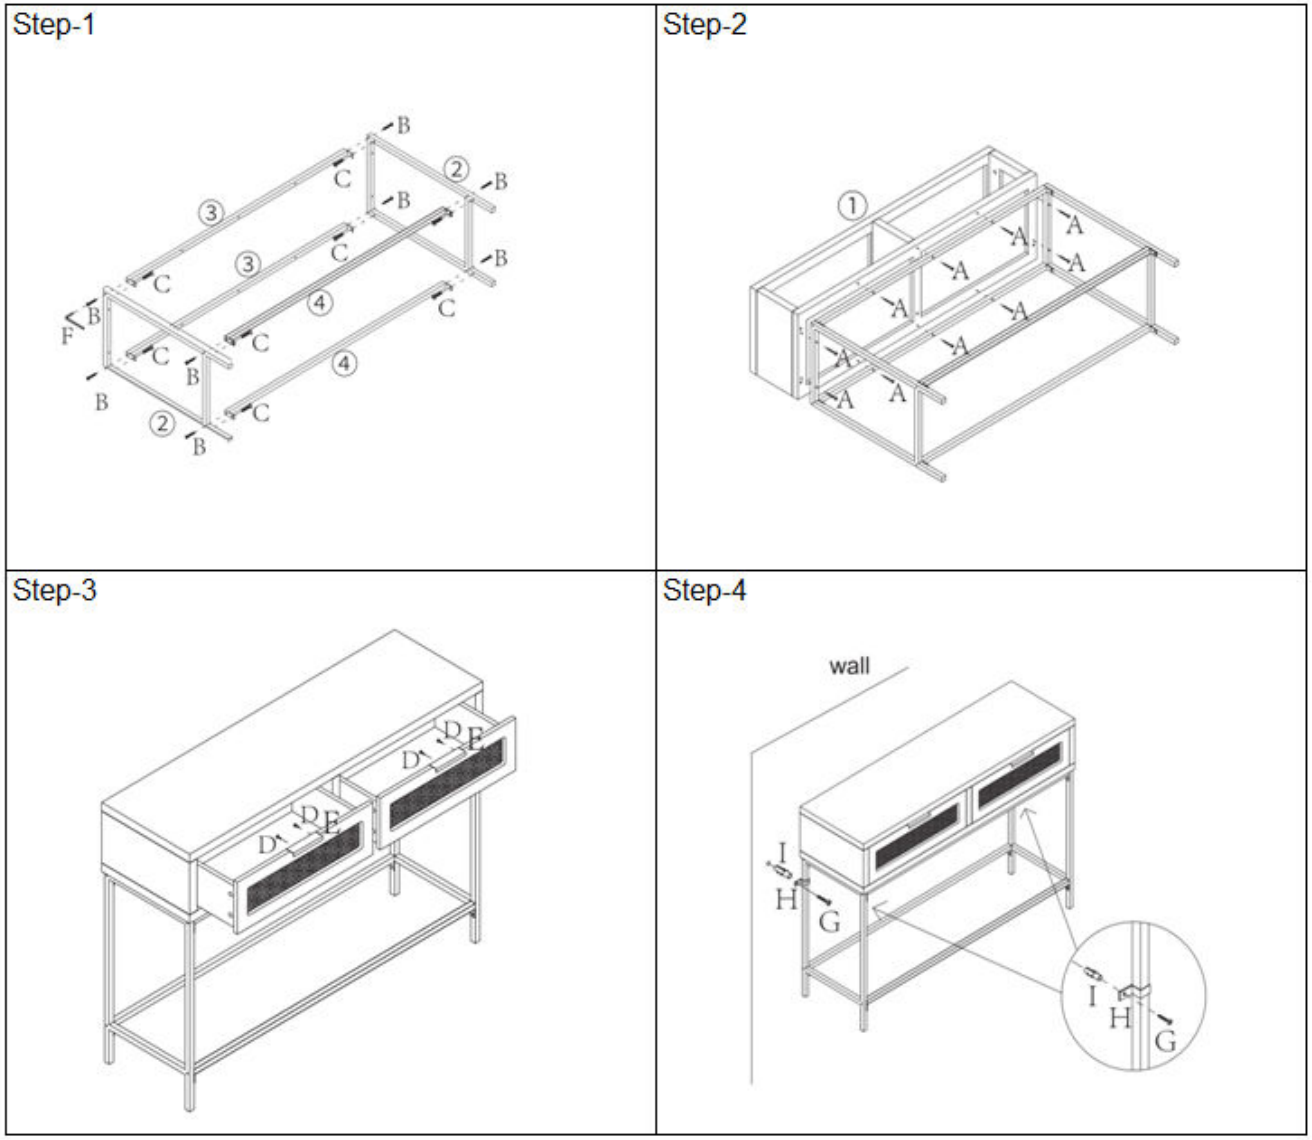

1. **Step 1:** To assemble the table base, attach Tubes (3) and Tubes (4) to Tube (2) by using Bolts (B) & Bolts (C) and tightening with the Allen Key (F) until secure.

2. **Step 2:** Secure the assembled table base from Step 1 to the Table Body (1) and secure with screws (A). Tighten Screws (A) with a screwdriver (not included) until secure.

3. **Step 3:** Attach the drawer Handle (E) by lining up the Handle (E) with the pre-drilled holes in the Table Body (1) and secure with screws (D). Tighten Screws (D) with a screwdriver (not included) until secure.

4. **Step 4:** The Anti Tilt Kit (Parts G, H & I) will help prevent the table from tipping over. To install this, determine the desired location for the furniture piece, then attach the Wall Strap (H) to the backside of the Table Body (1). Attach the secured Wall Strap (H) to your wall using the Wall Plug (I) & Screw (G).
