ASSEMBLY INSTRUCTIONS SS13137
- Sectional Sleeper Sofa -

Attention

The entire set is shipped in **TWO packages (Box A and Box B)**. Due to uncertainties with the carrier during the transportation process, they might arrive at different times. If you haven't received the second package within **2 days** after the first one arrives, please reach out to us. No worries, we'll investigate the issue and get back to you within 24 hours.

1. When installing the product, we recommend having two people work together to provide assistance and make the installation process easier.
2. When tightening the screws, we recommend aligning all the screws first and tightening them halfway, and then finally tightening them all the way after all the screws are aligned.
3. Exercise caution when using a knife to unpack, to avoid unnecessary scratches on the product surface.
4. The seat cushions and backrests have been vacuum-compressed. Allow them to sit for a while or gently pat them after unpacking to restore their fullness.
5. We value your experience,so if you encounter any issues related to delivery, assembly, usage, or post-purchase service, please contact us promptly. We offer a one-year warranty and lifelong customer service for our products.
6. Keep your children away until the installation is complete. This product contains small parts (such as screw accessories, etc.) that could pose a choking hazard. Please prioritize safety.

Before install it, please see these attentions

FAQ

Q1:Missing pillows and srcews.

A1:The pillows and screws are placed in the cloth bags on the inside of the handrails on both sides - **Part [J & K]**.

Please open the cloth of the these parts and take out all the accessories.

If you still can't find these accessories, please check the parts list and tell us the numbers of missing parts.We will offer good solutions for you asap.

Q2:The frame base and screw can't be installed or the hole position is not,

which makes it impossible to install or difficult to install.

A2:Please insert all screws into holes first, don't tighten them until they are all aligned. If you still can't assemble it, kindly send some pictures or video to us for help.

Q3: Do not know how to use the parts D-R and D-L to connect the panel.

A3: Regarding this part of the connection, you need to start by screwing the screws into the screw holes of the panel, but be careful not to tighten them all the way, we need to snap in the extra screws into the D-L and D-R parts, and tighten the screws all the way at the end after they are fully seated.

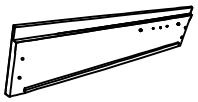

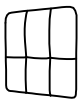

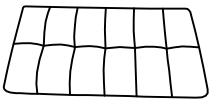

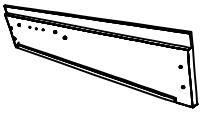

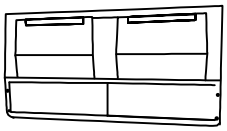

Q4: Some parts were damaged when arrived,such as Part Z or Part a.

A4: Please send clear photos of damaged parts to us as attachment via message, we will check and offer the best solution for you asap pls don't worry.

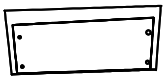

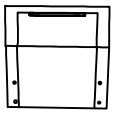

Q5: Are there multiple permutations?

A5 Yes. This combination sofa of ours can be either left L-type or right L-type, which totally depends on the specific scenario of the customer's placement. Generally most of the selected installations are right L-type (when you sit down, the long sofa bed is on your right side, we call it right L-type), but you can choose according to your own preferences, if you have any questions, you are welcome to contact us in time.

Single Person Sofa Bed

STEP1

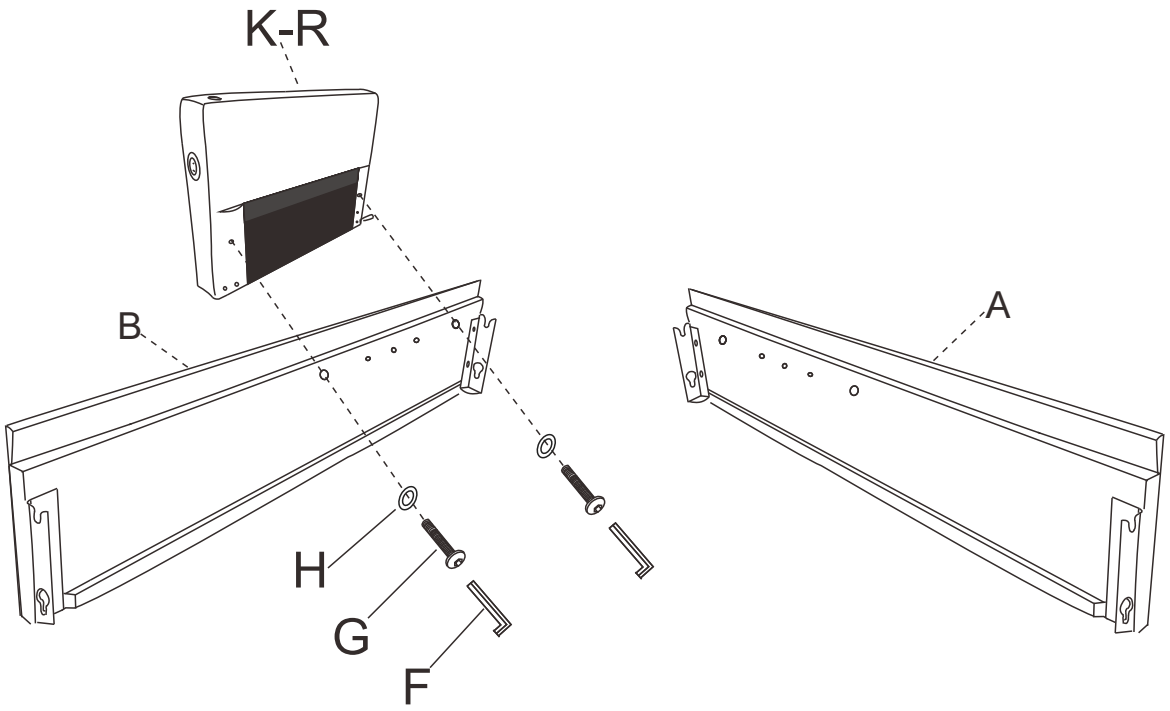

As this step shows, tighten all the screws finally.

A		X1
B		X1
D-L		X2
D-R		X2
E		X8
F		X1

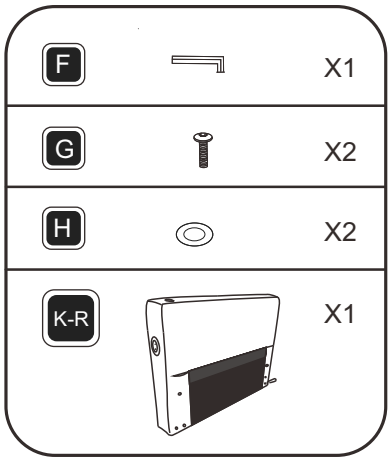

Pls refrain from tightening the screws initially.
As it will help you align all the screw holes more effectively.

STEP2

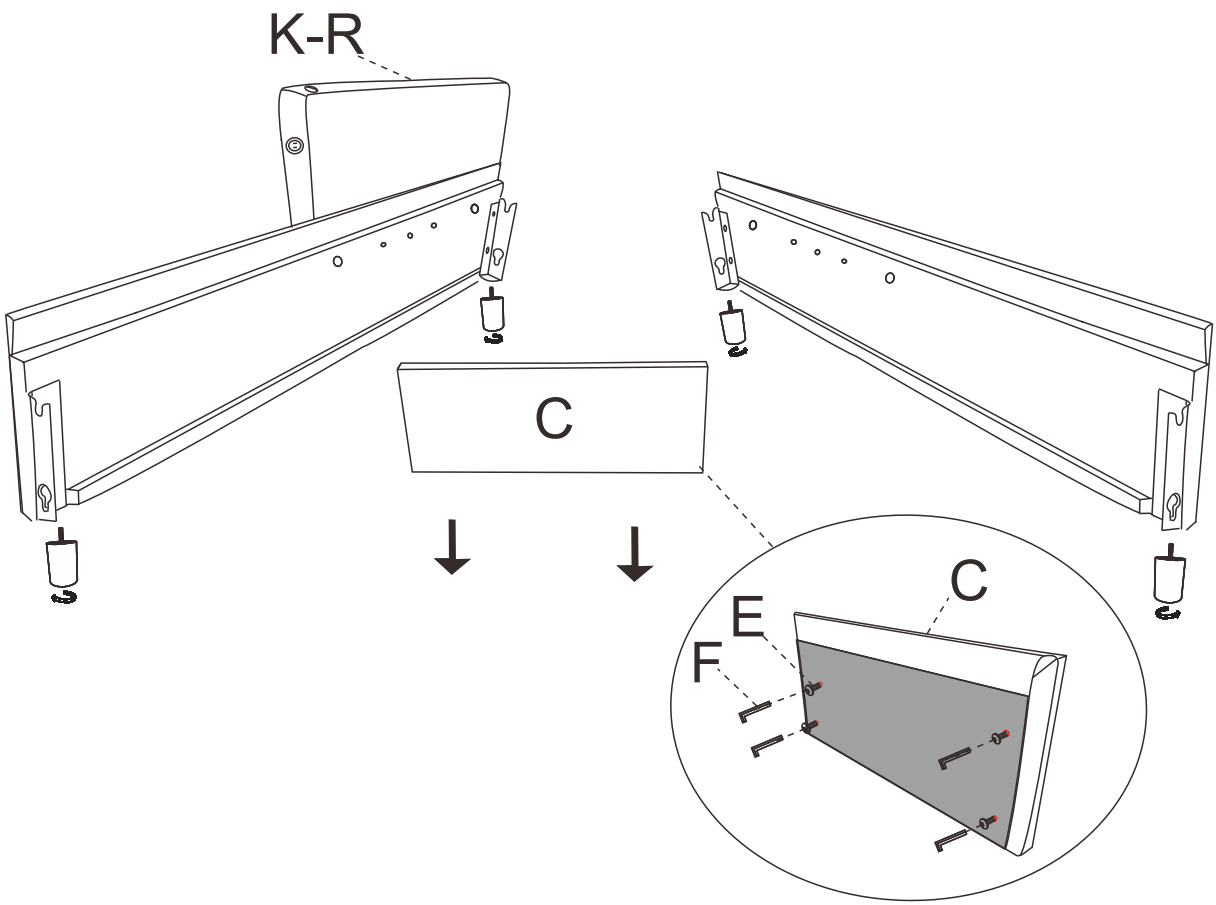

Don't forget to use screw washers when tightening the screws to prevent deformation of the iron frame.

NOTE Inorder to assemble the Left L-shaped sofa, pls connect parts #J-L to panel #A. (The Right L-shaped sofa shown is assembled by connecting #K-R to panel #B.)

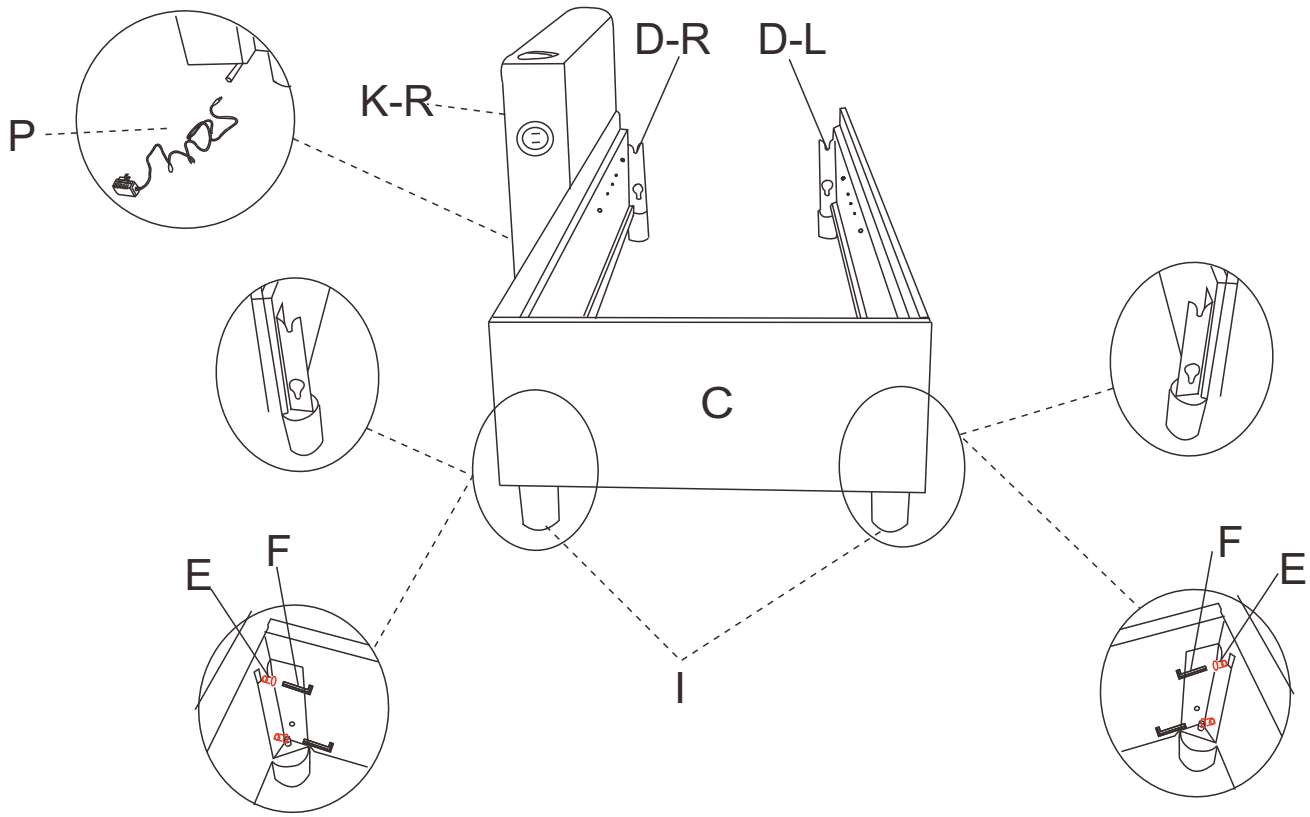

STEP3

C		X1
E		X4
F		X1
I		X4

Turn the screws on the front board and not too tight; then put the front board on to the connect metal.

STEP4

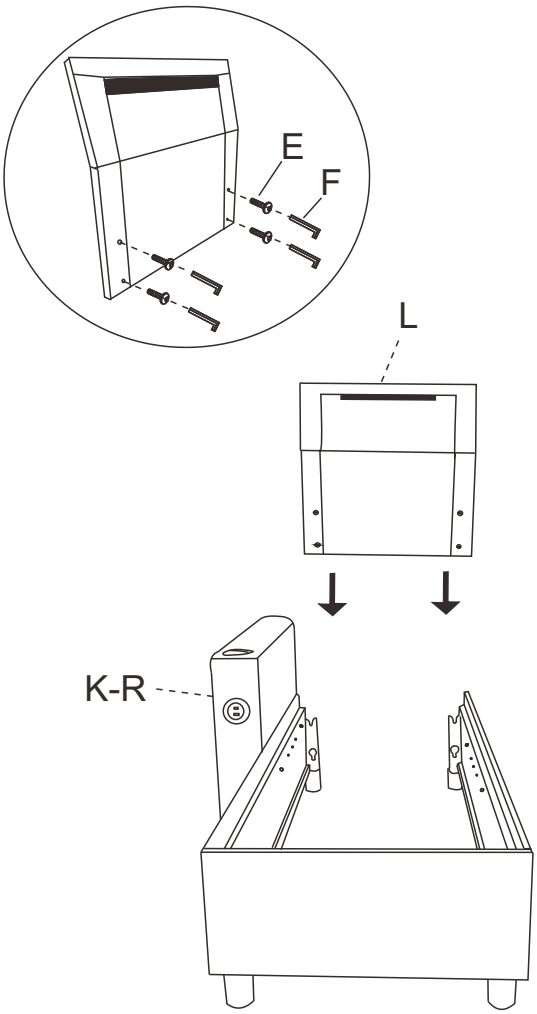

Attach the power cord behind the right armrest of the chair.

And tighten all the screws in this step.

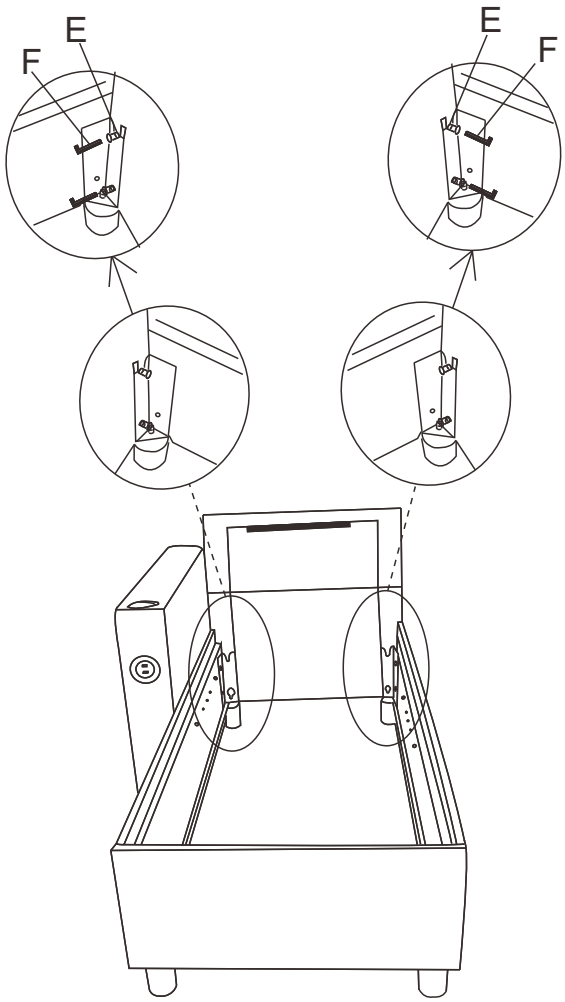

F		X1
P		X1

STEP5

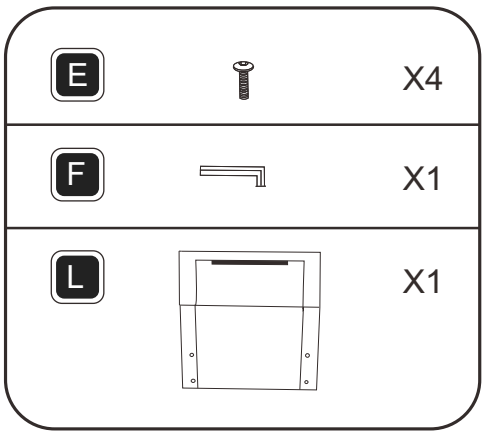

Not too tight at first

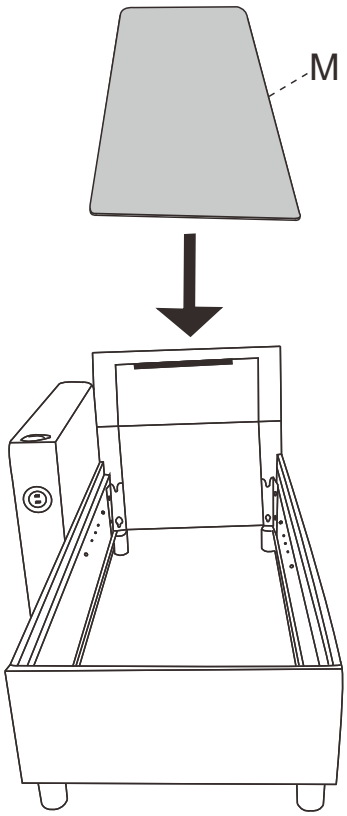

Tighten the screws at the end

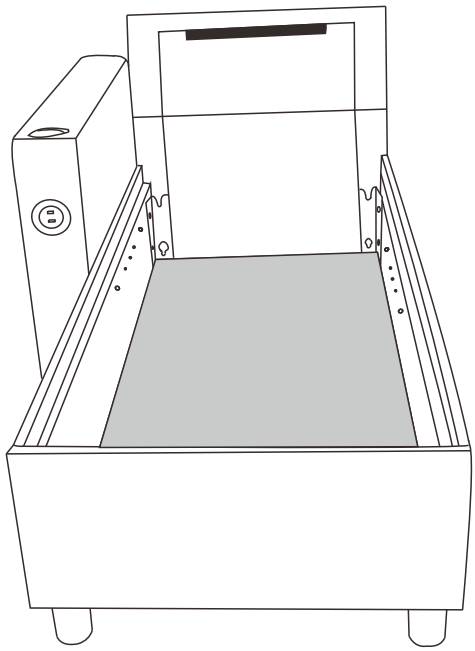

Turn the screws on the chaise backrest (L) not too tight; then put the back rest on to the connectmetal, and then tighten the screws.

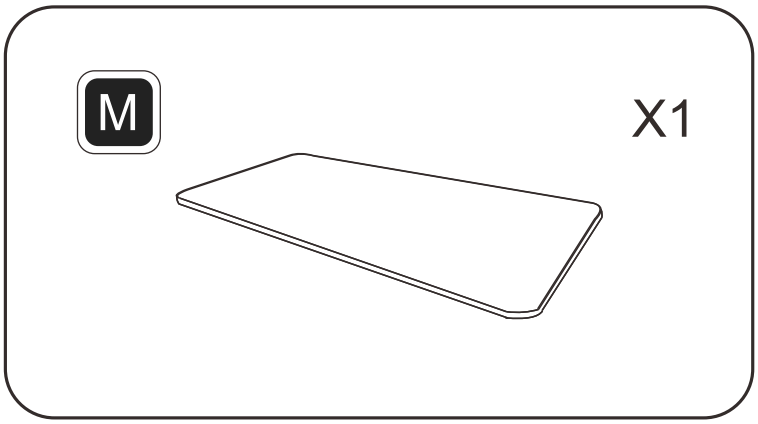

STEP6

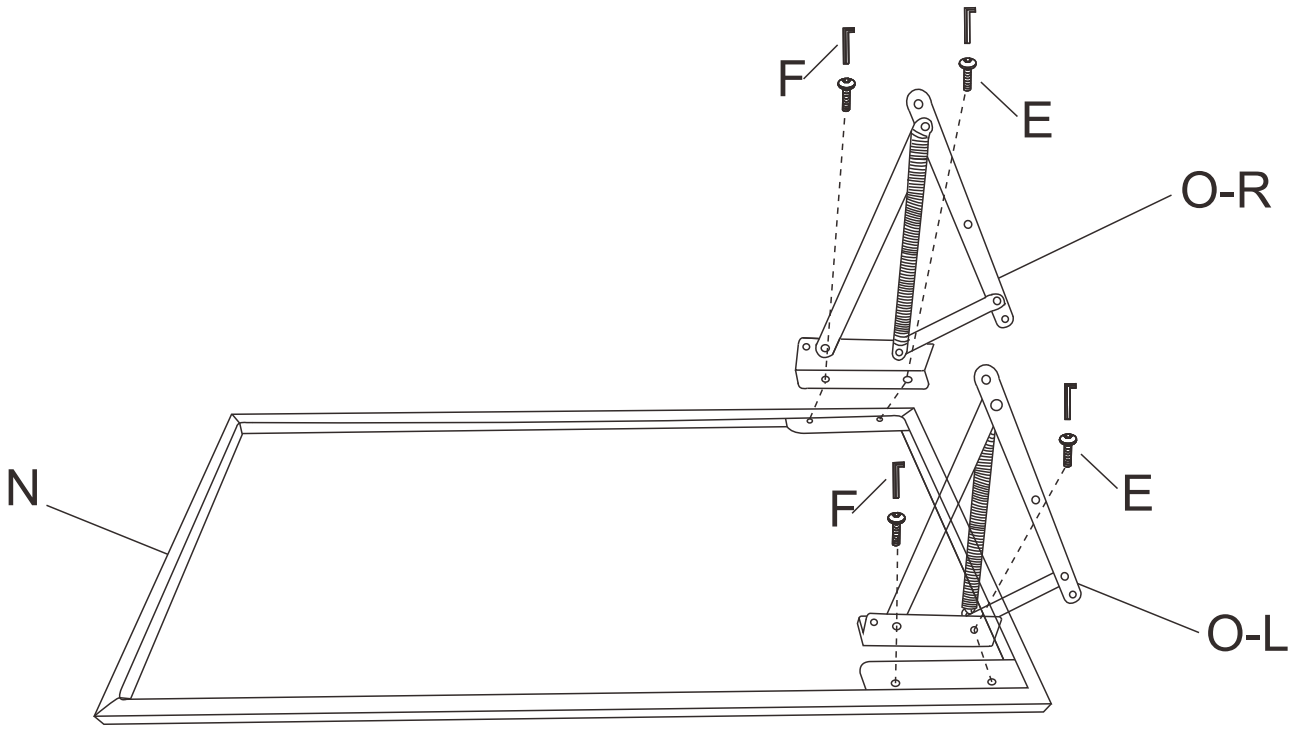

Lower panel #M onto the lowest metal shelf and snap it into place, but be careful not to use violence.

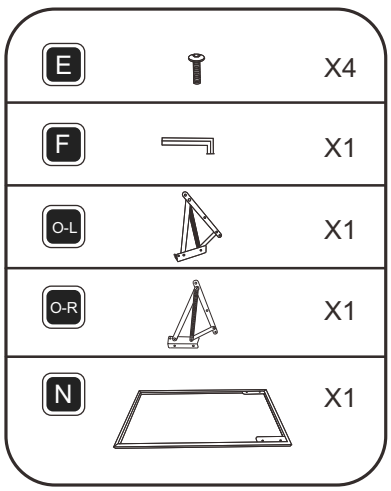

STEP7

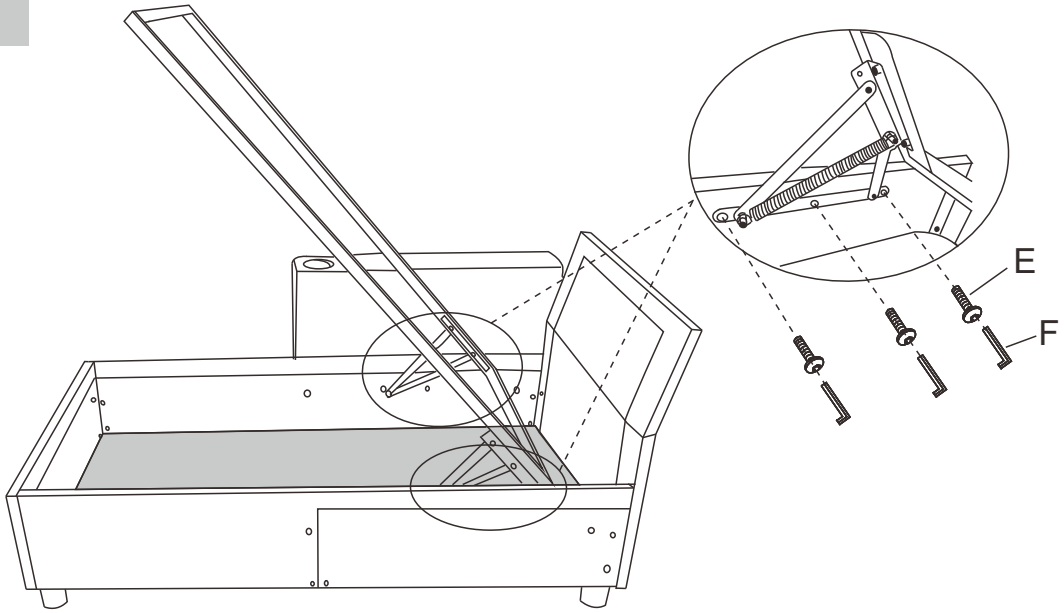

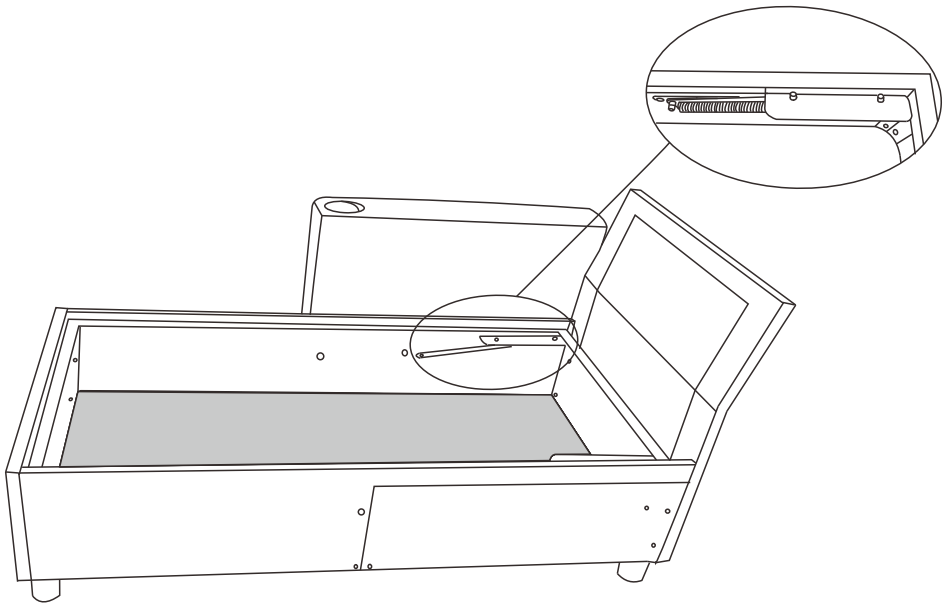

And pls note the orientation of the O parts.

Pls refrain from tightening the screws initially. As it will help you align all the screw holes more effectively.

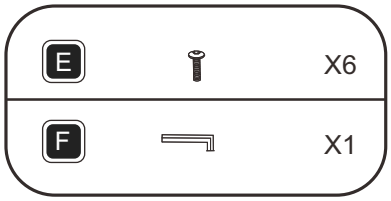

STEP8

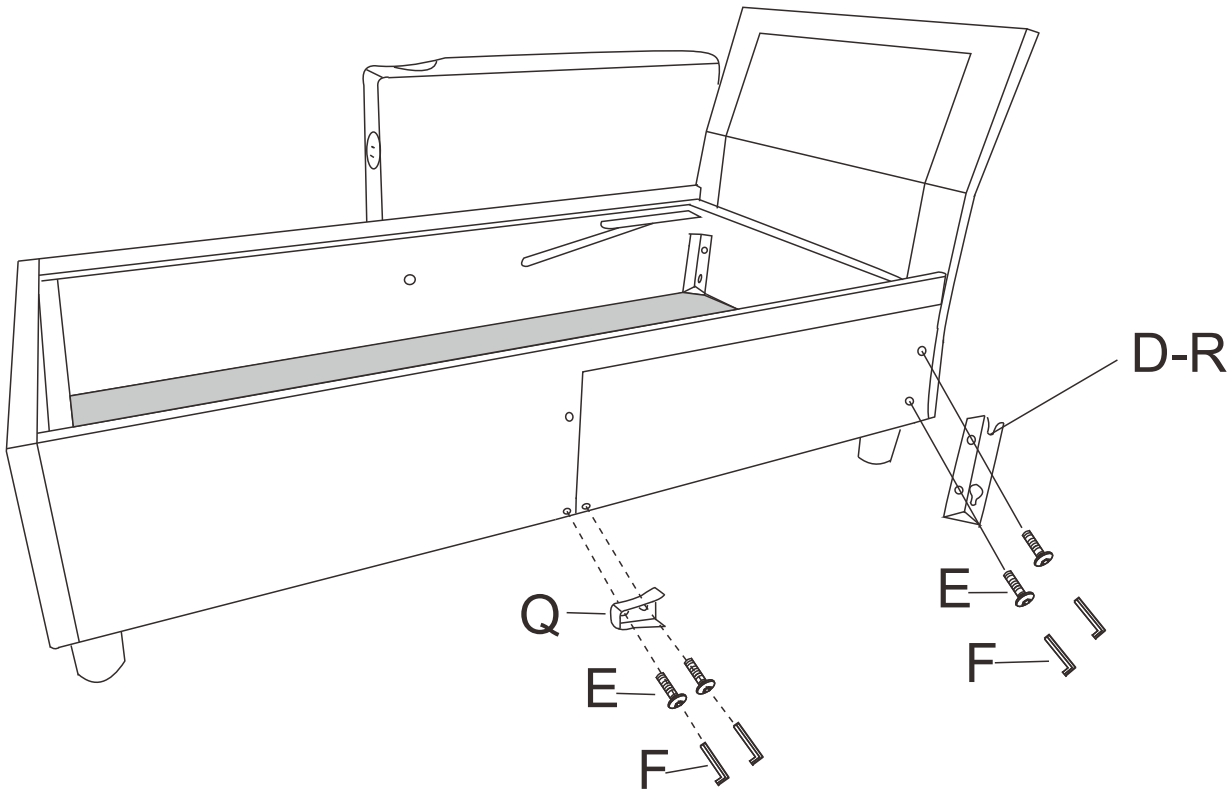

2 Persons Assistance is Needed.

When installing this part, you may encounter difficulty aligning the screws. We recommend having 2-3 people work together to align each screw hole and screw them in halfway. This will help with alignment. You can also use an electric torque gun for the last tightened. If you face any uncertainties during installation, we are here to help.

STEP9

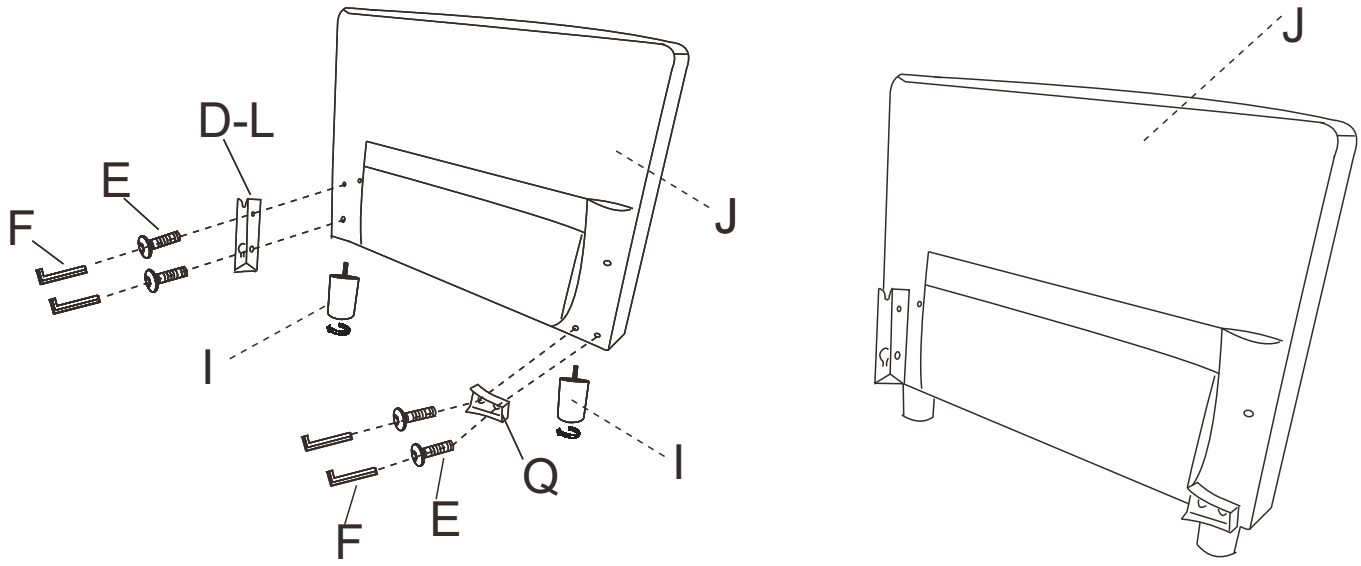

Please tighten the screws at the end.

E		X4

a		X10
X		X1
Y		X1
Z		X9

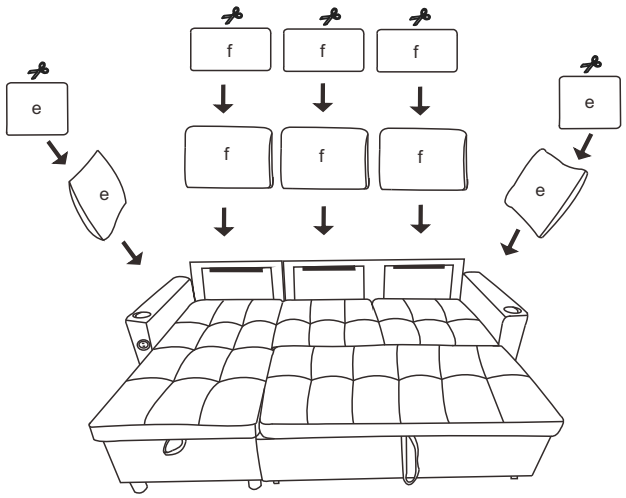

All the boards are placed in the middle of the iron frame and are centered.You can Fix it with screws(K) to the iron frame, and then stick the other side , arranging them evenly.

Please note that it is not that the planks are short, but that he is placedin the center.

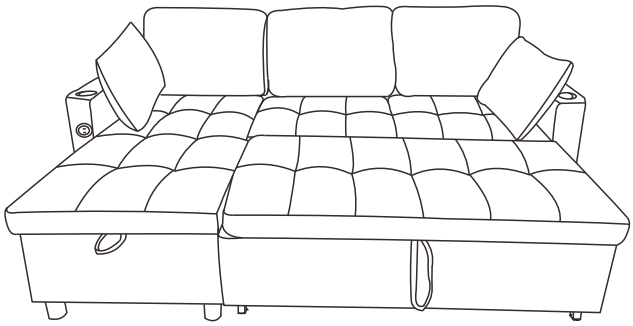

*If you use it and the planks are damaged, you can contact us and we will help you to replace this part for free under warranty.

STEP9

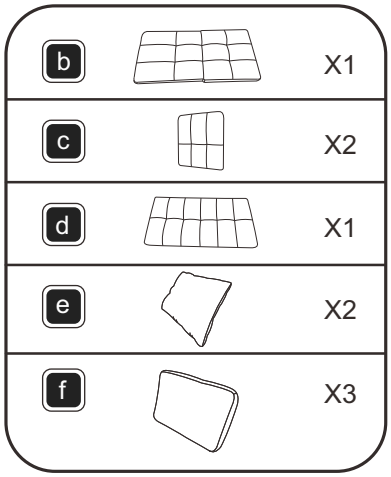

The product has compression parts,
we recommend that the compression must wait 72 hours to unfold, and it needs to be patted by hand.

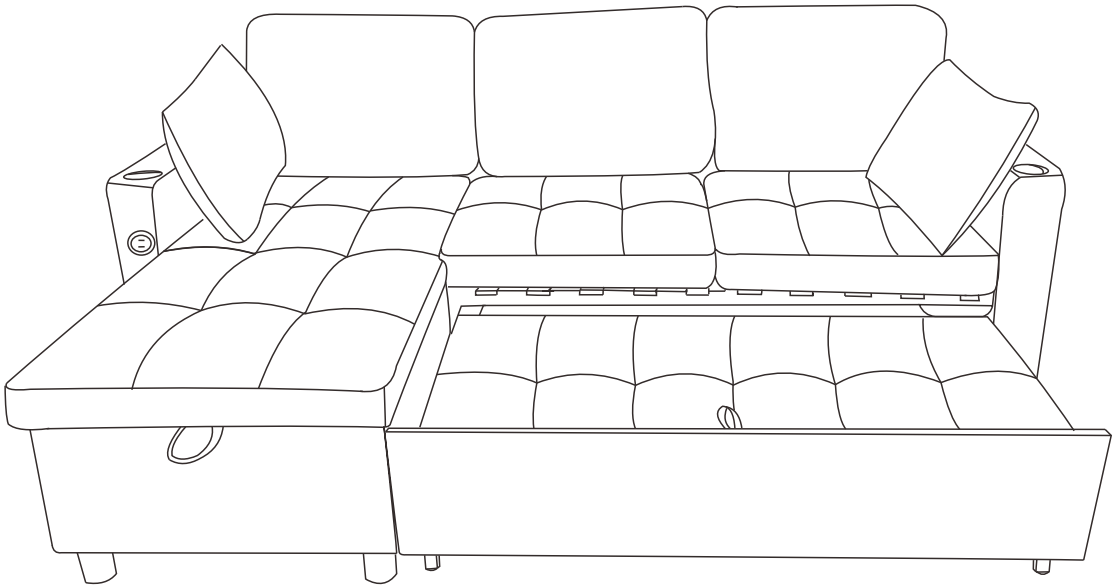

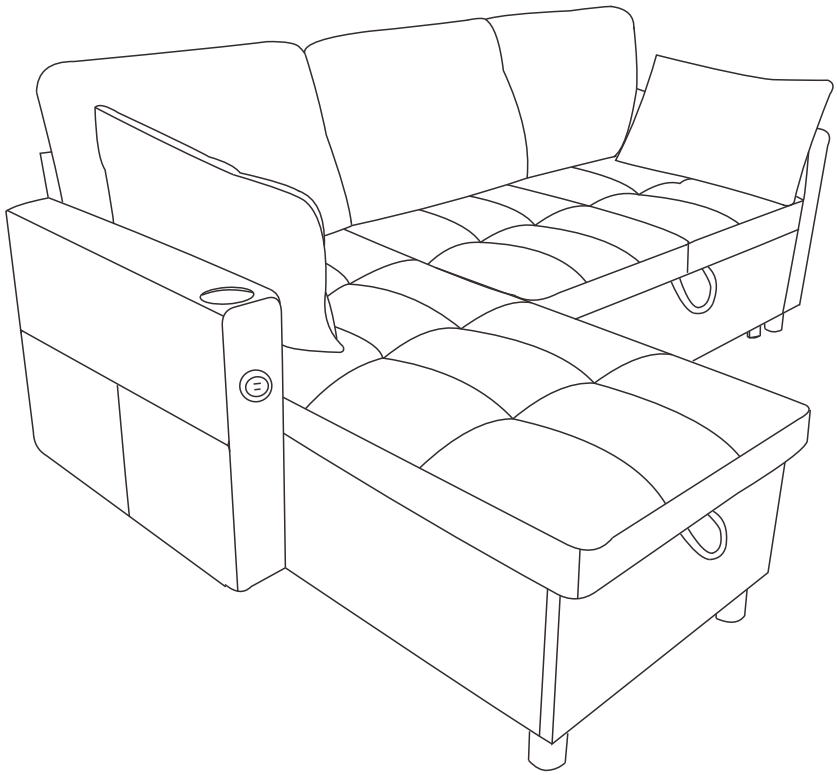

Attention

If you find that the seat cushions and back cushions haven't fully regained their fullness due to vacuum compression, we recommend tapping them gently and letting them sit for **72 hours.**

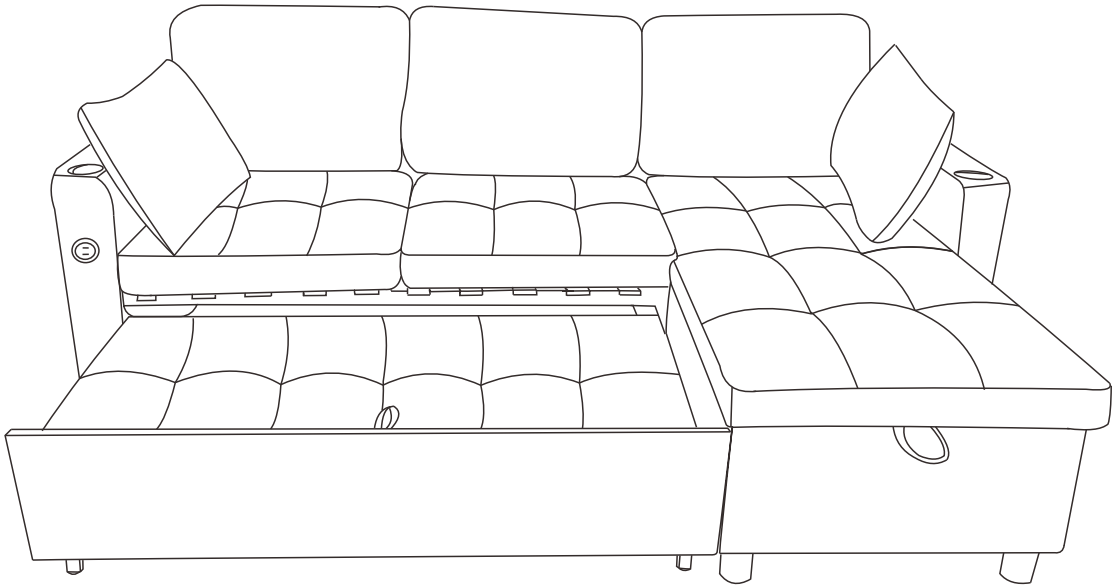

Right L-Shape Combination Sofa

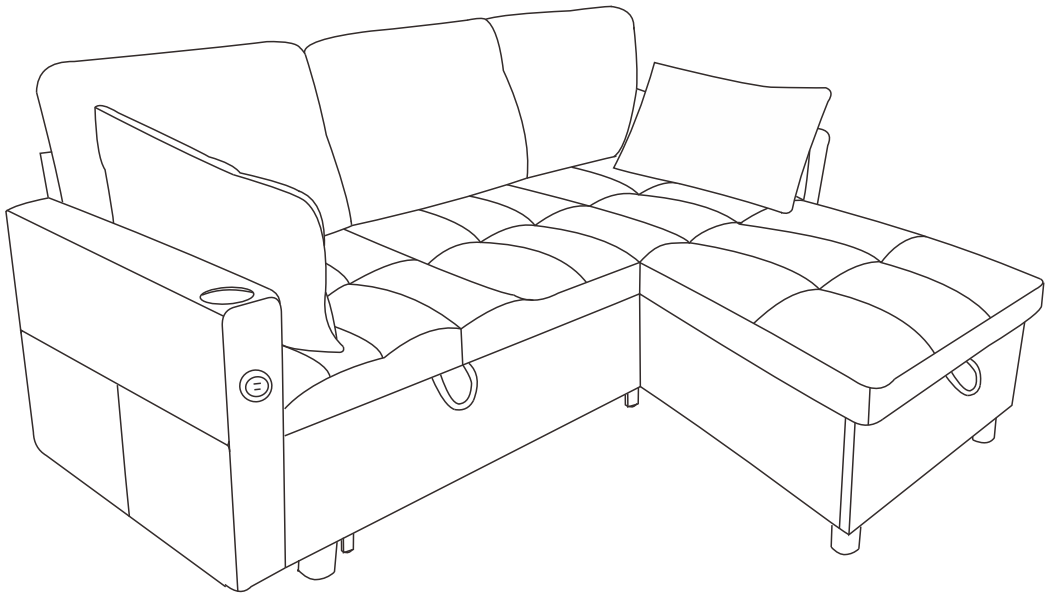

Built-in storage is easy to access and spacious enough to store blankets, pillows or anything you want.

Left L-Shape Combination Sofa

If you want to assemble the sofa as a left L-shaped sofa, make the corresponding changes in STEPS 2 of the installation of the Single Person Sofa Bed and SETPS 1, 3, 6, 7 of the Double Person Sofa.
