

Vynebar™
vertical wine rack

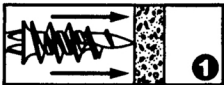

Installation Instructions

1. Use included drywall anchor and screw to install your Vynebar at any drywall location. (See Diagram Below). Do not over tighten plastic anchor.

Note - Included drywall anchor not recommended for wood or metal applications. Hard surfaces may require to pre-drill hole.

2. Leave metal screw out approximately 1/8" inch to allow Vynebar keyhole to properly install and hang. Tighten each screw until the Vynebar fit snug against the wall.

3. Start displaying your individual wine selections.

3/8" - 1/2"
