Important Use Information: We recommend the use of felt tabs and coasters to protect the stone surface. All stone tops, especially those around water should be sealed or polished before use and on a regular basis to keep the porous stone from absorbing any stains from water, soap, wine, colas, etc. Wipe up spills immediately, since any liquids allowed to seep in may not be able to be removed and may etch the surface, causing discoloration. Most home improvement stores have a wide range of products for these applications due to the sale of stone counter tops.
