**STEP1:**The legs,pillows and other assemble accessories put in the bottom of sofa, please open the zipper to find it.

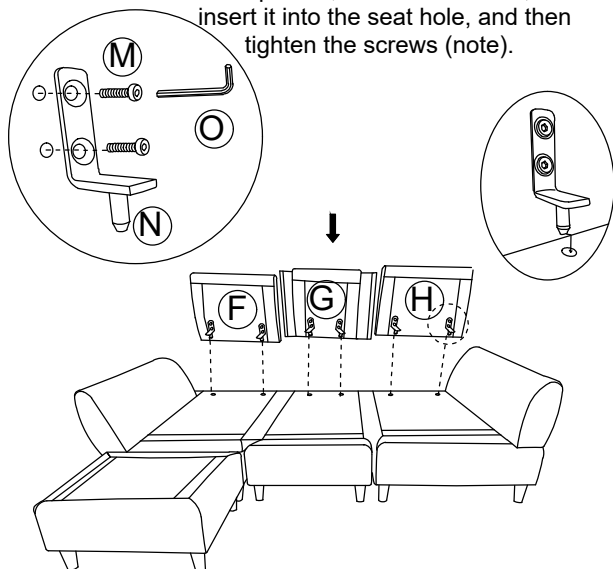

**STEP2:** Tear the protective paper off the felt and place it in the center of the foot. Screw the wooden foot clockwise into the embedded hole at the bottom of the sofa.

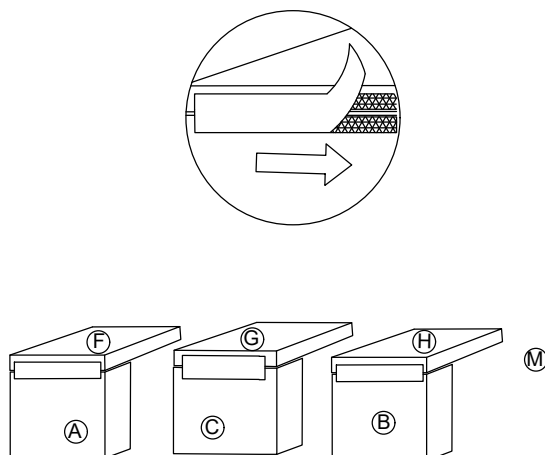

**STEP3:** The sofa body is connected with a hanging piece. Install the armrest on the side and secure it with the latch, paying attention to the left and right positions.

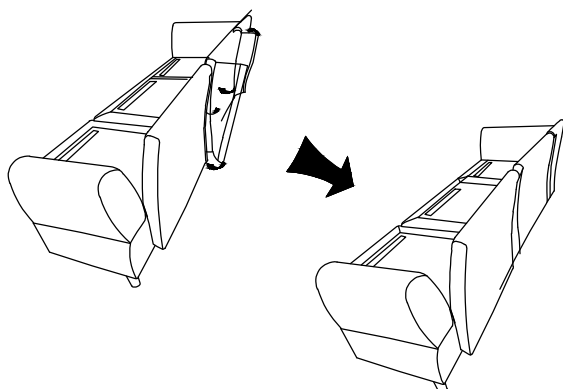

**STEP 4:** Install the N accessory on the backrest as shown in the picture, do not lock it first, then insert it into the seat hole, and then tighten the screws (note).

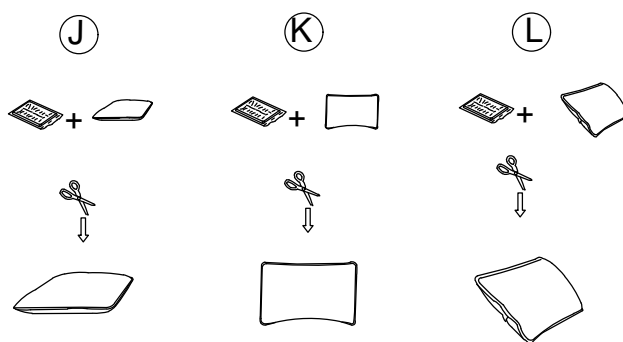

**STEP 5:** There are Velcro at the bottom of the backrest and seat, which are securely fastened

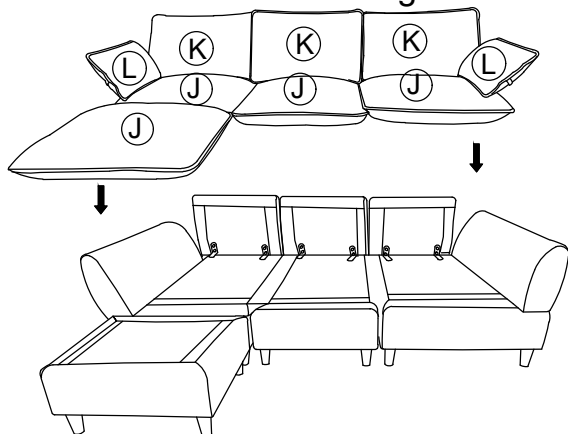

**STEP 6.** Stick the Velcro on the back of the backrest

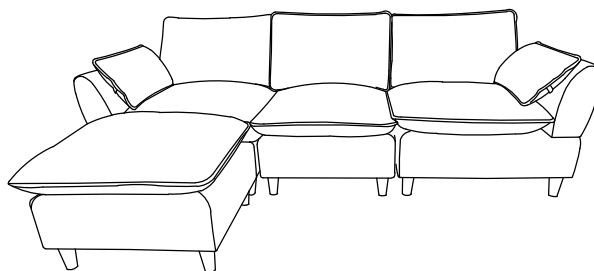

**STEP 7.** Cover all seat cushions and back cushions.

**STEP 8:** Tear the Velcro off the cushion. Put the seat bag, screen bag and armrest bag on the seat surface, as shown in the picture. Make the cushions and velcro stick together.

**Complete**
