

Care and Maintenance of Your ATTOP Stainless Steel Sink

- Clean regularly with normal detergent and warm water.
- Always make a habit of drying your sink after use and buffing with a soft cloth. This will ensure that no buildup of limescale or other mineral deposits can occur.
- Clean the sink once a week using a nonabrasive cleanser such as Comet and a clean soft sponge. Scrub in the same direction as the natural grain of the sink.
- **Never** let soap or other household cleaners to dry on the surface of the sink. Most products contain additives which will affect the finish of the sink.
- **Never** use bleach solutions on the sink, as it is harmful to stainless steel. If left on the sink too long it can cause surface pitting.
- **Never** use a steel wool pad to clean your sink. Doing so may damage the sink's surface and cause discoloration.
- Minor scratching of the sink's surface is extremely difficult to avoid and is not something to be unduly concerned about. These marks are usually only superficial and can be removed with a proprietary stainless steel cleaner.
- Use of rinse grids will reduce exposure of the bottom of the sink to scratches.

ATTOP LIMITED LIFETIME WARRANTY

This product has been manufactured and inspected to the highest possible quality standards. ATTOP sinks carry a limited lifetime warranty for residential use.

Should you experience any defects in materials or workmanship within the warranty period, we will repair or replace the defective product, subject to the following conditions:

- Our obligation under this warranty is to the original purchaser only, and may not be transferred.
- Product replacement does not include shipping costs or labor installation costs.
- This warranty applies to residential installations only.
- ATTOP reserves the right to examine product in question and its installation prior to replacement.
- If an identical replacement product is not available, ATTOP reserves the right to replace the defective product with a similar product.

NOTE: Accessories such as rinse grids and strainers are not covered by this warranty.

This warranty relates to defects in manufacture, materials or workmanship in a ATTOP stainless steel kitchen sink supplied for installation into domestic premises in the United States. It does not extend to:

- Damage resulting from failure to maintain the product in accordance with the *Care and Maintenance* instructions in this manual.
- Normal wear and tear, scratches or accidental damage.
- Faults arising from improper use and/or installation.
- Defects in accessories, strainers and rinse grids.

All incidental or consequential damages are specifically excluded. No additional warranties, express or implied are given, including but not limited to, any implied warranty of merchantability or fitness for a particular purpose.

When requesting warranty service, you will need to provide:

- (1) a dated, valid proof of purchase.
- (2) a photograph and description of the problem
