

# User Manual

## Solar motion sensor light

Thank you for purchasing Motion Sensor Wall Light. Please read this Manual carefully.

### Features

- Motion sensor automatically turns the light on/off
- Energy saving, low power LED light
- Built-in lithium battery rechargeable by solar power
- Up to 12 hours of working time with a single charge
- Sunlight sensitive, only works at night or in low light conditions
- Easy installation, no wiring required

**INTELLIGENT SAFETY  
LED SENSOR  
LIGHT**

### Packing Content

- 1 Motion Sensor Light
- 1 × Mounting Accessories kit (include 1 screw, 1 Sleeve and 1 pin key)
- 1 × User Manual

### Operation Instructions:

#### 1.Unlock and activate the solar light

The internal battery is locked from factory for safety shipment, so users have to use supplied Key pin to click the "on/off" Switch hole and unlock the battery and lighting system.

#### 2.How to Install the device

Please use the supplied Expansion pillar-hinge and screws to mount the device on Pole or wall anywhere outside you want for lighting.

#### 3.Charging via solar panel

Please install the unit face south and make sure the solar panel can get the good sunlight directly without any shelter or glass.

Normally it can be fully charged in one day under ideal bright sunlight.

#### 4.Motion Sensor

The light will turn on when motion is detected within 3 feet of the light.
