

ASSEMBLY GUIDE

Important - Please read these instructions fully before starting assembly

**SAFETY AND
CARE ADVICE**

NO POWER TOOLS

SAFETY AND CARE ADVICE

- Check you have all the components and tools listed.
- Remove all fittings from the plastic bags and separate them into their groups.
- We do not recommend the use of power drills/drivers for inserting screws, as this could damage the unit. Only use hand screwdrivers and Allen keys.
- Keep children and animals away from the work area, small parts could cause choking if swallowed.
- Make sure you have enough space to lay out the parts before starting.
- Assemble the item as close to its final position (in the same room) as possible.
- Do not overtighten the nuts to avoid causing damage to the threads.
- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.
- From time to time check that there are no loose screws on this unit
- This product should not be discarded with household waste. Take to your local authority waste disposal centre

IMPORTANT INFORMATION

30 MINUTE
BUILD

ONE
PERSON

MAXIMUM
CAPACITY
120Kg

PLEASE CHECK CAREFULLY AND MAKE SURE YOU HAVE ALL FITTINGS AND TOOLS LISTED BELOW BEFORE YOU START.

NOTE: The quantities above are the correct amount to complete the assembly for 2x chairs. In some cases more fittings may be supplied than are required.

STEP 1

Use a clean, flat, soft surface to avoid any bumps or scratches.

First, attach the seat back to the chair frame. Align the pre-drilled holes and secure using 4x bolts [A]. Tighten with Allen key [D].

STEP 2

Flip the chair over to attach the chair seat pad - you may find it helpful to use the corner of a table to assist. Align the pre-drilled holes and secure using 1x washer [C] + 1x spring washer [F] + 1x bolt [B] for each hole (4 in total). Tighten with Allen key [E].

STEP 3

Stand chair on its feet and check stability. Your new chair is ready to use!
