Fan rotates in reverse

Turn off automatically after 2-hour countdown

Fan speed, 1 is the weakest, 6 is the strongest

Nature wind

Fan OFF

Turn off automatically after 1-hour countdown

The remote control indicator light is blue

APP usage instructions

Important safety instructions

Caution!

- 1.To avoid possible electric shock, make sure the power supply of box or circuit breaker is shut off before wiring.
- 2.All wiring must be carried out under national and local specifications. Please consult a qualified electrician to ensure that the live, neutral, and ground wires are connected correctly.
- 3.If you do not have sufficient knowledge of electrical wiring, please have the fan installed by a licensed electrician.
- 4.The ceiling fan light mounting carrier is solid and can reliably support at least 66 lbs(30kg).
- 5.Mount the lowest moving parts at least 7.5ft(2.3m) above the floor or ground level.
- 6.Ensure that all electrical connections are sealed with appropriate connectors and electrical tape in the outlet box.
7. All set screws must be checked and re-tightened if necessary before operating the ceiling fan.

Remote control operation

This manual aims to make it as easy as possible for you to assemble, install, operate and maintain the ceiling fan. The tools listed below are required for assembly and installation.

Star-head Screwdriver	
Wire-stripping Pliers	
Stepladder	
Electrical Tape	

Maintenance

Som connections may become loose due to the nayural movement of the fan. Check the support connections,brackets,and blade accseeories twice a year.Please make sure they are safe.

Care and cleaning

- 1、Dust your fan regularly with a soft, dry cloth. Do not use harsh cleaners or materials as they may damage the device.
- 2、To prevent bending of the blades during Cleaning, support the blades from pressure.
- 3、Keep the ceiling fan or fan blades clear of water, or it may cause a fire or electric shock, which leads to property loss.

Specifications

Product Name	Ceiling Fan Light	Item Size	19.7in*5.7in
Input Voltage	120V	LED	30-60W
Dimensions	10*10ft-13*13ft	Valid Remote Distance	10M
Battery Type	AAA*2	Rotating Speed(rpm)	503-853r/min
Reversible	Yes	Fan Timing	1H/2H
