

LED Table Lamp

User Manual

Made in China

Parameter Information

Product Name:	LED Table Lamp
Main Material:	Metal and Fabric
Switch Type:	Touch and Remote Control
Rated Input:	5V/2A
Rated Power:	1.5W
CRI:	≥80
Color Temperature:	2700K
Battery Capacity:	4000mAh

About Charging

After plugging the charging cable into the charger, connect the other end to the table lamp’s Type-C charging port. During charging, the red light remains on and the process takes approximately 4-6 hours. Once fully charged, the green light illuminates. It provides about 8 hours of use at maximum brightness and over 24 hours in the lowest brightness setting. (A USB Type-C charging cable is included in the package; the power adapter is not included.)

Precautions

- 1. **Note: please use the charging cable we provided. Other aabmight not be compatible and could cause charging to fail.**
- 2. Do not dispose of this product as household waste. Follow local regulations for the disposal of electronic products.
- 3. The operating temperature range is -15°C to 50°C.
- 4. Charge the product regularly to avoid completely draining the battery before recharging.
- 5. When cleaning the lamp surface, use a soft, dry cotton cloth to prevent scratches.
- 6. Do not use abrasive or corrosive cleaners on the lamp surface, as they may damage the finish.

Installation Steps

Product Description

About Dimming

Dimming function: Short-press the touch button to power the table lamp on/off. Long-press the touch button during operation to smoothly adjust brightness from 5% to 100%. Portability: Featuring a cordless design with built-in battery, this lamp is ideal for bedrooms, studies, restaurants, bars, and outdoor camping scenarios.
