

ADDISON ACCENT TABLE

DC2016

Cognac Leather

Dia: 16.00 IN

Who knew that leather and metal could make such a refined pairing? Bi-tonal finished brass forms the structure; the top has a brushed finish while the adjustable stem and accents have an antiqued golden hue. Taking a cue from fashion houses Celerie designed the cognac leather wraps to feature exposed stitching that celebrates craftsmanship.

CONTRACT: Contract Recommendations: Adding a lacquer coating provides additional protection
