

## ASSEMBLY INSTRUCTIONS

1. Carefully unpack and indentify all parts.
2. Screw poles together carefully stripping threads may void your warranty.
3. Do not use a wattage bulb higher than 100 watts, as noted on socket (100W A type bulb or use 23W CFL type bulb)
4. Connect plug to outlet, turn on lamp and enjoy.

### IMPORTANT SAFTY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.
