

## MCKINLEY CONSOLE

2240  
Blackened Iron  
H: 34.5 IN  
W: 62 IN  
D: 17 IN

Geometric angles, super sleek lines and a deep ebony finish make this a standout console. The light catches angled planes to reveal a tapered design from outside in, with asymmetrical legs that lend a contemporary edge. The blackened iron finish, almost mesmerizing, is a chemical reaction finish that not only gives it a moody side, but also keeps the table from corrosion. This is a statement piece for almost any space.

SHIPPING REQUIREMENTS: TruckShip

CONTRACT: Contract Recommendations: Adding a lacquer coating provides additional protection

Alternate Sizes: 6842
