The Anderson Battery Lamp is a versatile and elegant lighting solution designed for modern living. Featuring a sleek, minimalist design, this lamp is equipped with a dimmable LED light that allows you to set the perfect ambiance, whether for reading, working, or relaxing. Its rechargeable battery provides convenient, cordless operation, making it easy to move and place anywhere in your home. The brushed brass finish adds a touch of sophistication, while the crisp white shade diffuses light evenly for a warm, inviting glow. (2700 kelvin)
