②		Flat Washer	18+2
③		Caster	2
④		Brake Caster	2
⑤		L-type Hexagon Wrench	1
⑥		Bolt (M6*20mm)	8+1

Assembly Preparation

Before Beginning Assembly:

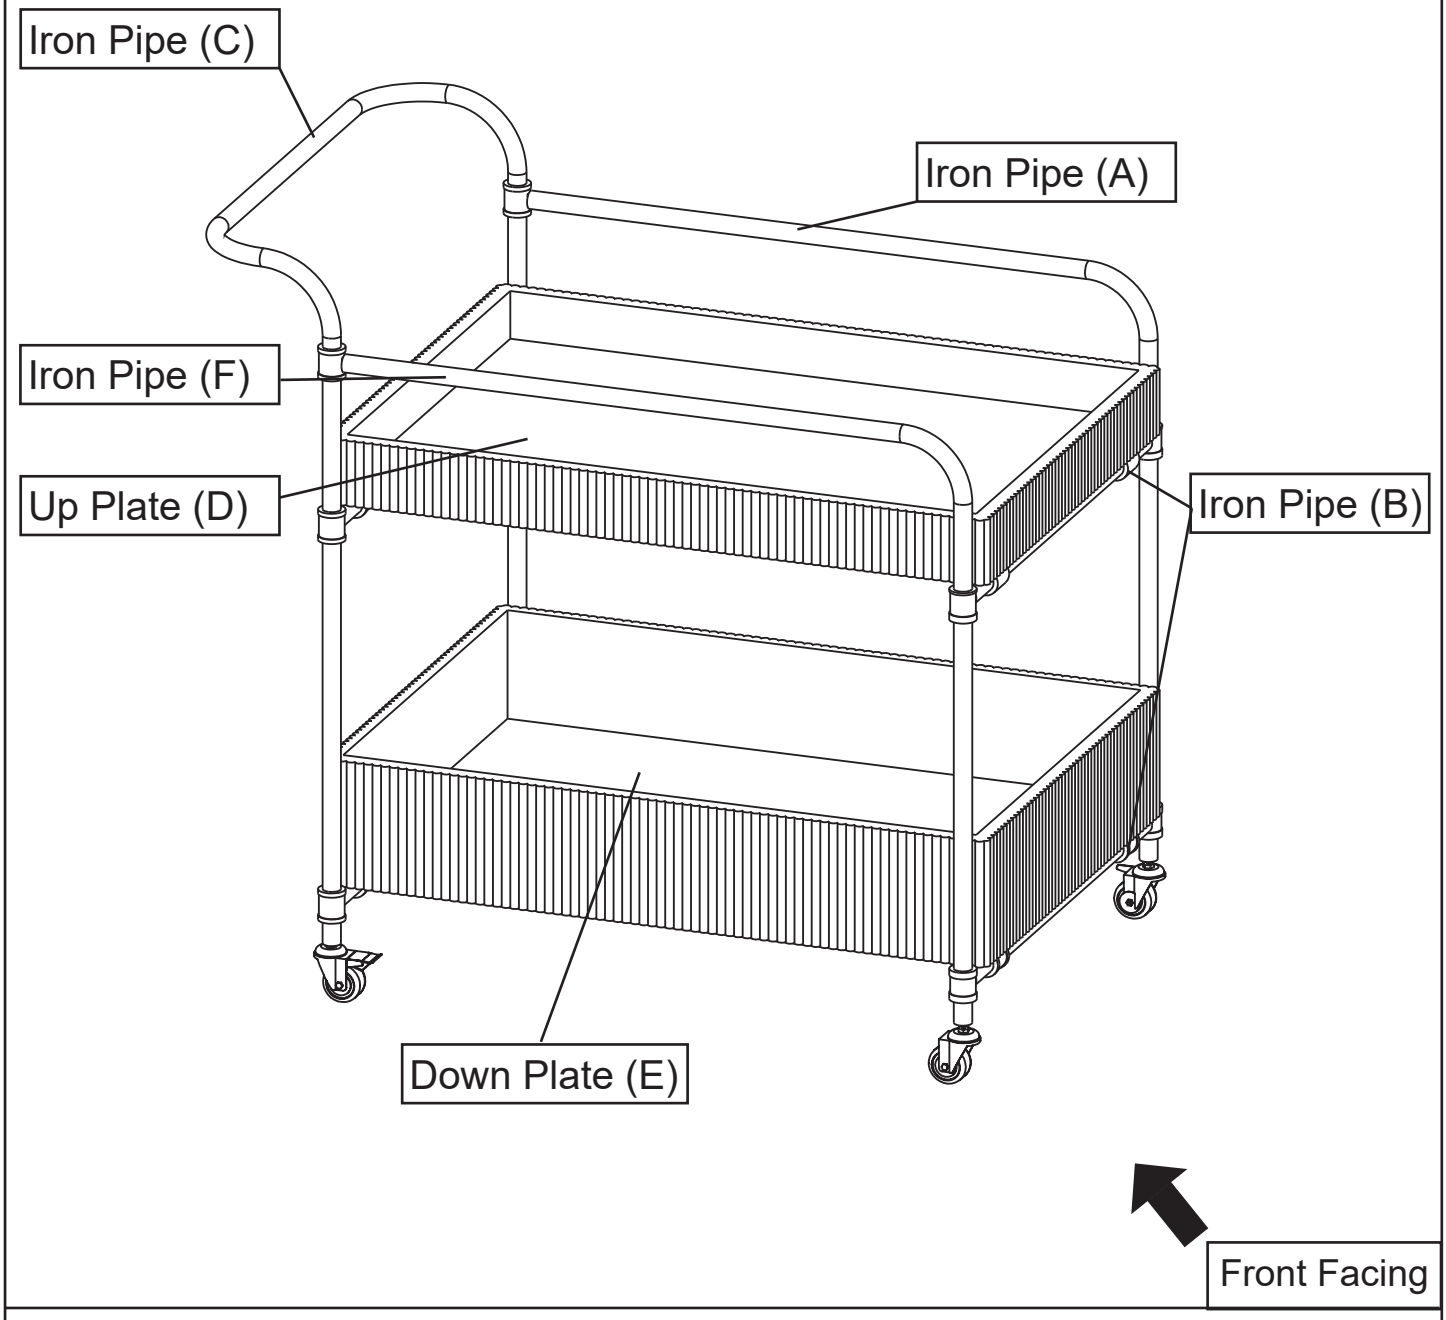

① x11 ② x20 ③ x2 ④ x2 ⑤ x1 ⑥ x9

- Read instructions,cover to cover-
- Have 2 adults on hand for assembly-
- Do not assemble on flooring or carpet-
- Assemble on a clean non-marring surface (packing foam)-
- Save all packaging until finished-

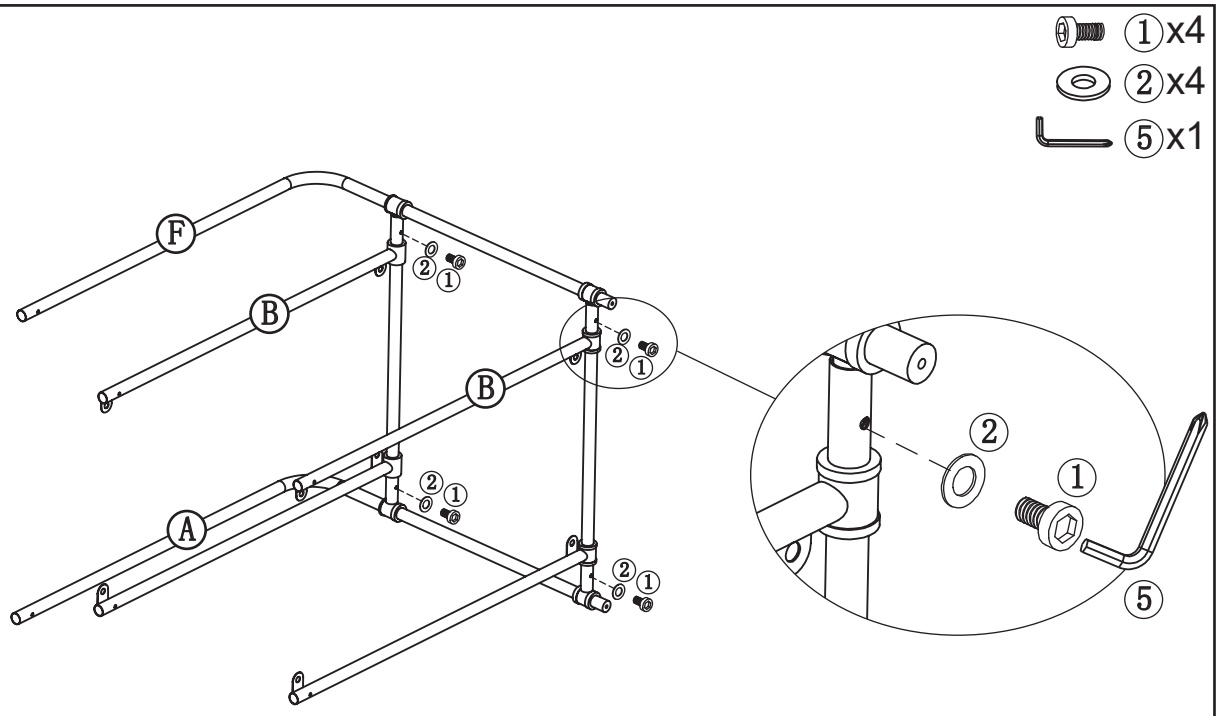

Assembly Steps

Overview

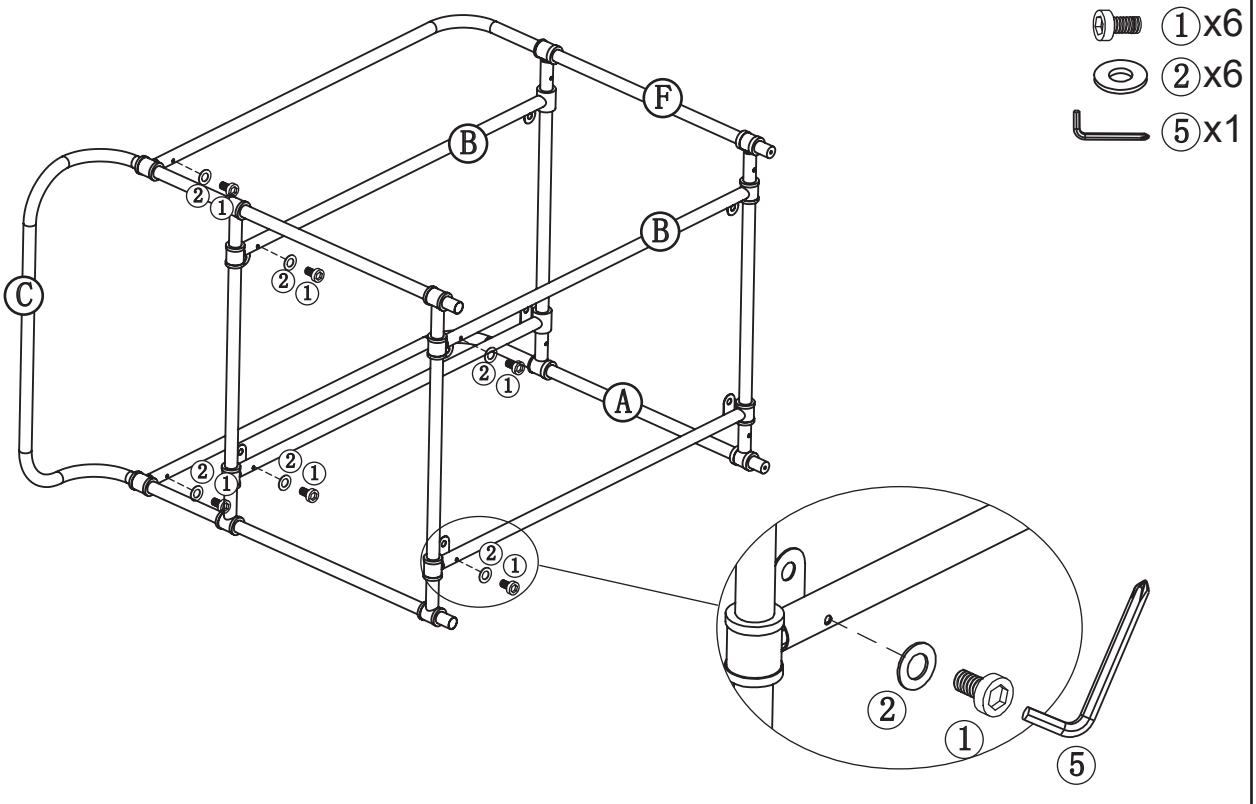

This Dining Bar Cart has multiple parts and may require up to 30 minutes to assemble. To give youan overview of the Dining Bar Cart parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

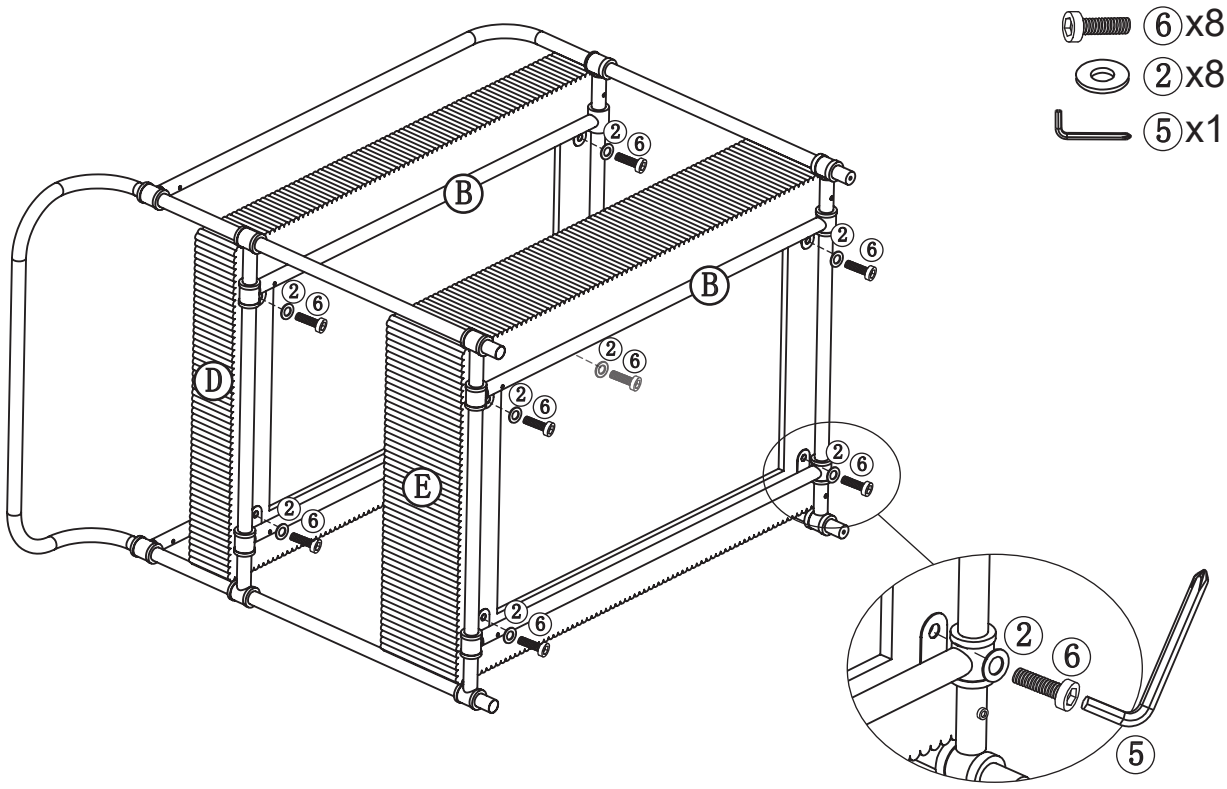

Attach the Iron Pipe(A,F) to the Iron Pipe(B) with Bolt(①) and Flat Washer(②) using L-type Hexagon Wrench(⑤).

Step 2

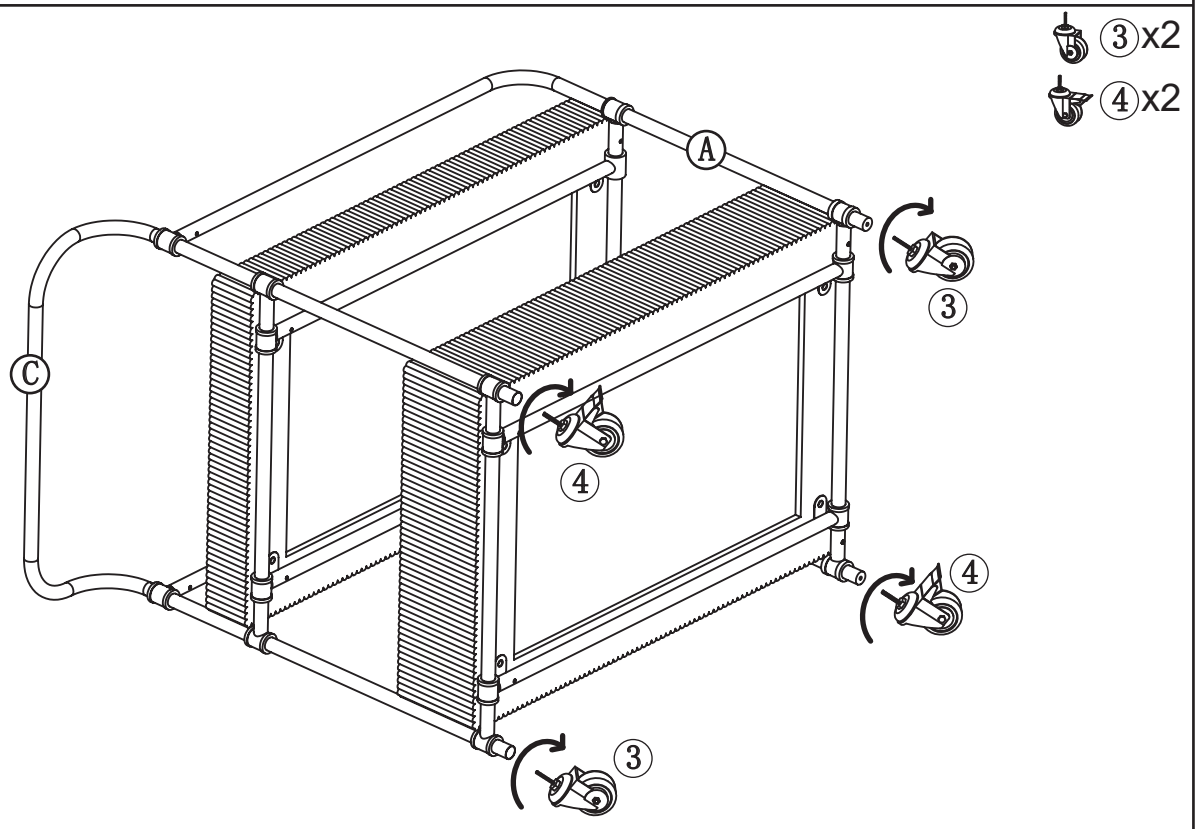

Attach the Iron Pipe(C) to the Iron Pipe(A,B,F) with Bolt(①) and Flat Washer(②) using L-type Hexagon Wrench(⑤).

Step 3

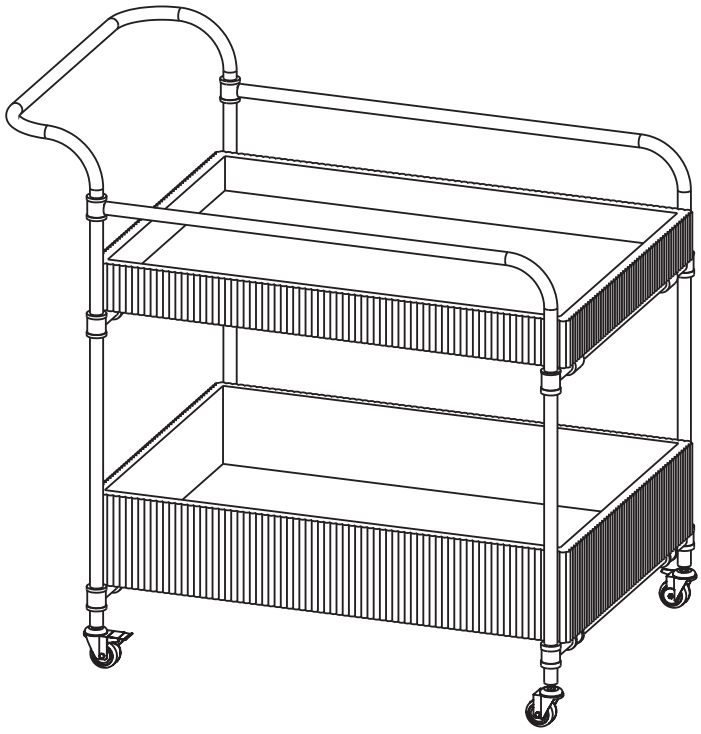

Attach the Iron Pipe(B) to the Up Plate(D) and the Down Plate(E) with Bolt(⑥) and Flat Washer(②) using L-type Hexagon Wrench(⑤).

Step 4

Please install the Caster(③) and the Brake Caster(④) to the Iron Pipe(A,C).

Step 5

Your dining bar cart is ready for use.

Questions & Answers about Proposition 65

• What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals. Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water. Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987. • What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

• What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals. By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

• Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
