OPERATING INSTRUCTIONS FOR TASK & TASK+ MECHANISM

1. Seat/Back Tilt Adjustment Lock Knob

To lock the tilt adjustment to the desired position, turn the handle clockwise. To unlock the tilt adjustment, turn the knob counterclockwise, press the rear of your body against the seatback, and then lean forward to unlock it.

2. Seat/Back Tilt Adjustment Lock Knob

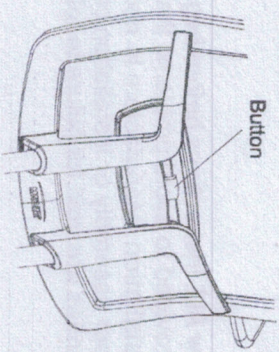

To raise the seat, press down on the lever and then raise your body slightly upward to raise the chair to the desired height. To lower the seat height, continue to press down on the lever, keeping your body weight on the seat.

OPERATING INSTRUCTIONS FOR LUMBAR SUPPORT.

1. Lumbar Adjustment.

Press button down and ratchet the lumbar upward or downward to the desired height.
