

The Northern Cedar Collection

*Pot included on
FFNC050-5GR only*

The 5-ft. Northern Cedar Teardrop artificial Christmas tree features lifelike evergreen foliage and all-metal, hinged branch construction. The manufacturer produces the most realistic trees on the market, featuring the look of a natural tree and all the long-term benefits that come with owning an artificial tree. The tree needles, constructed out of non-allergenic and flame-retardant materials, are painted multiple hues of green so no two are exactly alike. The EZ Connect feature makes assembly a breeze by auto locking each tier securely into place. Leave your old tangled string lights behind this year. Simply unfold out of storage, fluff and decorate! This model is prestrung with 300 multi-colored LED bulbs that feature 8 light modes and a bonus sound-activated feature that enables the tree to react to the beat of your favorite holiday soundtrack. No propriety app required. Simply place the speaker beside the control box and set to music mode with the green light shining. Then simply let the Jingle Bells ring out and enjoy the show!

- Metal, hinged branch construction
- Flame-retardant and non-allergenic materials
- Multi-colored light model features sound-activated light show, plus 8 other light functions

LIGHTING OPTIONS FOR PRE-LIT MODELS

Eliminate the frustration of untangling your tree's string lights each year. We offer a variety of pre-lit models that includes a system of lights that are already prestrung, evenly distributed and bound to frame. Each option offers a variety of color, bulb types and displays for you to choose from.

CLEAR SMART LIGHTING

Includes a system of classic clear bulbs that will remain lit even if one burns out. Each bulb projects a brighter light and further accentuates the tree as well as all ornaments placed around it

CLEAR LED LIGHTING

Produces a clear timeless display and operate off low voltage power. The LED bulbs are long lasting so you won't have to worry about replacing them each year

MULTI-COLOR LED LIGHTING

The multi-color LED lights offer the most variety on how your tree lights up. You have the option of choosing one color, multiple colors or the classic clear display to light up your tree

ACCESSORIES INCLUDED WITH ALL MULTI-COLOR MODELS

All multi-color lit models include a wireless remote control and convenient foot remote connected to the power cord. Both allow you to control your tree's display by alternating colors and patterns at the touch of a button

Multi-color trees also feature a sound-activated light show option that enables the tree to react to the beat of your favorite holiday soundtrack. No proprietary app required. Simply place the speaker beside the control box and set to music mode with the green light shining. Then simply let the Jingle Bells ring out and enjoy the show!
