Care and Use

Stellar Art Deco Coffee Makers are engineered from premium grade stainless steel and are fitted with Filters that will last a lifetime.

Before first use, wash all items in hot soapy water and rinse.

Rinse after every use.

Please refer to the photograph -

1. Fill the '**BASE**' with water up to a level just below the '**VALVE**' (see photograph on back page).
2. Place '**COFFEE CONTAINER**' into base and fill with fine ground Espresso coffee.
3. Lightly press the coffee down with the '**TAMPING DISK**'.
4. After ensuring the '**TAMPING DISK**' is removed, screw fit '**BASE**' onto '**TOP JUG**' and take to the hob.
5. Place the Coffee Maker on a medium heat. After a few minutes, listen for your Espresso coffee transferring under pressure to the '**TOP JUG**'.
6. Remove from heat and pour when this process has finished.

Spare gaskets are available - 2 cup (SM50G), 4 cup (SM51G), 6 cup (SM52G)
