Components Included

1 Top
4 1-inch leg segments
4 2-inch leg segments
8 4-inch leg segments
4 Feet

Directions

The Stand Steady Titan Monitor Stand adjusts in height from approximately 2 inches to approximately 12 ½ inches. Weight limit is 40 pounds.

The leg segments all screw into each other. Use as many leg segments as necessary to reach your comfortable working height for your monitor or monitors. The feet are the last component on each leg. If the monitor stand is not sitting flat on the desk, adjust the lower legs to remove any rocking.

If you have any problems with your product, please contact us immediately so that we can resolve the issue. We can be reached Mon-Fri 9am-5pm EST at 703-688-DESK(3375) or customerservice@standsteady.com.
