ASSEMBLE STEPS

Overview

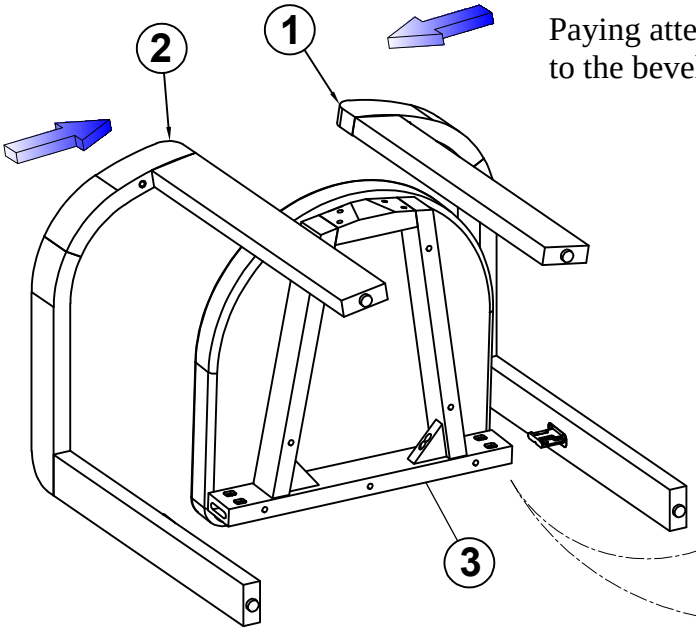

This chair has multiple parts and may require up to 30 minutes to assemble.
To give you an overview of the chair parts, the above picture is to help you put the various parts into perspective.Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1:

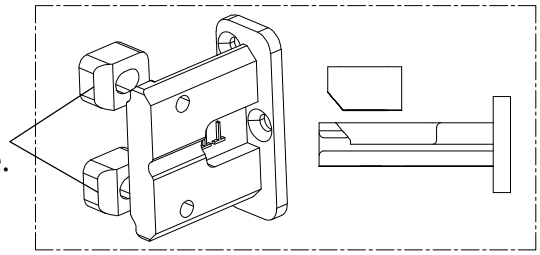

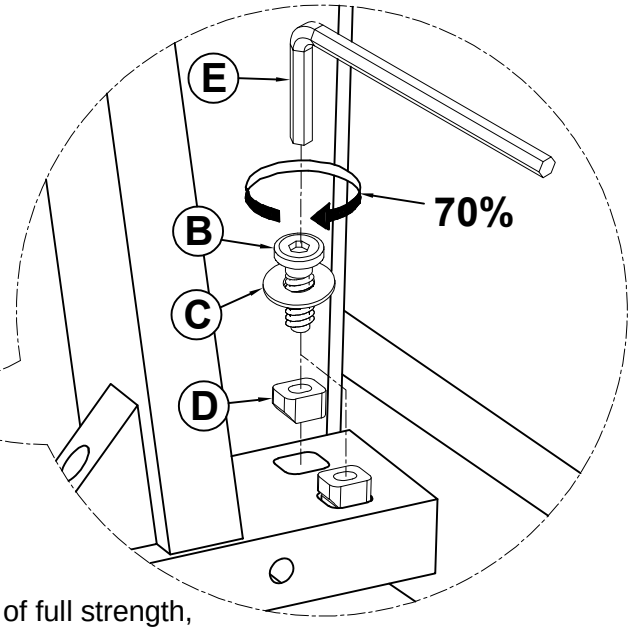

Unpack and place all back on the clean , non- marring surface.

Step 2:

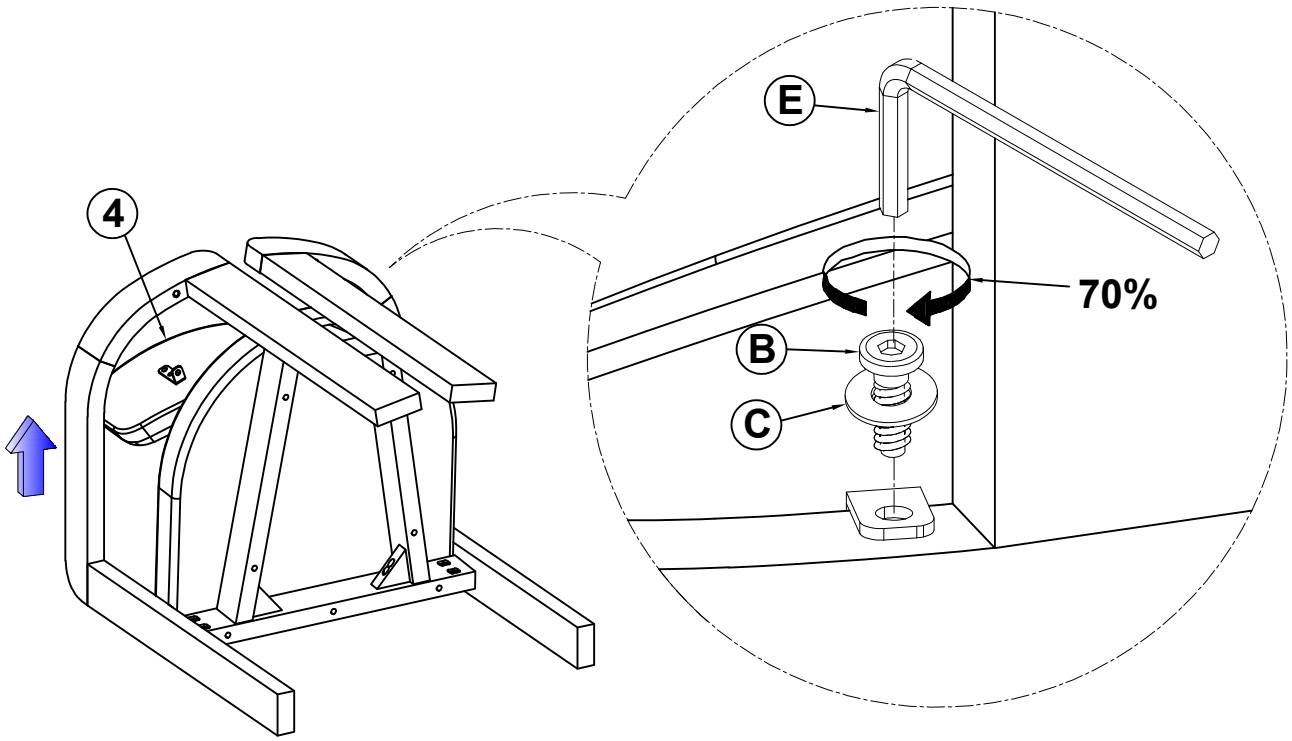

Paying attention
to the beveled side.

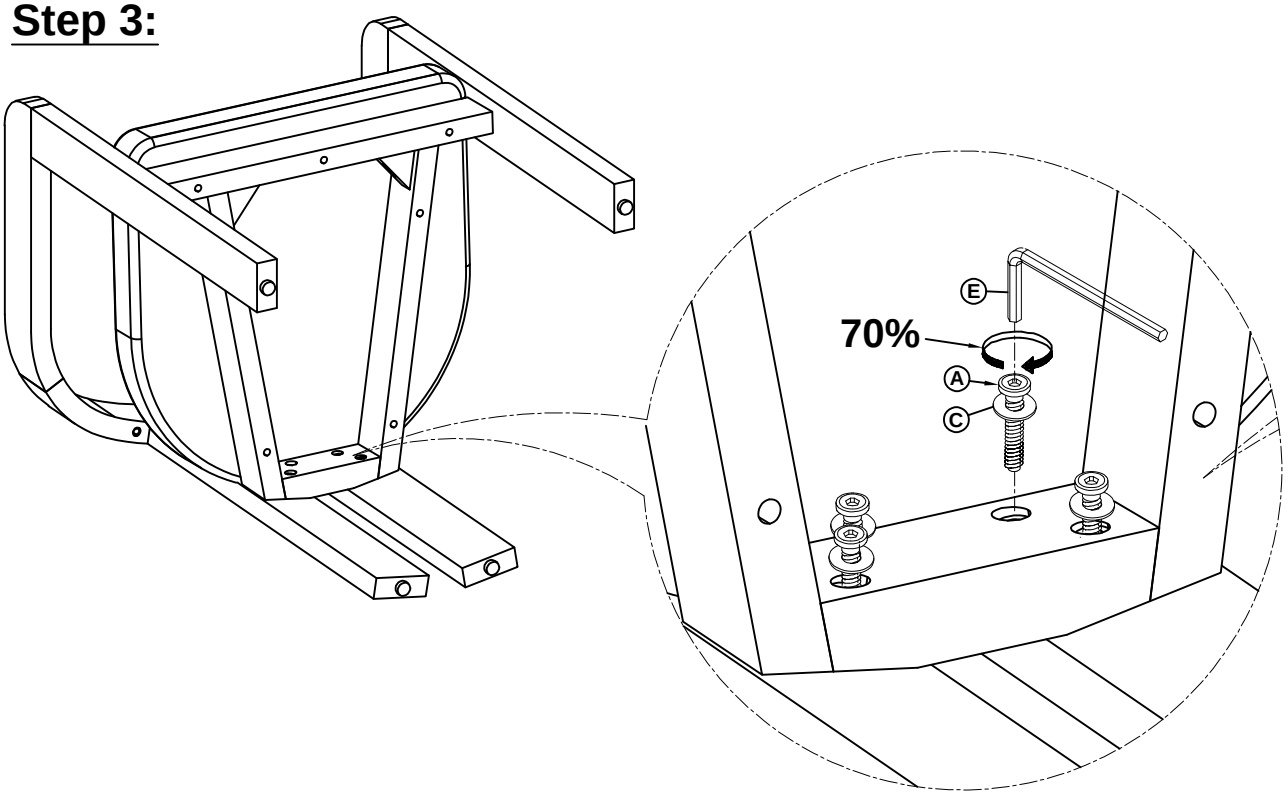

Do not fully tighten the bolts at the beginning.
During initial assembly, tighten bolts to about 70–80% of full strength, just enough to hold the parts in place.

Step 3:

Step 3:

Once the entire product is assembled and properly aligned,
go back and tighten all bolts to 100% to ensure stability and durability.

Step 4:
