1*Remote Control
1*English Installation Instruction
All Accessories for Assembly

Notes

1. Luminaire brightness is subjective, generally depending on the light source wattage.
2. During unpacking, there may be bending of the suspension wire, which is normal. After installation, it will slowly recover. Please rest assured of installation.
3. Please note that the dimming function of this product only supports remote control, and the wall switch does not have this function.
4. Please install this chandelier on a flat ceiling. It may not apply to arched ceilings.
5. Please cut off the electric power before installing or cleaning the pendant light. And we recommend that the chandelier be installed by a professional.
6. Please do not touch the lampshade when the fixture is turned on or look directly at the light. Please keep flammable materials away from this product.
7. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before you order.
