Product Description: A classic yet chic chair like the Sanctuary Windsor Side Chair elevates every meal to a special occasion or encourages your guests to linger longer when you use it for an accent chair in the family room or bedroom. Crafted of hardwood solids and veneers, the chair is finished in Ebony, a hand-rubbed black with drama and contrast.

Collection Features: Pursue serenity at home. Create your own personal sanctuary, a special place where you can experience comfort within.

Status: Active

Finish: Ebony - a hand-rubbed black to provide drama and contrast. Distressing includes chopping, worm holes and rub-through.

Features: N/A

Material: Hardwoods with Veneers

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture

construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
